CENSURES THEM

SENATE PUNISHES TILLMAN AND M'LAURIN.

NEITHER MEMBER SUSPENDED

COMMITTEE MUCH DIVIDED ON THE MATTER.

MAJORITY REPORT ADOPTED

THE DAY'S PROCEEDINGS IN THE HOUSE.

Washington, Feb. 28.—The senate today disposed of the Tillman-McLaurin episode by adopting a resolution censuring both senators from South Carolina for offensive conduct February 22 in the senate chamber and declaring that neither is now in contempt of the senate.

When the senate was called to order a notably large attendance of senators was on the floor and the galleries were thronged. Both Senators McLaurin and Tillman, of South Carolina, were in their seats. Great interest was manifested by senators on the floor and by spectators in the galleries in the reading of the journal, which contained the protest of Mr. Tillman against not being permitted to vote while under the ban of the senate's order of contempt.

Mr. Burrows, of Michigan, chairman of the committee on privileges and elections, immediately after the journal was approved, addressing the chair, said that by direction of the committee he was instructed to make a report upon the controversy arising out of the personal altercation on the floor of the senate between Senator Tillman and Senator McLaurin.

THE RESOLUTION.

By order of the senate the subject had been referred to the committee on privileges and elections and the following report had been formulat-

That it is the judgment of the senate that the senators from South Carolina, Benjamin R. Tillman and John L. McLaurin, for disorderly behavior and flagrant violation of the rules of the senate during the open session of the senate on the 22d day of February, instant, deserve the censure of the senate and they are hereby so censured for their breach of the privileges and dignity of this body; and from and after the adoption of this resolution the order adjudging them in contempt of the senate shall be no longer in force and effect.

After the reading of the resolution by the clerk, Mr. Burrows presented the report of the majority of the committee, saying in that connection, it was understood that those members of the committee who did not agree with the majority should have opportunity to present their views.

Mr. McComas, of Maryland, said he would submit the views of the minority.

The report of the majority was then read.

THE MAJORITY REPORT.

The report recited the history of the altercation in the senate and quoted the language then used by the offenders. All agreed to this statement. The report then continued as follows:

That the conduct of the two senators was an infringement of the privileges of the senate, a violation of its rules and derogatory to its high character, tending to bring the body itself into public contempt cannot be questioned or denied. Indeed, the senate by a unanimous vote has already placed on record its condemnation of the senators by declaring both guilty of contempt. The majority of the committee are of the opinion that the legal effect of adjudging these senators in contempt of the senate was to suspend their functions as senators and that such a punishment for disorderly behavior is clearly within the power of the senate, but the conclusion they have reached makes it unnecessary to discuss this question. The offenses committed by the two senators were not, in the opinion of a majority of the committee, of equal gravity. The charge made by Mr. Tillman had been once before in the senate specifically denied in parliamentary language by Mr. McLaurin. The offense charged against Mr. McLaurin was among the most reprehensible a senator could commit. He could not ignore it or fail to refute it and hope to be longer respected as either a man or a senator.

Mr. McLaurin did not commence the encounter, but only stood in his place at his desk where he was speaking and resisted the attack that was made upon him. In other words his offense was confined to the use of unparliamentary language for which he had unusual provocation. Nevertheless, his offense was a violation of the rules of the senate of so serious a character that in the opinion of the committee it should be condemned.

In the case of Mr. Tillman the record shows that the altercation was commenced by the charge he made against Mr. McLaurin. Such a charge is inexcusable except in connection with a resolution to investigate. Mr. Tillman not only made the charge without any avowal of a purpose to investigate, but also disclaiming knowledge of evidence to establish the offense and this he said after the charge had been specifically and unqualifiedly denied by Mr. McLaurin

Such a charge, under any circumstances, would be resented by any man worthy to be a senator; but, made as it was in this instance, its offensiveness was greatly intensified, and the result must have been foreseen by Mr. Tillman, if he took any thought, as he should, of the consequences of his statements. This feature of his offense, coupled with the fact that he also commenced the encounter by quitting his seat some distance away from Mr. McLaurin, and, rushing violently upon him, struck him in the face, makes the case one of such exceptional misbehavior that a majority of the committee are of the opinion that this offense was of much greater gravity than that of Mr. McLaurin.

The penalty of a censure by the senate in the nature of things must vary in actual severity in proportion to the public sense of the gravity of the offense of which the offender has been adjudged guilty. Therefore, notwithstanding the fact that in the opinion of a majority of the committee there is a difference in the gravity of the offenses under consideration your committee are of the opinion that public good and the dignity of the senate will be alike best promoted and protected, so far as this particular case is concerned, by imposing upon each senator by formal vote the censure of the senate for the offense by him committed and therefore recommend the adoption of the resolution.

POSITION OF DEMOCRATS.

At the conclusion of the reading of the majority report Mr. Bailey, of Texas, offered the following statement as representing the views of himself and four others:

We dissent from so much of the report of the committee as asserts the power of the senate to suspend a senator and thus deprive a state of its vote, and so much as describes the offenses of the senators as of different gravity, but we approve the resolution reported.

(Signed) J. W. Bailey,
E. W. Pettus,
Jos. C. Blackburn,
Fred T. Dubois,
Murray J. Foster.

DISSENTING REPUBLICANS.

The report of the three dissenting republicans, submitted by Mr. McComas, asserted that the offenses of the South Carolina senators were unequal and the punishment should not be the same. The minority report favored suspension of McLaurin for five days and of Tillman for twenty days.

Mr. Pritchard did not concur with McComas and Beveridge as to infliction of punishment on McLaurin and asserted that he had already been sufficiently punished.

The roll was called on the adoption of the report of the majority committee on privileges and elections. Senators Beveridge, Clark, Debbe, Dietrich, Foster (Washington), Kittridge, Millard, Pritchard, Proctor and Scott voted "no" on the resolution. It was carried.

McLaurin, of Mississippi, asked to be excused from voting on account of kinship with McLaurin, of South Carolina. The latter declined to vote. Tillman also declined to vote, saying "that among gentlemen an apology for offenses committed in the heat of blood was sufficient."

Mr. Kean, of New Jersey, having voted in the affirmative, said that in view of the remark of Mr. Tillman he would change his vote.

WITHDRAWS HIS REMARK.

When the result of the vote was announced Mr. Burrows demanded that Mr. Tillman's words be taken down. When the words were read, Mr. Tillman said that he did not intend that his words be offensive and if they were he would withdraw them.

"Without objection," said President Pro Tem. Frye, "they will be withdrawn."

"I object," said Mr. Deitrich (rep.), of Nebraska, but in the confusion he evidently was not heard.

Mr. Hoar presented an additional rule looking to the prevention of such occurrences in the future, which was referred.

The conference report on the consuls' bill was then taken up. The senate agreed to the conference report on the consuls' bill. At 2 o'clock the irrigation bill was taken up.

IN THE HOUSE.

Washington, Feb. 28.—Today was private pension day in the house, but some preliminary routine business preceded the regular order. A resolution for printing 3,500 copies of the proceedings of the Schley court of inquiry was adopted after having been amended to include "the findings of the court, Admiral Dewey's opinion, Admiral Schley's appeal to the president and the president's decision thereon."

The reports on the contested election cases of J. McKenzie Moss vs. John S. Rhea, from the third Kentucky district, which was in favor of the republican contestant, of N. D. Spears vs. John S. Burnett, from the seventh Alabama district, which was in favor of the sitting member, a democrat, was reported and placed upon the calendar.

The house then went into committee of the whole and entered upon the consideration of private pension bills.

SORE ARMS GALORE.

Out at the state school for feeble minded several hundred of the cases vaccinated a few days ago have begun to "take" and there are doubtless more sore arms there than in all other parts of the county combined. Dr. Proegler, after a visit to the institution this morning, reports that there are no new cases of smallpox and none even under suspicion. It is believed the spread of the disease has been effectually checked and that it will be confined to the three mild cases now existing. A modified quarantine exists. None from the institution will attend church in the city Sunday. Religious services will be held at the institution.

John P. Evans is confined to his home by illness.

BRAVES A STORM

PRINCE HENRY VISITS ANNAPOLIS IN RAIN.

WATER FELL IN TORRENTS

HIS ROYAL HIGHNESS GIVEN SUITABLE WELCOME.

REFUSED TO ABANDON TRIP

DINED WITH FAMILY OF THE PRESIDENT.

Annapolis, Md., Feb. 28.—Deluging rain that was whipped around by gusty wind marred the visit of Prince Henry to Maryland's capital and the United States naval academy. It fell in unceasing torrents that ran through streets in minature rivers and converted the parade ground at the academy into a bay.

But the naval men and their brother officers of the German party scorned surrender to the storm and with all their military finery went through the program that had been arranged in their honor. The train carrying Prince Henry made a slow run from Washington. During the trip Secretary Long, to whom the car "Garonne" had been especially assigned, went to the car "Victoria," and called on the prince. Later the party of American naval officers were presented and Senator Hale and Representative Foss also paid their respects. The prince greeted them all very cordially.

When the train reached Annapolis station it was cut in two and the three rear cars, including the "Victoria," were backed into the depot. Out in the streets beyond the depot, a marine guard stood at attention in rain that carried the color from their uniforms as it streamed from them. Inside the depot grounds, two lines of police made a lane through to the street. As the prince appeared, the marine guard presented arms. Commander Wainwright, commandant of the academy, formally welcomed the prince and showed him to a closed carriage. The depot entrance was canopied but the rain dripped throug the canvass.

BRAVED THE STORM.

Local militiamen lined the streets from the short line depot to the new grounds gate at the academy and despite the driving storm hundreds of persons were out to see the distinguished visitor. As the carriage of the prince reached the grounds the first cannon of 21 guns sounded. The prince was driven to a canvass-covered stand on the west end of the grounds and the cadets marched past in review. There was little shelter from the rain in the stand, but the prince faced the rain and stood at attention as the party came out. Puddles of water had formed on the parade ground and the mud was ankle deep. When the cadets corps left the sodden field, the line of their march was indicated by a score of rubber shoes held fast in the mud.

The visitors were then hurried into their carriages and driven through the army grounds. They visited the cadets' quarters, the mechanical laboratory and also looked over the new buildings that are being erected. As they left the parade ground lightning flashed through the sky and there was a rumble of thunder and the electrical storm seemed to give fresh vigor to the rainstorm.

The general inspection of the academy buildings was made quite brief on account of the storm and the entire party found shelter in the house of Superintendent Wainwright, where they were guests at luncheon. Mrs. Wainwright assisted her husband in receiving and entertaining them. The prince expressed pleasure at the opportunity to visit the American naval college and thanked Commander Wainwright and his officers for the manner in which he had been received. He said he was sorry the storm denied opportunity to fully inspect the grounds, but that he was greatly pleased at what he had seen. He asked a number of questions as to work now being done at the academy and plans for the future and showed the keen interest of a naval man in the discussion of the subject.

FORT WAYNE BOY VICTOR.

The cadets gave an athletic exhibition in the gymnasium and the prince and the members of his party were greatly interested in it, as the German naval system does not embrace anything of the kind. There was boxing, wrestling and other athletic exercises. The cadets went through the sport with dash and vim, and the prince applauded spiritedly. He personally congratulated Cadet Willson, first class, Indiana, the winner of the wrestling bout. As the prince left the naval academy grounds a national salute was fired. The special train left Annapolis on the return trip to Washington at 1:40 o'clock. The prince was escorted to the train by Secretary Long and Superintendent Wainwright and Captain Cowles, and there was a special marine guard at the depot.

[Cadet Willson, referred to in the foregoing dispatch, is "Jim" Willson, son of Mr. and Mrs. M. S. Willson, of this city. He has made a notable record in athletics at the naval academy and won the all-round medal in athletics last year and the previous year at the academy.]

DEPARTED IN THE RAIN.

Washington, Feb. 28.—A driving rain did not deter Prince Henry from going to Annapolis today to visit the United States naval academy. At 9 o'clock, when the prince came to the door of the German embassy, the air was white with mist and rain.

Some of the prince's party sought to dissuade him from making the trip, but like a true sailor man, he paid no heed to the elements. The usual cavalry escort was dispensed with today and only the detail of mounted police officers and a bicycle squad accompanied the party. The guard of honor continued on duty, however, their guns and great coats dripping with the deluge.

Prince Henry was accompanied by Adjutant Von Eisendecker, but as this was purely a naval trip, the German ambassador and the civilian members of the embassy staff did not accompany the party. Prince Henry wore the undress uniform of admiral of the German navy, with a heavy naval cape thrown over his shoulders and the naval service cap. With him in the carriage rode General Corbin and Captain Cowles, naval aide to President Roosevelt. In the following carriages were General Sanger, assistant secretary of war, and Adjutant Von Eisendecker. The party was joined at the depot by a number of the naval and military officers of the prince's suite and of the German embassy.

Prince Henry and suite, with the president's delegates, left at 9:10 o'clock for Annapolis. In the party were Secretary Long, Senator Hale, of Maine, chairman of the senate committee on naval affairs; Representative Foss, of Illinois, chairman of the house committee on naval affairs; Assistant Secretary of State Peirce, Admirals Bowles, Endicott, Kenney, O'Neill and Bradford; Commander Cowles, Captains Sigsbee and Lemly; General Haywood, of the marine corps, and Chief Wilkie, of the secret service. Admiral Evans did not accompany the party owing to a lame knee. The rain was falling in torrents as the train pulled out.

PRINCE VISITS MOUNT VERNON.

Washington, Feb. 28.—Yesterday afternoon Prince Henry journeyed to Mount Vernon and placed two wreaths on the tomb of Washington. He approached the grave of the first president with bared head and that there might be nothing irreverent in the ceremony, asked the holders of a dozen cameras who stood around to refrain from photographing him. The royal visitor and his party were taken to Mount Vernon by special train over the Washington, Arlington and Mount Vernon Electric railway.

Fifty feet down the sward that falls away from the tomb Prince Henry planted a linden tree. The tree had been set in place prior to his arrival, and, taking a spade, he filled the earth in around its roots. The prince was taken to the old Washington house by Superintendent H. H. Dodge, and there met a delegation of the Mount Vernon Ladies' association, headed by Mrs. Justine Van Rensselaer Townsend, of New York. He spent a few minutes in looking at the Washington relics and then departed for Washington.

DINNER AT WHITE HOUSE.

This evening the prince dined quietly with President Roosevelt and his family. The dinner was served in the family dining-room at the white house and was the most quiet and least formal meal which Prince Henry has attended since his arrival in this country. There were present President Roosevelt and Mrs. and Miss Roosevelt, the German ambassador, General von Plessen, and Senator and Mrs. Lodge. The table was decorated with meteor roses and boutonniers of lilies of the valley were placed at each plate. The dinner was served at 7 o'clock in the evening and was strictly according to the usages of the white house. It had been planned in order that Prince Henry might meet the presidential household under the most kindly circumstances.

A number of prominent Fort Wayne physicians were called to Columbia City today to give expert testimony in a malpractice suit now on trial in the Whitley circuit court. Among the witnesses were Dr. M. F. Porter, Dr. C. B. Stemen, Dr. Maurice Rosenthal and Dr. G. W. McCluskey.

ICE GORGE MOVES

TREMENDOUS MASS STARTS DOWN THE OHIO.

IS FOURTEEN MILES LONG

PITTSBURG VESSELS CAUGHT IN THE FLOE.

GREAT DANGER IS IMMINENT

HEAVY RAINSTORMS FLOOD THE SOUTH.

Pittsburg, Pa., Feb. 28.—The great gorges in the Allegheny river are broken and the ice is sweeping down on this city. The first break occurred at Montrose about 3:30 o'clock this morning and an hour later the gorge near Sandy Creek broke with a roar like that of heavy artillery and began to move slowly down the river.

Caught in the swiftly moving ice packs were two steamboats, the D. T. Watson and the George Browdy, with a crew of four. The Watson was reported from Montrose, fighting her way against the heavy ice in the middle of the river.

It is considered extremely doubtful whether she will be able to survive. The Browdy is off the mouth of Sandy creek in an exactly similar position.

The residents of the river towns have been warned of the approaching ice and preparations have been made to flee to higher ground in the event of the ice gorging again, causing the river to overflow. The water at this point has only risen about a foot since yesterday and at 10 o'clock the river was free of ice, the head of the gorge not having reached the city.

Reports at 10 o'clock were that the ice had gorged again at Montrose, Six Mile Ferry and Sharpsburg, and that it was still intact at Brilliant Station. At Montrose it is piled thirty feet high from shore to shore. The Freeport road is under two feet of water and all the houses along the road are partly submerged. Ropes Ferry was completely wrecked and two sand boats badly damaged. The lower sections of Verona and Cheswick are under water and many houses flooded.

GREAT GORGE MOVES.

The gorge began to move again at Sharpsburg, four miles above the city, shortly after 10 o'clock. It is fourteen miles in length and the head reached Pittsburg at 11 o'clock. So far no serious damage has resulted here, but the river is rising fast and the residents in the flat sections are preparing for a flood. Fears are entertained for the new Fort Wayne railroad bridge and heavy loaded freight cars have been placed on it to hold it down. A heavy rain has been falling all morning and from twenty to thirty feet of water is predicted.

If it reaches twenty-five feet the lowlands will be submerged, causing the suspension of work in many plants and enforcing idleness upon thousands of workmen.

At Sylvan, the lower section of Verona, the water quickly backed up and 500 people are homeless. Fences and trees and a number of small buildings were washed away and in a number of houses the water is above the first story.

At Rosston the ice is still unbroken, but the water is rising rapidly and 500 acres are inundated. The county bridge has been washed from its foundations and much damage has resulted to property.

The Youghiogheny river at West Newton rose eight feet in ten minutes this morning and is still coming up rapidly. The lowlands are under water. Industry and Smithton are inundated and hundreds of miners have been driven from their homes. The gorge is still unbroken at Jacobs' Creek and Buena Vista, rendering the situation still more alarming. The damage to property in this section is already very heavy.

VISITED BY CLOUDBURST.

Reading, Pa., Feb. 28.—Shortly before noon today, after a rain which began early this morning, Reading was visited by a cloudburst which did great damage. A sixteen-foot flood is now raging in the Schuylkill river. Water backed into some of the industries in the lower section and they were obliged to close down. Hundreds of cellars filled with water and at a number of houses along the river the inmates had to be taken out in boats. Near Reading several dams burst and hundreds of acres were under water. In this city street car traffic is almost at a standstill. In the country districts great damage is reported.

PERILOUS SITUATION.

Lancaster, Pa., Feb. 28.—The situation on the Susquehanna river today

MORTGAGE DEDUCTION LAW CONSTITUTIONAL

Indianapolis, Feb. 28.—The supreme court today held the mortgage deduction law constitutional. The law is the one exempting from taxation mortgaged property to the amount of $700. The decision of the lower court is reversed. For two years this deduction has not been made and the question arises as to whether the county treasurers will have to rebate to the tax payers who have paid taxes on property that under the law would have been exempt.

from Columbia to the Maryland line is one of extreme menace. While the gorges' stage of water are practically the same as at noon yesterday, the heavy rains of this morning have turned all the local streams into torrents and they are pouring a vast volume of water into the river. The rise from the upper waters is due today and if this is of any size whatever, great damage is bound to occur. The channel in the western side of the river continues open and so far has been able to hold the river stationary.

RAINS FLOOD SOUTH.

Atlanta, Ga., Feb. 28.—The storm which swept over the southeastern gulf states yesterday and last night has apparently passed north and out to sea, Charleston feeling its force at 4 o'clock this morning, when the wind there registered forty-three miles an hour. The heavy rains have raised the water to flood height in the Chattahoochie, Alabama, Ocmulgee and Savannah rivers, and financial damage is reported in Georgia and Alabama. Four lives were lost as a result of a wreck caused by the washout near Zetella, Ga. Numerous freight wrecks occurred from the same cause. At Columbus, Ga., a wagon bridge was carried away last night and the Chattahoochie is higher today than in twenty years. Nearly all the manufacturing plants in Columbus, Phoenix City and Girard have closed down. The regular water main supplying Columbus washed away and an old main which was brought into use burst this morning. The city is without water. Washouts are reported on all railroads and miles of track are under water.

All trains on the Atlanta and West Point railway have been held at West Point, Ga., since last night, on account of a washout near Gabbetsville.

The early warning sent out by the weather bureau gave the people at West Point ample time to move their stores of goods and cotton to places of safety. Although the river continues to rise, it has as yet done no damage there. The high wind last night damaged the residence of Edward Strickland, near Concord, Ga., and blew down the houses of several tenants on his plantation. Farm lands were badly washed.

The damage in Lee county, Alabama, is reported to be $50,000. Telegraph wires are washed away in many places, interfering with regular channels of communication. All bridges on Mulberry and Standing Boy creeks in south Georgia have been swept away.

BUY ALLEN COUNTY FARMS

ILLINOIS MEN ARE MAKING INVESTMENTS HERE.

John H. Gillian Purchases Tract Near Monroeville and Other Deals are Made.

Within the past few weeks quite a number of Illinois gentlemen have been quietly making investments in Allen county farming lands and in a number of instances good-sized tracts have been purchased by people residing in one neighborhood in northeastern Illinois.

The latest of these was concluded yesterday, when the W. E. Doud agency sold to John H. Gillian, who is surveyor of an eastern Illinois county, the 120 acres known as the Adam Steinman farm near Monroeville. The price is not made public. This is the third or fourth transaction of similar character negotiated by this agency and other real estate men are also said to have made sales. Mr. Gillian will place a tenant upon his farm.

The purchases are said to have no further significance than the fact that the Illinois people, after making an examination, are convinced of the excellence of the Allen county soil and there are indications that there will be a considerable exodus from that state to this county within the next few months.

THREE SCORE DIE

SNOWSLIDE WRECKS A MINE SHAFT HOUSE.

AN AVALANCHE IN COLORADO

BETWEEN SIXTY AND SEVENTY MEN IN BUNKHOUSE.

HAD NO CHANCE OF ESCAPE

OTHER SNOWSLIDES ARE DAILY IMMINENT.

Telluride, Col., Feb. 28.—Between sixty and seventy men are reported dead beneath a snow slide which wrecked the Liberty Bell mine shaft house. The slide came down at 7:30 this morning. It is reported there were between sixty and seventy men in the bunk house at the time it was carried down into the gulch below.

Communication with the mine is shut off and the names of the victims cannot be ascertained.

Fred Clemmon, boss of the boarding house, and Charles Hall, a well known miner, were killed. The present storm is the worst since 1895 and slides are expected any minute at Ophir and other places.

GOES ON RAILROAD PROJECT

A. A. PURMAN LEAVES TODAY FOR MANSFIELD.

Some Indications That Plans for New East and West Line are Rapidly Maturing.

Attorney A. A. Purman left the city today for a business trip to Mansfield and other Ohio cities. Mr. Purman made no announcement of the nature of his visit, but from other sources it is learned that it is in connection with the railroad proposition formulated some months ago for an extensive system from south through Ohio, branching out to Fort Wayne and possibly westward.

At the time the movement was first given publicity several Detroit and eastern capitalists visited Fort Wayne and were persuaded to give some outline of their proposition, which included the purchase of one or two short lines now in operation, the construction of some additional miles of tracks and contemplated absorption of the Findlay, Fort Wayne and Western line, which has since been purchased by the Cincinnati, Hamilton and Dayton—the ultimate idea being a new Chicago-Pittsburg line.

For some months little has been heard concerning the development of the plan, but it is known that the promoters have been quietly at work and it is said the organization has accomplished far more than is generally supposed. Mr. Purman has made several trips east for consultation during the past few months. Mansfield, for which city he left today, was the scene of the organization of the company several months ago and is perhaps the natural center of its business operations.

ABANDONED CANAL.

A controversy between Nettie M. Townsend and the city of Huntington as to whether a strip of land formerly occupied by the Wabash and Erie canal is a street was decided by the appellate court yesterday in favor of Mrs. Townsend. The ground was designated as Washington street on the original plat of Huntington, made seventy years ago, but before the street had been opened or any town lots sold the state took the street and the adjoining lots for a canal. It held the land until 1874 and then sold it, and the purchasers have been in possession and paying taxes on the land ever since. The court said that if it had ever become a street before the canal was built it would be one after the canal was abandoned, but held that the street was never so dedicated to and accepted by the public as to make it a public highway.

MINE RIOTS IN SPAIN.

Madrid, Feb. 28.—The mining regions are in a ferment of agitation. At Albujon and Madridejos rioters have set fire to the octroi offices and burned the documents they contained. There has been another [illegible] break of disorder at [illegible]. Meetings are being held [illegible] with the object of [illegible] general strike. The [illegible] are continuing [illegible] of [illegible] who have [illegible] following the [illegible] the [illegible] are

SENATE PUNISHES TILLMAN AND M'LAURIN.

NEITHER MEMBER SUSPENDED

COMMITTEE MUCH DIVIDED ON THE MATTER.

MAJORITY REPORT ADOPTED

THE DAY'S PROCEEDINGS IN THE HOUSE.

Washington, Feb. 28.—The senate today disposed of the Tillman-McLaurin episode by adopting a resolution censuring both senators from South Carolina for offensive conduct February 22 in the senate chamber and declaring that neither is now in contempt of the senate.

When the senate was called to order a notably large attendance of senators was on the floor and the galleries were thronged. Both Senators McLaurin and Tillman, of South Carolina, were in their seats. Great interest was manifested by senators on the floor and by spectators in the galleries in the reading of the journal, which contained the protest of Mr. Tillman against not being permitted to vote while under the ban of the senate's order of contempt.

Mr. Burrows, of Michigan, chairman of the committee on privileges and elections, immediately after the journal was approved, addressing the chair, said that by direction of the committee he was instructed to make a report upon the controversy arising out of the personal altercation on the floor of the senate between Senator Tillman and Senator McLaurin.

THE RESOLUTION.

By order of the senate the subject had been referred to the committee on privileges and elections and the following report had been formulated:

That it is the judgment of the senate that the senators from South Carolina, Benjamin R. Tillman and John L. McLaurin, for disorderly behavior and flagrant violation of the rules of the senate during the open session of the senate on the 22d day of February, instant, deserve the censure of the senate and they are hereby so censured for their breach of the privileges and dignity of this body; and from and after the adoption of this resolution the order adjudging them in contempt of the senate shall be no longer in force and effect.

After the reading of the resolution by the clerk, Mr. Burrows presented the report of the majority of the committee, saying in that connection, it was understood that those members of the committee who did not agree with the majority should have opportunity to present their views.

Mr. McComas, of Maryland, said he would submit the views of the minority.

The report of the majority was then read.

THE MAJORITY REPORT.

The report recited the history of the altercation in the senate and quoted the language then used by the offenders. All agreed to this statement. The report then continued as follows:

That the conduct of the two senators was an infringement of the privileges of the senate, a violation of its rules and derogatory to its high character, tending to bring the body itself into public contempt cannot be questioned or denied. Indeed, the senate by a unanimous vote has already placed on record its condemnation of the senators by declaring both guilty of contempt. The majority of the committee are of the opinion that the legal effect of adjudging these senators in contempt of the senate was to suspend their functions as senators and that such a punishment for disorderly behavior is clearly within the power of the senate, but the conclusion they have reached makes it unnecessary to discuss this question. The offenses committed by the two senators were not, in the opinion of a majority of the committee, of equal gravity. The charge made by Mr. Tillman had been once before in the senate specifically denied in parliamentary language by Mr. McLaurin. The offense charged against Mr. McLaurin was among the most reprehensible a senator could commit. He could not ignore it or fail to refute it and hope to be longer respected as either a man or a senator.

Mr. McLaurin did not commence the encounter, but only stood in his place at his desk where he was speaking and resisted the attack that was made upon him. In other words his offense was confined to the use of unparliamentary language for which he had unusual provocation. Nevertheless, his offense was a violation of the rules of the senate of so serious a character that in the opinion of the committee it should be condemned.

In the case of Mr. Tillman the record shows that the altercation was commenced by the charge he made against Mr. McLaurin. Such a charge is inexcusable except in connection with a resolution to investigate. Mr. Tillman not only made the charge without any avowal of a purpose to investigate, but also disclaiming knowledge of evidence to establish the offense and this he said after the charge had been specifically and unqualifiedly denied by Mr. McLaurin.

Such a charge, under any circumstances, would be resented by any man worthy to be a senator; but, made as it was in this instance, its offensiveness was greatly intensified, and the result must have been foreseen by Mr. Tillman, if he took any thought, as he should, of the consequences of his statements. This feature of his offense, coupled with the fact that he also commenced the encounter by quitting his seat some distance away from Mr. McLaurin, and, rushing violently upon him, struck him in the face, makes the case one of such exceptional misbehavior that a majority of the committee are of the opinion that this offense was of much greater gravity than that of Mr. McLaurin.

The penalty of a censure by the senate in the nature of things must vary in actual severity in proportion to the public sense of the gravity of the offense of which the offender has been adjudged guilty. Therefore, notwithstanding the fact that in the opinion of a majority of the committee there is a difference in the gravity of the offenses under consideration your committee are of the opinion that public good and the dignity of the senate will be alike best promoted and protected, so far as this particular case is concerned, by imposing upon each senator by formal vote the censure of the senate for the offense by him committed and therefore recommend the adoption of the resolution.

POSITION OF DEMOCRATS.

At the conclusion of the reading of the majority report Mr. Bailey, of Texas, offered the following statement as representing the views of himself and four others:

We dissent from so much of the report of the committee as asserts the power of the senate to suspend a senator and thus deprive a state of its vote, and so much as describes the offenses of the senators as of different gravity, but we approve the resolution reported.

(Signed) J. W. Bailey,
E. W. Pettus,
Jos. C. Blackburn,
Fred T. Dubois,
Murray J. Foster.

DISSENTING REPUBLICANS.

The report of the three dissenting republicans, submitted by Mr. McComas, asserted that the offenses of the South Carolina senators were unequal and the punishment should not be the same. The minority report favored suspension of McLaurin for five days and of Tillman for twenty days.

Mr. Pritchard did not concur with McComas and Beveridge as to infliction of punishment on McLaurin and asserted that he had already been sufficiently punished.

The roll was called on the adoption of the report of the majority committee on privileges and elections. Senators Beveridge, Clark, Debse, Dietrich, Foster (Washington), Kittridge, Millard, Pritchard, Proctor and Scott voted "no" on the resolution. It was carried.

McLaurin, of Mississippi, asked to be excused from voting on account of kinship with McLaurin, of South Carolina. The latter declined to vote. Tillman also declined to vote, saying "that among gentlemen an apology for offenses committed in the heat of blood was sufficient."

Mr. Kean, of New Jersey, having voted in the affirmative, said that in view of the remark of Mr. Tillman he would change his vote.

WITHDRAWS HIS REMARK.

When the result of the vote was announced Mr. Burrows demanded that Mr. Tillman's words be taken down. When the words were read, Mr. Tillman said that he did not intend that his words be offensive and if they were he would withdraw them.

"Without objection," said President Pro Tem. Frye, "they will be withdrawn."

"I object," said Mr. Deitrich (rep.), of Nebraska, but in the confusion he evidently was not heard.

Mr. Hoar presented an additional rule looking to the prevention of such occurrences in the future, which was referred.

The conference report on the consuls' bill was then taken up. The senate agreed to the conference report on the consuls' bill. At 2 o'clock the irrigation bill was taken up.

IN THE HOUSE.

Washington, Feb. 28.—Today was private pension day in the house, but some preliminary routine business preceded the regular order. A resolution for printing 3,500 copies of the proceedings of the Schley court of inquiry was adopted after having been amended to include "the findings of the court, Admiral Dewey's opinion, Admiral Schley's appeal to the president and the president's decision thereon."

The reports on the contested election cases of J. McKenzie Moss vs. John S. Rhea, from the third Kentucky district, which was in favor of the republican contestant, of N. D. Spears vs. John S. Burnett, from the seventh Alabama district, which was in favor of the sitting member, a democrat, was reported and placed upon the calendar.

The house then went into committee of the whole and entered upon the consideration of private pension bills.

SORE ARMS GALORE.

Out at the state school for feeble minded several hundred of the cases vaccinated a few days ago have begun to "take" and there are doubtless more sore arms there than in all other parts of the county combined. Dr. Proegler, after a visit to the institution this morning, reports that there are no new cases of smallpox and none even under suspicion. It is believed the spread of the disease has been effectually checked and that it will be confined to the three mild cases now existing. A modified quarantine exists. None from the institution will attend church in the city Sunday. Religious services will be held at the institution.

John P. Evans is confined to his home by illness.

BRAVES A STORM

PRINCE HENRY VISITS ANNAPOLIS IN RAIN.

WATER FELL IN TORRENTS

HIS ROYAL HIGHNESS GIVEN SUITABLE WELCOME.

REFUSED TO ABANDON TRIP

DINED WITH FAMILY OF THE PRESIDENT.

Annapolis, Md., Feb. 28.—Deluging rain that was whipped around by gusty wind marred the visit of Prince Henry to Maryland's capital and the United States naval academy. It fell in unceasing torrents that ran through streets in miniature rivers and converted the parade ground at the academy into a bay.

But the naval men and their brother officers of the German party scorned surrender to the storm and with all their military finery went through the program that had been arranged in their honor. The train carrying Prince Henry made a slow run from Washington. During the trip Secretary Long, to whom the car "Garonne" had been especially assigned, went to the car "Victoria," and called on the prince. Later the party of American naval officers were presented and Senator Hale and Representative Foss also paid their respects. The prince greeted them all very cordially.

When the train reached Annapolis station it was cut in two and the three rear cars, including the "Victoria," were backed into the depot. Out in the streets beyond the depot, a marine guard stood at attention in rain that carried the color from their uniforms as it streamed from them. Inside the depot grounds, two lines of police made a lane through to the street. As the prince appeared, the marine guard presented arms. Commander Wainwright, commandant of the academy, formally welcomed the prince and showed him to a closed carriage. The depot entrance was canopied but the rain dripped throug the canvass.

BRAVED THE STORM.

Local militiamen lined the streets from the short line depot to the new grounds gate at the academy and despite the driving storm hundreds of persons were out to see the distinguished visitor. As the carriage of the prince reached the grounds the first cannon of 21 guns sounded. The prince was driven to a canvass-covered stand on the west end of the grounds and the cadets marched past in review. There was little shelter from the rain in the stand, but the prince faced the rain and stood at attention as the party came out. Puddles of water had formed on the parade ground and the mud was ankle deep. When the cadets corps left the sodden field, the line of their march was indicated by a score of rubber shoes held fast in the mud.

The visitors were then hurried into their carriages and driven through the army grounds. They visited the cadets' quarters, the mechanical laboratory and also looked over the new buildings that are being erected. As they left the parade ground lightning flashed through the sky and there was a rumble of thunder and the electrical storm seemed to give fresh vigor to the rainstorm.

The general inspection of the academy buildings was made quite brief on account of the storm and the entire party found shelter in the house of Superintendent Wainwright, where they were guests at luncheon. Mrs. Wainwright assisted her husband in receiving and entertaining them. The prince expressed pleasure at the opportunity to visit the American naval college and thanked Commander Wainwright and his officers for the manner in which he had been received. He said he was sorry the storm denied opportunity to fully inspect the grounds, but that he was greatly pleased at what he had seen. He asked a number of questions as to work now being done at the academy and plans for the future and showed the keen interest of a naval man in the discussion of the subject.

FORT WAYNE BOY VICTOR.

The cadets gave an athletic exhibition in the gymnasium and the prince and the members of his party were greatly interested in it, as the German naval system does not embrace anything of the kind. There was boxing, wrestling and other athletic exercises. The cadets went through the sport with dash and vim, and the prince applauded spiritedly. He personally congratulated Cadet Willson, first class, Indiana, the winner of the wrestling bout. As the prince left the naval academy grounds a national salute was fired. The special train left Annapolis on the return trip to Washington at 1:40 o'clock. The prince was escorted to the train by Secretary Long and Superintendent Wainwright and Captain Cowles, and there was a special marine guard at the depot.

[Cadet Willson, referred to in the foregoing dispatch, is "Jim" Willson, son of Mr. and Mrs. M. S. Willson, of this city. He has made a notable record in athletics at the naval academy and won the all-round medal in athletics last year and the previous year at the academy.]

DEPARTED IN THE RAIN.

Washington, Feb. 28.—A driving rain did not deter Prince Henry from going to Annapolis today to visit the United States naval academy. At 9 o'clock, when the prince came to the door of the German embassy, the air was white with mist and rain.

Some of the prince's party sought to dissuade him from making the trip, but like a true sailor man, he paid no heed to the elements. The usual cavalry escort was dispensed with today and only the detail of mounted police officers and a bicycle squad accompanied the party. The guard of honor continued on duty, however, their guns and great coats dripping with the deluge.

Prince Henry was accompanied by Adjutant Von Eisendecker, but as this was purely a naval trip, the German ambassador and the civilian members of the embassy staff did not accompany the party. Prince Henry wore the undress uniform of admiral of the German navy, with a heavy naval cape thrown over his shoulders and the naval service cap. With him in the carriage rode General Corbin and Captain Cowles, naval aide to President Roosevelt. In the following carriages were General Sanger, assistant secretary of war, and Adjutant Von Eisendecker. The party was joined at the depot by a number of the naval and military officers of the prince's suite and of the German embassy.

Prince Henry and suite, with the president's delegates, left at 9:10 o'clock for Annapolis. In the party were Secretary Long, Senator Hale, of Maine, chairman of the senate committee on naval affairs; Representative Foss, of Illinois, chairman of the house committee on naval affairs; Assistant Secretary of State Peirce, Admirals Bowles, Endicott, Kenney, O'Neill and Bradford; Commander Cowles, Captains Sigsbee and Lemly; General Haywood, of the marine corps, and Chief Wilkie, of the secret service. Admiral Evans did not accompany the party owing to a lame knee. The rain was falling in torrents as the train pulled out.

PRINCE VISITS MOUNT VERNON.

Washington, Feb. 28.—Yesterday afternoon Prince Henry journeyed to Mount Vernon and placed two wreaths on the tomb of Washington. He approached the grave of the first president with bared head and that there might be nothing irreverent in the ceremony, asked the holders of a dozen cameras who stood around to refrain from photographing him. The royal visitor and his party were taken to Mount Vernon by special train over the Washington, Arlington and Mount Vernon Electric railway.

Fifty feet down the sward that falls away from the tomb Prince Henry planted a linden tree. The tree had been set in place prior to his arrival, and, taking a spade, he filled the earth in around its roots. The prince was taken to the old Washington house by Superintendent H. H. Dodge, and there met a delegation of the Mount Vernon Ladies' association, headed by Mrs. Justine Van Rensselaer Townsend, of New York. He spent a few minutes in looking at the Washington relics and then departed for Washington.

DINNER AT WHITE HOUSE.

This evening the prince dined quietly with President Roosevelt and his family. The dinner was served in the family dining-room at the white house and was the most quiet and least formal meal which Prince Henry has attended since his arrival in this country. There were present President Roosevelt and Mrs. and Miss Roosevelt, the German ambassador, General von Plessen, and Senator and Mrs. Lodge. The table was decorated with meteor roses and boutonniers of lilies of the valley were placed at each plate. The dinner was served at 7 o'clock in the evening and was strictly according to the usages of the white house. It had been planned in order that Prince Henry might meet the presidential household under the most kindly circumstances.

A number of prominent Fort Wayne physicians were called to Columbia City today to give expert testimony in a malpractice suit now on trial in the Whitley circuit court. Among the witnesses were Dr. M. F. Porter, Dr. C. B. Stemen, Dr. Maurice Rosenthal and Dr. G. W. McCaskey.

ICE GORGE MOVES

TREMENDOUS MASS STARTS DOWN THE OHIO.

IS FOURTEEN MILES LONG

PITTSBURG VESSELS CAUGHT IN THE FLOE.

GREAT DANGER IS IMMINENT

HEAVY RAINSTORMS FLOOD THE SOUTH.

Pittsburg, Pa., Feb. 28.—The great gorges in the Allegheny river are broken and the ice is sweeping down on this city. The first break occurred at Montrose about 3:30 o'clock this morning and an hour later the gorge near Sandy Creek broke with a roar like that of heavy artillery and began to move slowly down the river.

Caught in the swiftly moving ice packs were two steamboats, the D. T. Watson and the George Browdy, with a crew of four. The Watson was reported from Montrose, fighting her way against the heavy ice in the middle of the river.

It is considered extremely doubtful whether she will be able to survive. The Browdy is off the mouth of Sandy creek in an exactly similar position.

The residents of the river towns have been warned of the approaching ice and preparations have been made to flee to higher ground in the event of the ice gorging again, causing the river to overflow. The water at this point has only risen about a foot since yesterday and at 10 o'clock the river was free of ice, the head of the gorge not having reached the city.

Reports at 10 o'clock were that the ice had gorged again at Montrose, Six Mile Ferry and Sharpsburg, and that it was still intact at Brilliant Station. At Montrose it is piled thirty feet high from shore to shore. The Freeport road is under two feet of water and all the houses along the road are partly submerged. Ropes Ferry was completely wrecked and two sand boats badly damaged. The lower sections of Verona and Chesswick are under water and many houses flooded.

GREAT GORGE MOVES.

The gorge began to move again at Sharpsburg, four miles above the city, shortly after 10 o'clock. It is fourteen miles in length and the head reached Pittsburg at 11 o'clock. So far no serious damage has resulted here, but the river is rising fast and the residents in the flat sections are preparing for a flood. Fears are entertained for the new Fort Wayne railroad bridge and heavy loaded freight cars have been placed on it to hold it down. A heavy rain has been falling all morning and from twenty to thirty feet of water is predicted.

If it reaches twenty-five feet the lowlands will be submerged, causing the suspension of work in many plants and enforcing idleness upon thousands of workmen.

At Sylvan, the lower section of Verona, the water quickly backed up and 500 people are homeless. Fences and trees and a number of small buildings were washed away and in a number of houses the water is above the first story.

At Rosston the ice is still unbroken, but the water is rising rapidly and 500 acres are inundated. The county bridge has been washed from its foundations and much damage has resulted to property.

The Youghiogheny river at West Newton rose eight feet in ten minutes this morning and is still coming up rapidly. The lowlands are under water. Industry and Smithton are inundated and hundreds of miners have been driven from their homes. The gorge is still unbroken at Jacobs' Creek and Buena Vista, rendering the situation still more alarming. The damage to property in this section is already very heavy.

VISITED BY CLOUDBURST.

Reading, Pa., Feb. 28.—Shortly before noon today, after a rain which began early this morning, Reading was visited by a cloudburst which did great damage. A sixteen-foot flood is now raging in the Schuylkill river. Water backed into some of the industries in the lower section and they were obliged to close down. Hundreds of cellars filled with water and at a number of houses along the river the inmates had to be taken out in boats. Near Reading several dams burst and hundreds of acres were under water. In this city street car traffic is almost at a standstill. In the country districts great damage is reported.

PERILOUS SITUATION.

Lancaster, Pa., Feb. 28.—The situation on the Susquehanna river today from Columbia to the Maryland line is one of extreme menace. While the gorges' stage of water are practically the same as at noon yesterday, the heavy rains of this morning have turned all the local streams into torrents and they are pouring a vast volume of water into the river. The rise from the upper waters is due today and if this is of any size whatever, great damage is bound to occur. The channel in the western side of the river continues open and so far has been able to hold the river stationary.

RAINS FLOOD SOUTH.

Atlanta, Ga., Feb. 28.—The storm which swept over the southeastern gulf states yesterday and last night has apparently passed north and out to sea, Charleston feeling its force at 4 o'clock this morning, when the wind there registered forty-three miles an hour. The heavy rains have raised the water to flood height in the Chattahoochie, Alabama, Ocmulgee and Savannah rivers, and financial damage is reported in Georgia and Alabama. Four lives were lost as a result of a wreck caused by the washout near Zetella, Ga. Numerous freight wrecks occurred from the same cause. At Columbus, Ga., a wagon bridge was carried away last night and the Chattahoochie is higher today than in twenty years. Nearly all the manufacturing plants in Columbus, Phoenix City and Girard have closed down. The regular water main supplying Columbus washed away and an old main which was brought into use burst this morning. The city is without water. Washouts are reported on all railroads and miles of track are under water.

All trains on the Atlanta and West Point railway have been held at West Point, Ga., since last night, on account of a washout near Gabbetsville.

The early warning sent out by the weather bureau gave the people at West Point ample time to move their stores of goods and cotton to places of safety. Although the river continues to rise, it has as yet done no damage there. The high wind last night damaged the residence of Edward Strickland, near Concord, Ga., and blew down the houses of several tenants on his plantation. Farm lands were badly washed.

The damage in Lee county, Alabama, is reported to be $50,000. Telegraph wires are washed away in many places, interfering with regular channels of communication. All bridges on Mulberry and Standing Boy creeks in south Georgia have been swept away.

MORTGAGE DEDUCTION LAW CONSTITUTIONAL

Indianapolis, Feb. 28.—The supreme court today held the mortgage deduction law constitutional. The law is the one exempting from taxation mortgaged property to the amount of $700. The decision of the lower court is reversed. For two years this deduction has not been made and the question arises as to whether the county treasurers will have to rebate to the tax payers who have paid taxes on property that under the law would have been exempt.

BUY ALLEN COUNTY FARMS

ILLINOIS MEN ARE MAKING INVESTMENTS HERE.

John H. Gillian Purchases Tract Near Monroeville and Other Deals are Made.

Within the past few weeks quite a number of Illinois gentlemen have been quietly making investments in Allen county farming lands and in a number of instances good-sized tracts have been purchased by people residing in one neighborhood in northeastern Illinois.

The latest of these was concluded yesterday, when the W. E. Doud agency sold to John H. Gillian, who is surveyor of an eastern Illinois county, the 120 acres known as the Adam Steinman farm near Monroeville. The price is not made public. This is the third or fourth transaction of similar character negotiated by this agency and other real estate men are also said to have made sales. Mr. Gillian will place a tenant upon his farm.

The purchases are said to have no further significance than the fact that the Illinois people, after making an examination, are convinced of the excellence of the Allen county soil and there are indications that there will be a considerable exodus from that state to this county within the next few months.

THREE SCORE DIE

SNOWSLIDE WRECKS A MINE SHAFT HOUSE.

AN AVALANCHE IN COLORADO

BETWEEN SIXTY AND SEVENTY MEN IN BUNKHOUSE.

HAD NO CHANCE OF ESCAPE

OTHER SNOWSLIDES ARE DAILY IMMINENT.

Telluride, Col., Feb. 28.—Between sixty and seventy men are reported dead beneath a snow slide which wrecked the Liberty Bell mine shaft house. The slide came down at 7:30 this morning. It is reported there were between sixty and seventy men in the bunk house at the time it was carried down into the gulch below.

Communication with the mine is shut off and the names of the victims cannot be ascertained.

Fred Clemmon, boss of the boarding house, and Charles Hall, a well known miner, were killed. The present storm is the worst since 1895 and slides are expected any minute at Ophir and other places.

GOES ON RAILROAD PROJECT

A. A. PURMAN LEAVES TODAY FOR MANSFIELD.

Some Indications That Plans for New East and West Line are Rapidly Maturing.

Attorney A. A. Purman left the city today for a business trip to Mansfield and other Ohio cities. Mr. Purman made no announcement of the nature of his visit, but from other sources it is learned that it is in connection with the railroad proposition formulated some months ago for an extensive system [illegible] through Ohio, branching out to Fort Wayne and possibly westward.

At the time the movement was first given publicity several Detroit and eastern capitalists visited Fort Wayne and were persuaded to give some outline of their proposition, which included the purchase of one or two short lines now in operation, the construction of some additional miles of tracks and contemplated absorption of the Findlay, Fort Wayne and Western line, which has since been purchased by the Cincinnati, Hamilton and Dayton—the ultimate idea being a new Chicago-Pittsburg line.

For some months little has been heard concerning the development of the plan, but it is known that the promoters have been quietly at work and it is said the organization has accomplished far more than is generally supposed. Mr. Purman has made several trips east for consultation during the past few months. Mansfield, for which city he left today, was the scene of the organization of the company several months ago and is perhaps the natural center of its business operations.

ABANDONED CANAL.

A controversy between Nettie M. Townsend and the city of Huntington as to whether a strip of land formerly occupied by the Wabash and Erie canal is a street was decided by the appellate court yesterday in favor of Mrs. Townsend. The ground was designated as Washington street on the original plat of Huntington, made seventy years ago, but before the street had been opened or any town lots sold the state took the street and the adjoining lots for a canal. It held the land until 1874 and then sold it, and the purchasers have been in possession and paying taxes on the land ever since. The court said that if it had ever become a street before the canal was built it would be one after the canal was abandoned, but held that the street was never so dedicated to and accepted by the public as to make it a public highway.

MINE RIOTS IN SPAIN.

Madrid, Feb. 28.—The mining regions are in a ferment of agitation. At Albujon and Madridejos rioters have set fire to the octroi offices and burned the documents they contained. There has been another outbreak of disorder at Barcelona. Meetings are being held frequently with the object of declaring another general strike. The metal workers are constantly assaulting their comrades who have returned to work and refuse to resume their tasks until all the imprisoned workmen are released.

head is an eczema of the scalp very severe sometimes, but it can be cured. Doan's Ointment, quick and permanent in its results. At any drug store, 50 cents.

Diphtheria relieved in twenty minutes. Almost miraculous. Dr. Thomas' Eclectric Oil. At any drug store.

Too late to cure a cold after consumption has fastened its deadly grip on the lungs. Take Dr. Wood's Norway Pine Syrup while yet there is time.

What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and kidneys strong and active. Burdock Blood Bitters does it.

Borrow From Us
WE LOAN MONEY.

Perhaps you do not know just how to get or where to go for a little money. This partially explains.

We make loans of $10, $20, $30, $50, $100 on furniture, pianos, horses and buggies, wagons, etc.

Everything left in your possession and you have the use of the money and property. We give you from 1 to 12 months to pay the money back and the payments are so small you scarcely notice it. All our dealings private and confidential. Our manner of doing business fully explained if you will call at the office.

[illegible] 26-tf

ACTORS HURT IN A WRECK

SPECIAL TRAIN OF THE FLORODORA COMPANY DITCHED.

Several Members of the Troop Seriously Injured—Scenery and Baggage Destroyed.

Wilmington, Del., Feb. 28.—A special train carrying the Florodora Theatrical company from Norfolk, Va., to Wilmington, Del., on the New York, Philadelphia and Norfolk railroad, was wrecked yesterday at Eastville, Va., and several members of the company were seriously injured. A heavy fog prevented the engineer from observing a freight train ahead and a rear end collision occurred. The engine, baggage car and two forward cars of the special train were completely wrecked. W. L. Carleton, of the Florodora company, sustained serious injuries. He is paralyzed from the waist down and may not recover. E. C. Herr, manager of the company, and Charles H. Powers are also badly injured.

Others who sustained injuries are Tony Roney, Miss Frances Gordon, Miss Ella Henry, Miss Maud Davis, Miss Selma Mantell, Miss Ida Doerde, Miss Libbie Nunn, Miss Lillie Young and Miss Annie Young. The fireman of the special was badly scalded and will die.

There were eighty-seven persons in the theatrical company. The wreckage caught fire after the collision and a bucket brigade formed by the uninjured members of the company succeeded in extinguishing the flames. The scenery and nearly all the baggage were destroyed by fire. The injured were brought here and cared for.

NEW CONCERN IN BUSINESS

SALESMEN OUT FOR INDEPENDENT RUBBER COMPANY.

Messrs. Lehman and Kann Have Leased East Columbia Street Property for Wholesale House.

The new Independent Rubber company, exclusively wholesale, recently organized in Fort Wayne by Isidor Lehman, the well known shoe merchant, and Sol Kann, of Ligonier, has begun business, and a force of five salesmen now out upon the road are sending in orders of gratifying magnitude. The traveling men now at work are Messrs. Sol Kann, Sig Kann, J. C. Gillian, George F. Brand and G. E. Hartung, all of whom have had years of experience in the footwear trade.

Mr. Lehman stated to The Sentinel this morning that the Independent company has closed a lease for the White building at 29 East Columbia street, and a force of workmen is now remodeling the structure to conform to the needs of the new wholesale house. The building is 20x110, four stories in height, and will be occupied in its entirety by the new firm. An electric elevator is being installed, and the building will be handsomely equipped.

The stock has been purchased, but will not be installed in the Fort Wayne house until in May or June. Meanwhile the company is filling its orders direct from the factories.

FUNERAL ANNOUNCEMENTS.

Heitzler.—Funeral services of Mrs. Margaret Heitzler will be held Sunday afternoon at 1:30 o'clock from the residence, 47 Summit street, and at 2 o'clock from St John's Lutheran church.

Casteel.—Funeral services of William E. Casteel will be held from the residence, 28 Brooklyn avenue, Sunday afternoon at 1 o'clock. Rev. M. C. Cooper will officiate.

FOUR KILLED IN A WRECK

FATAL MISHAP ON SOUTHERN RAILROAD.

Train Wrecked Near Griffin, Ga., and Many Made Victims—Furnace Roof Kills Two.

Griffin, Ga., Feb. 28.—A southbound passenger train on the Columbus branch of the Southern railway went through a trestle into a creek at midnight near Zetella, Ga The following were killed:

A. F. Matthews, engineer, Columbus, Ga.
J. L. Hill, baggagemaster, Columbus, Ga.
Leo G. Murray (?) mail clerk, Atlanta, Ga.
Isaac McDowell, fireman, Columbus, Ga.

Several passengers were injured, but none fatally.

The structure had been weakened by the heavy rains and three bents of the bridge gave way. The train was running cautiously and was not making over eight miles an hour. The first-class coach was the only car that did not go into the washout.

FURNACE ROOF KILLS TWO.

Chicago, Feb. 28.—Two men were killed and three were injured today by the falling of a furnace roof at the plant of the South Chicago Furnace company. The dead:

Frank Russell.
Michael Jackular.

While the three men who were injured are in a serious condition it is said they have a good chance of recovery. The accident is supposed to have been due to the weakening of the steel trusses supporting the galvanized iron roof.

TWO NEW PATENTEES.

Two Allen county inventors have just made applications for patents through the W. O. Burns agency. Harry Meyer, of the Meyer Cycle company, has produced an electric igniter for gas engines, and Albert Steury, residing near New Haven, is bringing out an automatic wagon brake.

IS RELIGION AN ESSENTIAL

AS A QUALIFICATION FOR THE WORKING MAN.

Question by Rev. E. W. Allen is Answered by Fort Wayne Employes of Labor.

Recently Rev. E. W. Allen, pastor of the West Jefferson Street Church of Christ, addressed this inquiry to the bank presidents and many of the employers of labor in Fort Wayne:

"In the selection of employes and officials, in your judgment how much, if any, importance should be attached to the fact that an applicant is religiously inclined, or a prominent, active Christian worker?"

Mr. Allen has been interested in learning whether the employers of Fort Wayne look upon religion in their workmen as a recommendation He has arranged for a meeting at the church on Sunday afternoon at 2:30, when the replies to this question will be read. The names of the writers will be withheld, but the replies will be read in full Rev. Allen invites all of the men of Fort Wayne to attend this meeting and hear what the employers think of religion.

Attend Patterson's sale tomorrow.

Attention, Ladies!

At our smoke and water sale, which is now on, you can purchase a lot of Summer Dress Goods that sold from
8c to 15c per yard, for 5c yd.
15c to 37½c per yard, for 10c yd.
25c to 50c per yard, for 21c yd.
45c to 69c per yard, for 25c yd.
75c to $1.25 per yard, for 41c yd.
A positive saving on Confirmation outfits from 15 per cent. to 30 per cent.
1 lot of Satin Rhadema, $1.00 quality, for 49c.
1 lot of Colored Satins, 50c quality, for 35c.
1 lot of Colored Satins, $1.00 quality, for 50c.
1 lot of Fancy Silks, $1.00 quality, for 65c.
1 lot of Fancy Silks, $1.00 quality, for 55c.
1 lot of Fancy Silks, 85c quality, for 49c.
1 lot of Fancy Silks, 75c quality, for 39c.
1 lot of Fancy Silks, $1.00 quality, for 59c.
1 lot of Fancy Silks, $1.50 quality, for 99c.
All other Silks at a large reduction.
$1.50 English Plaids for 65c.
25c Shepherd Checks at 10c.
85c Shark Skin Suiting for 39c.
85c Worsted Stripes for 45c.
$1.00 Moire Poplins for 43c.
All other Dress Goods at large reduction.
5c Calicoes at 3¾c yd.

JUDGE WAS SHY ON ARABIC

POLICE JUDICIARY FORCED TO GUESS AND WONDER.

Riot Cases Grow Out of a Fight at the Bass Foundry—News in Police Circles.

Judge Louttit had his own troubles to contend with at police court this morning, besides trying to adjust those of others. The trouble with the judge was that there was a lot of talk parceled out that he was not in with at all. Oswald Johnson was on trial for assault and battery on Salem Bander, and Oswald persisted in pleading not guilty. Salom is a Syrian and can't talk any English, while the judge is an author, but can't talk Arabic, not even as well as he can sing. This dilemma was bridged by the appearance of Kaleel Keen, who chews up Arabic the same as the office girl chews gum, and he unloads English the same as a collegian. Kaleel is a native-born Syrian who has been in this country but nine years, yet he speaks English almost perfectly, with scarcely an accent, is up-to-date in everything and made a dandy interpreter. Salem, in giving his evidence, had to use Kaleel as a sort of a speaking tube and the judge didn't like that. "You can understand some English, can't you?" the judge said, addressing the witness.

"Ki yi slam adl biff et tku bil snoot. Kr-r-r ipsty humpty dan, ksnx bow-blu bif ! ! ! Ksnyu chi up booze. Yum et tu Brute Yuba Dam," replied Mr. Bander, without breaking his face.

"Is that so," said the judge. "Well, well, well! All right, but I'll see to it that it never happens again. Say, you'll have to get some witnesses here that can talk English. Didn't anybody see this fight that can talk like a phonograph? I'd like to hear some of this evidence myself."

He was told that there were a number who saw the fight and even had a hand in it, and they were composed of Irish, Dutch, negroes, Syrians and Swedes.

"No wonder they got into a fight," said the judge. "Don't ever bring a crowd like that into this court But I'll tell you now—I'll continue this case until 10:30 and by that time I want just one plain American here that knows something about this rumpus and can tell me about it." The case was so continued.

Oswald Johnson's story was plain enough. He said he was busy when the fight started and he did not know what it started about, but the first thing that he saw was every man taking a crack at his neighbor, so he started in to prevent survival of the fittest. The fight occurred late in the evening in the casting room at the Bass foundry and at that hour everybody looks like anybody else on account of the liberal deposits of smoke, soot and sweat. He saw somebody caress Mr. Bander with something and he did not remember whether it was with a hot ladle, a punching rod or a meat axe; the only thing that Mr. Johnson could swear to with absolute positiveness was that he did not do the caressing. Abd Elfataah, the other victim of the fracas, is still in bed, and Ed Brase, who is accused of having put Abd out of business, is reputed to have skipped the town last night by going east on the Nickel Plate. Pending the continuance of the Johnson case Prosecutor Emrick drew up a new affidavit charging Oswald Johnson, Frank Sanders, John Wilson and George Wilson with rioting. All the defendants are colored men, working at the Bass foundry, and others may be implicated in the riot charge.

It was nearly 11 o'clock when the witnesses summoned to appear in the case presented themselves and shortly thereafter the court was reconvened. The state admitted that there was no way of intelligently presenting the case to the judge in making a specific case against Oswald Johnson, filed the affidavit for a riot against the parties above named and took a continuance until Friday, March 7, one week from today.

At the same session of the court the case against Buros Brockus was dismissed, there not being any newly adduced evidence to hold him on.

Buros Brockus was arrested on the affidavit of William Shilling, a stockman, who charges that Buros stole $7 from his pants pocket while the pant owner was asleep. The theft was committed at the American house, where Buros, Shilling and a young man named Cox occupied the same room. There is no doubt that Shilling is seven plunks out, but there seems to be a doubt whether Buros got it. The court was so much in doubt on a presentation of the case that he appointed J. R. Bittenger to defend the young fellow and his case was continued. Brockus is from Lima, Ohio, where he is well connected, and it has likewise been discovered that he has a sweetheart in the Tri-State block who will be heartbroken—maybe—when she hears of his misfortune.

Abraham Steinman, a well known character about town, was arrested last night for vagrancy. The judge passed him out this morning, on his promise to go to work at once

The police station was visited yesterday afternoon by a committee representing the Woman's club league of this city. The ladies were much pleased with the conditions existing at the well kept station and expressed great gratification at the marked cleanliness which is always conspicuously manifest at the department headquarters. The only objection made by the visitors was regarding the conspicuousness of the women's cell or cage, which it is thought occupies too prominent a position.

POLICE NOTES.

At 3 o'clock this morning the eastbound Nickel Plate train unloaded an interesting family at the local depot. The family consisted of a mother and six children, but no cash. They are en route east—just east—and were allowed to remain in the depot during the balance of the night. This morning the mother started out to arrange for further transportation.

Mr. Rose, of 122 Lake avenue, has troubles which come three in a bunch. He reported to the police this morning that somebody stole three of his setter dogs or else the dogs abducted each other.

The police station cabinet of curios and relics was added to materially this morning by a contribution from the Allegheny (Pa.) county prison. The memento was in three parts, consisting of the necktie worn by Ed Biddle, the desperado, when he was killed and two "00" buckshot, which contributed to the killing, which were taken from his body after death. The relics were presented to Burr Glenn, son of Councilman Glenn, of the Sixth ward, who brought them with him yesterday on his return from a visit to Pittsburg and presented them to Detective Coling to be placed in Superintendent Gorsline's cabinet. Upon the resignation of Soffel, the warden of the Allegheny county prison whose wife was so unfortunately mixed up in the tragedy, James Mitchell was appointed warden in his stead. Warden Mitchell is a first cousin to Burr Glenn and that is how the Fort Wayne young man happened to get the souvenirs. The necktie is an elaborate up-to-date four-in-hand of gros grain silk, deep red in color and marked by square polkadots in black. The buckshot are round, of course, and are about the size of a pea.

DID NOT OPEN FOR BUSINESS

F. P. MENSCH GROCERY IN FINANCIAL STRAITS.

Proprietor's Attorney Says He Will File Bankruptcy Petition This Afternoon.

The grocery house of F. P. Mensch, at 23 West Columbia street, did not open its doors for business this morning. This afternoon A H Bittinger, attorney for Mr Mensch, stated that a petition in voluntary bankruptcy was being prepared, and that it would be filed today.

The financial troubles of the house are ascribed to a dullness in trade during the past winter. The liabilities are estimated at $4,546.42, with assets of $4,399 83. Mr Mensch has been in the grocery business in this city about thirteen years. He opened at 23 West Columbia street, after a time removed to a Calhoun street location, and later returned to Columbia street. A number of Fort Wayne wholesale houses are creditors.

LOSSES OF THE BOERS.

London, Feb 28.—The war secretary, Mr. Brodorick, announced in the house of commons today that during the last two days six hundred Boers had been killed or captured and that 2,000 horses and 28,000 head of cattle had fallen into the hands of the British troops. The prisoners include De Wet's son and the general's secretary.

MARRIAGE LICENSES.

The belated marriage license certified to by reliable affidavit, but not before called for, was today issued to Lester Hollopeter and Mamie Gorrell

Mrs J. K Ross is recovering from a severe illness of about ten days.

E. W. GROVE.
This name must appear on every box of the genuine Laxative Bromo-Quinine Tablets, the celebrated Cold and Grip Cure. 25 cents.

Dr. F. G. Griser, of Columbia City, is in town on a business trip.

ACTORS HURT IN A WRECK

SPECIAL TRAIN OF THE FLORODORA COMPANY DITCHED.

Several Members of the Troop Seriously Injured—Scenery and Baggage Destroyed.

Wilmington, Del., Feb. 28.—A special train carrying the Florodora Theatrical company from Norfolk, Va., to Wilmington, Del., on the New York, Philadelphia and Norfolk railroad, was wrecked yesterday at Eastville, Va., and several members of the company were seriously injured. A heavy fog prevented the engineer from observing a freight train ahead and a rear end collition occurred. The engine, baggage car and two forward cars of the special train were completely wrecked. W. L. Carleton, of the Florodora company, sustained serious injuries. He is paralyzed from the waist down and may not recover. E. C. Herr, manager of the company, and Charles H. Powers are also badly injured.

Others who sustained injuries are Tony Roney, Miss Frances Gordon, Miss Ella Henry, Miss Maud Davis, Miss Selma Mantell, Miss Ida Doerde, Miss Libbie Nunn, Miss Lillie Young and Miss Annie Young. The fireman of the special was badly scalded and will die.

There were eighty-seven persons in the theatrical company. The wreckage caught fire after the collision and a bucket brigade formed by the uninjured members of the company succeeded in extinguishing the flames. The scenery and nearly all the baggage were destroyed by fire. The injured were brought here and cared for.

NEW CONCERN IN BUSINESS

SALESMEN OUT FOR INDEPENDENT RUBBER COMPANY.

Messrs. Lehman and Kann Have Leased East Columbia Street Property for Wholesale House.

The new Independent Rubber company, exclusively wholesale, recently organized in Fort Wayne by Isidor Lehman, the well known shoe merchant, and Sol Kann, of Ligonier, has begun business, and a force of five salesmen now out upon the road are sending in orders of gratifying magnitude. The traveling men now at work are Messrs. Sol Kann, Sig Kann, J. C. Gillian, George F. Brand and G. E. Hartung, all of whom have had years of experience in the footwear trade.

Mr. Lehman stated to The Sentinel this morning that the Independent company has closed a lease for the White building at 29 East Columbia street, and a force of workmen is now remodeling the structure to conform to the needs of the new wholesale house. The building is 20x110, four stories in height, and will be occupied in its entirety by the new firm. An electric elevator is being installed, and the building will be handsomely equipped.

The stock has been purchased, but will not be installed in the Fort Wayne house until in May or June. Meanwhile the company is filling its orders direct from the factories.

FUNERAL ANNOUNCEMENTS.

Heitzler.—Funeral services of Mrs. Margaret Heitzler will be held Sunday afternoon at 1:30 o'clock from the residence, 47 Summit street, and at 2 o'clock from St John's Lutheran church.

Casteel.—Funeral services of William E. Casteel will be held from the residence, 28 Brooklyn avenue, Sunday afternoon at 1 o'clock. Rev. M. C. Cooper will officiate.

FOUR KILLED IN A WRECK

FATAL MISHAP ON SOUTHERN RAILROAD.

Train Wrecked Near Griffin, Ga., and Many Made Victims—Furnace Roof Kills Two.

Griffin, Ga., Feb. 28.—A southbound passenger train on the Columbus branch of the Southern railway went through a trestle into a creek at midnight near Zetella, Ga. The following were killed:

A. F. Matthews, engineer, Columbus, Ga.
J. L. Hill, baggagemaster, Columbus, Ga.
Leo G. Murray (?) mail clerk, Atlanta, Ga.
Isaac McDowell, fireman, Columbus, Ga.

Several passengers were injured, but none fatally.

The structure had been weakened by the heavy rains and three bents of the bridge gave way. The train was running cautiously and was not making over eight miles an hour. The first-class coach was the only car that did not go into the washout.

FURNACE ROOF KILLS TWO.

Chicago, Feb. 28.—Two men were killed and three were injured today by the falling of a furnace roof at the plant of the South Chicago Furnace company. The dead:

Frank Russell.
Michael Jackular.

While the three men who were injured are in a serious condition it is said they have a good chance of recovery. The accident is supposed to have been due to the weakening of the steel trusses supporting the galvanized iron roof.

TWO NEW PATENTEES.

Two Allen county inventors have just made applications for patents through the W. C. Burns agency. Harry Meyer, of the Meyer Cycle company, has produced an electric igniter for gas engines, and Albert Steury, residing near New Haven, is bringing out an automatic wagon brake.

IS RELIGION AN ESSENTIAL

AS A QUALIFICATION FOR THE WORKING MAN.

Question by Rev. E. W. Allen is Answered by Fort Wayne Employes of Labor.

Recently Rev. E. W. Allen, pastor of the West Jefferson Street Church of Christ, addressed this inquiry to the bank presidents and many of the employers of labor in Fort Wayne:

"In the selection of employes and officials, in your judgment how much, if any, importance should be attached to the fact that an applicant is religiously inclined, or a prominent, active Christian worker?"

Mr. Allen has been interested in learning whether the employers of Fort Wayne look upon religion in their workmen as a recommendation. He has arranged for a meeting at the church on Sunday afternoon at 3:30, when the replies to this question will be read. The names of the writers will be withheld, but the replies will be read in full. Rev. Allen invites all of the men of Fort Wayne to attend this meeting and hear what the employers think of religion.

Attend Patterson's sale tomorrow.

JUDGE WAS SHY ON ARABIC

POLICE JUDICIARY FORCED TO GUESS AND WONDER.

Riot Cases Grow Out of a Fight at the Bass Foundry—News in Police Circles.

Judge Louttit had his own troubles to contend with at police court this morning, besides trying to adjust those of others. The trouble with the judge was that there was a lot of talk parceled out that he was not in with at all. Oswald Johnson was on trial for assault and battery on Salem Bander, and Oswald persisted in pleading not guilty. Salem is a Syrian and can't talk any English, while the judge is an author, but can't talk Arabic, not even as well as he can sing. This dilemma was bridged by the appearance of Kaleel Keen, who chews up Arabic the same as the office girl chews gum, and he unloads English the same as a collegian. Kaleel is a native-born Syrian who has been in this country but nine years, yet he speaks English almost perfectly, with scarcely an accent, is up-to-date in everything and made a dandy interpreter. Salem, in giving his evidence, had to use Kaleel as a sort of a speaking tube and the judge didn't like that. "You can understand some English, can't you?" the judge said, addressing the witness.

"Ki yl slam adi biff et tku bil snoot. Kr-r-r ipsty humpty dan. ksnx bow-biu bif ! ! ! Ksnyu chi up booze. Yum et tu Brute Yuka Dam," replied Mr. Bander, without breaking his face.

"Is that so," said the judge. "Well, well, well! All right, but I'll see to it that it never happens again. Say, you'll have to get some witnesses here that can talk English. Didn't anybody see this fight that can talk like a phonograph? I'd like to hear some of this evidence myself."

He was told that there were a number who saw the fight and even had a hand in it, and they were composed of Irish, Dutch, negroes, Syrians and Swedes.

"No wonder they got into a fight," said the judge. "Don't ever bring a crowd like that into this court But I'll tell you now—I'll continue this case until 10:30 and by that time I want just one plain American here that knows something about this rumpus and can tell me about it." The case was so continued.

Oswald Johnson's story was plain enough. He said he was busy when the fight started and he did not know what it started about, but the first thing that he saw was every man taking a crack at his neighbor, so he started in to prevent survival of the fittest. The fight occurred late in the evening in the casting room at the Bass foundry and at that hour everybody looks like anybody else on account of the liberal deposits of smoke, soot and sweat. He saw somebody caress Mr. Bander with something and he did not remember whether it was with a hot ladle, a punching rod or a meat axe; the only thing that Mr. Johnson could swear to with absolute positiveness was that he did not do the caressing. Abd Elfataah, the other victim of the fracas, is still in bed, and Ed Brase, who is accused of having put Abd out of business, is reputed to have skipped the town last night by going east on the Nickel Plate. Pending the continuance of the Johnson case Prosecutor Emrick drew up a new affidavit charging Oswald Johnson, Frank Sanders, John Wilson and George Wilson with rioting. All the defendants are colored men, working at the Bass foundry, and others may be implicated in the riot charge.

It was nearly 11 o'clock when the witnesses summoned to appear in the case presented themselves and shortly thereafter the court was reconvened. The state admitted that there was no way of intelligently presenting the case to the judge in making a specific case against Oswald Johnson, filed the affidavit for a riot against the parties above named and took a continuance until Friday, March 7, one week from today.

At the same session of the court the case against Buros Brockus was dismissed, there not being any newly adduced evidence to hold him on.

Buros Brockus was arrested on the affidavit of William Shilling, a stockman, who charges that Buros stole $7 from his pants pocket while the pant owner was asleep. The theft was committed at the American house, where Buros, Shilling and a young man named Cox occupied the same room. There is no doubt that Shilling is seven plunks out, but there seems to be a doubt whether Buros got it. The court was so much in doubt on a presentation of the case that he appointed J. E. Bittenger to defend the young fellow and his case was continued. Brockus is from Lima, Ohio, where he is well connected, and it has likewise been discovered that he has a sweetheart in the Tri-State block who will be heart-broken—maybe—when she hears of his misfortune.

Abraham Steinman, a well known character about town, was arrested last night for vagrancy. The judge passed him out this morning, on his promise to go to work at once.

The police station was visited yesterday afternoon by a committee representing the Woman's club league of this city. The ladies were much pleased with the conditions existing at the well kept station and expressed great gratification at the marked cleanliness which is always conspicuously manifest at the department headquarters. The only objection made by the visitors was regarding the conspicuousness of the women's cell or cage, which it is thought occupies too prominent a position.

POLICE NOTES.

At 3 o'clock this morning the eastbound Nickel Plate train unloaded an interesting family at the local depot. The family consisted of a mother and six children, but no cash. They are en route east—just east—and were allowed to remain in the depot during the balance of the night. This morning the mother started out to arrange for further transportation.

Mr. Rose, of 122 Lake avenue, has troubles which come three in a bunch. He reported to the police this morning that somebody stole three of his setter dogs or else the dogs abducted each other.

The police station cabinet of curios and relics was added to materially this morning by a contribution from the Allegheny (Pa.) county prison. The memento was in three parts, consisting of the necktie worn by Ed Biddle, the desperado, when he was killed and two "00" buckshot, which contributed to the killing, which were taken from his body after death. The relics were presented to Burr Glenn, son of Councilman Glenn, of the Sixth ward, who brought them with him yesterday on his return from a visit to Pittsburg and presented them to Detective Coling to be placed in Superintendent Gorslins's cabinet. Upon the resignation of Soffel, the warden of the Allegheny county prison whose wife was so unfortunately mixed up in the tragedy, James Mitchell was appointed warden in his stead. Warden Mitchell is a first cousin to Burr Glenn and that is how the Fort Wayne young man happened to get the souvenirs. The necktie is an elaborate up-to-date four-in-hand of gros grain silk, deep red in color and marked by square polkadots in black. The buckshot are round, of course, and are about the size of a pea.

DID NOT OPEN FOR BUSINESS

F. P. MENSCH GROCERY IN FINANCIAL STRAITS.

Proprietor's Attorney Says He Will File Bankruptcy Petition This Afternoon.

The grocery house of F. P. Mensch, at 23 West Columbia street, did not open its doors for business this morning. This afternoon A. H. Bittinger, attorney for Mr. Mensch, stated that a petition in voluntary bankruptcy was being prepared, and that it would be filed today.

The financial troubles of the house are ascribed to a dullness in trade during the past winter. The liabilities are estimated at $4,545.42, with assets of $1,399.84. Mr. Mensch has been in the grocery business in this city about thirteen years. He opened at 23 West Columbia street, after a time removed to a Calhoun street location, and later returned to Columbia street. A number of Fort Wayne wholesale houses are creditors.

LOSSES OF THE BOERS.

London, Feb. 28.—The war secretary, Mr. Brodrick, announced in the house of commons today that during the last two days six hundred Boers had been killed or captured and that 2,000 horses and 28,000 head of cattle had fallen into the hands of the British troops. The prisoners include De Wet's son and the general's secretary.

MARRIAGE LICENSES.

The belated marriage license certified to by reliable affidavit, but not before called for, was today issued to Lester Hollopeter and Mamie Gorrell.

Mrs. J. K. Ross is recovering from a severe illness of about ten days.

E. W. GROVE.

This name must appear on every box of the genuine Laxative Bromo-Quinine Tablets, the celebrated Cold and Grip Cure. 25 cents.

Dr. F. G. Griser, of Columbia City, is in town on a business trip.

New Haven News: "By next Tuesday Architect Wing will have the plans and specifications for New Haven's new Methodist Protestant church completed and work on the new edifice will begin at an early date. The house will cost about $5,000 and $3,000 of this has already been subscribed. Two prominent farmers have promised to donate $1,100 between them."

OLD RESIDENT DEAD.

(New Haven News.)

Last Friday Richard B. Beebe, an old resident of this vicinity, died at the age of 61 years, 7 months and 19 days. The deceased was born in Erie county, Ohio, July 2, 1840, and came to Allen county in 1846 and has resided here ever since. He was united in marriage to Miss Emma Cutterback in the year 1870, who died several years ago. He leaves two sons, a brother and a sister. Rev. Swenk, of the M. P. church, conducted the funeral services.

NEW CASE OF SMALLPOX.

A case of smallpox was reported to Health Commissioner Macbeth yesterday afternoon, the patient being W. A. Shearer, a traveling salesman residing at 44 Webster street. The house was placed under quarantine at once. Mr. Shearer returned from a trip to Sidney, Ohio, last Saturday and has been unwell ever since. Yesterday he became much worse and the doctor, who was hastily summoned, found the patient suffering from a virulent form of smallpox.

Hair Falls

It doesn't take much of Ayer's Hair Vigor to stop falling of the hair. This is because it is a regular hair-food, feeding and nourishing the hair and making it grow thick and heavy. It always restores color to gray hair—all the dark, rich color.

"I have used your Hair Vigor, off and on, for 30 years. I am now over 60 years of age, have a good head of hair and not a single gray hair."
Mrs. L. Wilbur, Wayland, N. Y.

At All druggists. J. C. AYER CO., Lowell, Mass.

BUILD BEET SUGAR FACTORY.

A largely attended meeting of New Haven business men and farmers residing near that town was held yesterday afternoon, at which it was about definitely settled that New Haven will have a beet sugar factory within a year. S. A. Henry, of the Kalamazoo Beet Sugar company; John Peach, expert agriculturist, and M. H. Stuart, of the Michigan Beet Sugar Manufacturers' association, were present and made addresses, promising to put $100,000 in a factory if 500 acres were pledged to beet sugar culture. Farmers present promised 250 acres, which with the 200 already secured brings the total to near the desired amount. A stock company was formed, which will meet in a few days to perfect its organization. The factory will employ 300 hands for five months.

Rev. J. W. Lake will assist in a revival service at the U. B. church in Ligonier next week.

AUTHOR AND PHYSICIAN.

Writes Interesting Tale.

The author of "Under Palmetto and Pine," "Norma Trist," "Four Years on Wheels," etc., Dr. J. W. Carhart of LaGrange, Texas, in addition to his literary efforts is a hard working physician in general practice.

He writes interestingly of how his freedom from heart trouble was gained by leaving off coffee and using Postum in its place. "I drank coffee in the ordinary form for many years; nervous trouble involving disturbance of the heart's action resulted.

On coming to Texas I fell into the habit of drinking coffee after hard, cold rides in my practice or when in camp or on the trail. My heart trouble soon became exceedingly aggravating, resulting in frequent attacks of what was pronounced angina pectoris, a severe agonizing pain over the heart extending to the back and sometimes down the left arm.

In some of these attacks but for the timely administration of morphine injected hypodermically I could have survived but a short time.

At different times I abandoned the use of coffee, believing it the cause of my troubles, and invariably improved, but as I had nothing satisfactory to take its place in the way of a beverage I returned to its use.

The literature of Postum Cereal Coffee came to my notice and I resolved to try it. The directions for preparation were strictly followed and I found it an agreeable, appetizing, invigorating table beverage. I continued its use in my family for the past year and a half or two years during which time I have never had an attack of my old heart trouble, am capable now at the age of 67 years and do as much professional and literary work as at any period of my life. I can endure physical exercise without weariness but with zest and relish, and have gained in weight from 134 pounds to 165 pounds."

The doctor further refers to the wide spread prevalence of heart trouble from the use of coffee and tobacco, and speaks of the advantage gained by patients when they leave off coffee and take Postum.

It must also be added that the poison of the coffee does not affect the heart in some patients but shows its work in the stomach and bowels with one, perhaps in the eye with another, and kidneys with another, and general nervous prostration with another.

It is never possible to tell just where the result of the poisoned nerve centers will show forth. There is but one way to surely cure such cases and that is by insisting upon leaving off coffee and using Postum in its place. Postum contains the elements for rebuilding the nerve cells and brain. Albumen is furnished in a variety of foods, but albumen cannot be made into the soft, gray matter of the brain and nerve cells except by the action of the phosphate of potash upon it, and the system will not always take up the crude phosphate of potash, whereas, it can be depended upon to take up the delicate particles of that element when presented as nature presents it in food. It is in both Postum Coffee and Grape-Nuts.

The house will cost about $5,000 and $3,000 of this has already been subscribed. Two prominent farmers have promised to donate $1,100 between them."

OLD RESIDENT DEAD.

(New Haven News.)

Last Friday Richard B. Beebe, an old resident of this vicinity, died at the age of 61 years, 7 months and 19 days. The deceased was born in Erie county, Ohio, July 2, 1840, and came to Allen county in 1846 and has resided here ever since. He was united in marriage to Miss Emma Cutterback in the year 1870, who died several years ago. He leaves two sons, a brother and a sister. Rev. Swenk, of the M. P. church, conducted the funeral services.

Hair Falls

It doesn't take much of Ayer's Hair Vigor to stop falling of the hair. This is because it is a regular hair-food, feeding and nourishing the hair and making it grow thick and heavy. It always restores color to gray hair—all the dark, rich color.

"I have used your Hair Vigor, off and on, for 30 years. I am now over 60 years of age, have a good head of hair and not a single gray hair."
Mrs. L. Wilbur, Wayland, N. Y.

If. All druggists. J. C. AYER CO., Lowell, Mass.

BUILD BEET SUGAR FACTORY.

A largely attended meeting of New Haven business men and farmers residing near that town was held yesterday afternoon, at which it was about definitely settled that New Haven will have a beet sugar factory within a year. S. A. Henry, of the Kalamazoo Beet Sugar company; John Pench, expert agriculturist, and M. H. Stuart, of the Michigan Beet Sugar Manufacturers' association, were present and made addresses, promising to put $100,000 in a factory if 500 acres were pledged to beet sugar culture. Farmers present promised 250 acres, which with the 200 already secured brings the total to near the desired amount. A stock company was formed, which will meet in a few days to perfect its organization. The factory will employ 300 hands for five months.

Rev. J. W. Lake will assist in a revival service at the U. B. church in Ligonier next week.

AUTHOR AND PHYSICIAN.

Writes Interesting Tale.

The author of "Under Palmetto and Pine," "Norma Trist," "Four Years on Wheels," etc., Dr. J. W. Carhart of LaGrange, Texas, in addition to his literary efforts is a hard working physician in general practice.

He writes interestingly of how his freedom from heart trouble was gained by leaving off coffee and using Postum in its place. "I drank coffee in the ordinary form for many years; nervous trouble involving disturbance of the heart's action resulted.

On coming to Texas I fell into the habit of drinking coffee after hard, cold rides in my practice or when in camp or on the trail. My heart trouble soon became exceedingly aggravating, resulting in frequent attacks of what was pronounced angina pectoris, a severe agonizing pain over the heart extending to the back and sometimes down the left arm.

In some of these attacks but for the timely administration of morphine injected hypodermically I could have survived but a short time.

At different times I abandoned the use of coffee, believing it the cause of my troubles, and invariably improved, but as I had nothing satisfactory to take its place in the way of a beverage I returned to its use.

The literature of Postum Cereal Coffee came to my notice and I resolved to try it. The directions for preparation were strictly followed and I found it an agreeable, appetizing, invigorating table beverage. I continued its use in my family for the past year and a half or two years during which time I have never had an attack of my old heart trouble, am capable now at the age of 67 years and do as much professional and literary work as at any period of my life. I can endure physical exercise without weariness but with zest and relish, and have gained in weight from 134 pounds to 165 pounds."

The doctor further refers to the wide spread prevalence of heart trouble from the use of coffee and tobacco, and speaks of the advantage gained by patients when they leave off coffee and take Postum.

It must also be added that the poison of the coffee does not affect the heart in some patients but shows its work in the stomach and bowels with one, perhaps in the eye with another, and kidneys with another, and general nervous prostration with another.

It is never possible to tell just where the result of the poisoned nerve centers will show forth. There is but one way to surely cure such cases and that is by insisting upon leaving off coffee and using Postum in its place. Postum contains the elements for rebuilding the nerve cells and brain. Albumen is furnished in a variety of foods, but albumen cannot be made into the soft, gray matter of the brain and nerve cells except by the action of the phosphate of potash upon it, and the system will not always take up the crude phosphate of potash, whereas, it can be depended upon to take up the delicate particles of that element when presented as nature presents it in food. It is in both Postum Coffee and Grape-Nuts.

Masonic Temple—Saturday matinee and night, "The Dairy Farm."

Neither the one way nor the other does the charter decision affect the street-cleaning functions of the board of works. But it would seem to, nevertheless.

The changed attitude of the senate on the Tillman-McLaurin fight may probably be correctly interpreted as meaning that McLaurin was right in calling Tillman a liar and Tillman justified in punching McLaurin's head.

Britons show a disposition to sneer at and grow satirical over the reception given Prince Henry in this country. The Britons should curb their jealousy and send an exhibit of their own. America might treat the prince of Wales very handsomely if he should visit this country.

The dedication of the Allen county court house ought to be made the occasion of something memorable in the way of public celebration. Such a building is worth all that can be done to make its formal dedication an event historic. The Commercial club and the county commissioners are co-operating and the promise is good for a worthy celebration of the progress of Allen county, which the new court house so splendidly symbolizes.

President Roosevelt, it is said, will ignore the insulting letter sent him by Lieutenant Governor Tillman, of South Carolina, asking the president to withdraw his acceptance of an invitation to present a sword to a local military hero. Certainly the president should pursue no other course. The boorish lieutenant governor would acquire a kind of fame from the fact that he had compelled the president of the United States to take notice of such an affront. Otherwise Tillman will win only contempt at the beginning and oblivion finally. Six months hence he will not be remembered.

Senator McLaurin's wish that Senator Tillman's open charge that McLaurin's vote for the Spanish treaty was secured by giving him control of federal patronage in South Carolina be investigated ought to be gratified as speedily as the senate can set about the inquiry. McLaurin may feel confident of vindication, but that is no proof that Tillman's charge is unfounded. It is well known that McLaurin was obstinately opposed to the treaty until a time very near the day of the vote in the senate. It is also a fact that soon after he voted for ratification of the treaty he became the dispenser of federal patronage in his state. These salient facts might mean a great deal or they might mean nothing, but in view of Tillman's charge they should be investigated by the senate.

The supreme court's decision on the charter case was not in any sense a vindication of the "wide open" policy that to greater or less extent has prevailed in this city for a long time. There are those, however, who seem to read that meaning in the ruling of the court. The decision simply continues the law-enforcing power in the hands of the mayor, where certainly it ought to be, but it does not in any wise modify the mayor's duty with respect to the laws he is under oath to maintain and enforce. If further effort to turn this city over to republican control by legislative enactment is to be avoided the excuse heretofore made for such attempts must be wiped out. The facts upon which pretext for the change was based actually existed, even if the purpose assigned to the attempt and the use made of the facts were false. That the effort to turn control of the police department in this city over to the minority failed was due solely to the fact that the promoters of this political and partisan enterprise in their eagerness for power greedily overreached themselves. Another time they may go with appetites better controlled, if not less voracious, and get what they are after in a fashion that will better stand the test of the constitution. The democratic party and administration in this city can put an effectual check on this thing by giving the sort of an enforcement of the law that the official oath and common understanding of the law plainly require.

WOLFF'S

SPOILED LAWYER'S CLIMAX.

Peru, Ind., Feb. 28.—Attorney Reasoner met with a ludicrous mishap yesterday afternoon while closing for the defence in the Nethery homicide case. Ethan was in the wildest of his grandest flights of oratory and flourishing the cane of the late Heine Helmig about his head in a threatening manner to show how Helmig approached Nethery to do him up, bringing the cane down on the floor with force to show how strong and dangerous a weapon of assault it was, as a climax. The cane broke when it reached the floor, thus playing the boomerang act on Ethan and spoiling all his tragical purpose and causing a laugh among all present in the court room. Ethan was not disconcerted in the least and finished in a halo of glory.

NO CONTRACT YET EXISTS

"TAX FERRET" ORDINANCE IS WITHOUT EFFECT.

City Attorney Says It is Merely an Accepted Proposition—News of City Hall.

City Attorney Shambaugh says that notwithstanding the action of the council the other night Charters & Warson, the "tax ferrets," have no contract with the city. The firm made a proposition to the city to uncover sequestered taxable property, which proposition was discussed and afterwards regularly referred to the committee on contracts and franchises. The committee after several meetings agreed to disagree and reported the proposition back to the council without recommendation. The proposition was then referred to the committee of the whole, which submitted a majority and a minority report to the council. The majority report recommended the acceptance of the proposition and carried with it the ordinance. This majority report was adopted by a decisive vote, but no provision was made for the acceptance of the contract. As it stands, Mr. Shambaugh says, it is purely a proposition which has been accepted, but is not a contract. The mayor is not authorized to sign it, the board of works is not empowered to attach the city's signature, the clerk won't sign it unless specially authorized, and so the whole proposition looks like a tail without a kite.

Tomorrow will be pay day at the city hall, when all city employes except street and park employes will be paid.

This morning at 5:50 Messrs. Eggemann, Doehrman and Zollinger, of the board of works; City Engineer Randall, General Agent Read and Local Agent T. J. Peter, representing the Kentucky rock asphalt concern, left for Columbus, Ohio. The purpose of the visit to Columbus is to inspect the rock asphalt streets which have been laid there for some years, and before returning the committee will visit Louisville and Indianapolis. Kentucky rock asphalt has recently been admitted to the specifications in this city and its promoters will in all probability be bidders on all public paving contracts this year. It is for the purpose of satisfying the board and the city engineer on the question of durability of the pavement that the present trip is being taken, and being taken at personal and not public expense.

NEARING QUARTER CENTURY.

H. A. Philley this morning received a letter from Rev. S. A. Northrop, for many years pastor of the Baptist tabernacle in this city and now pastor of the First Baptist church at Kansas City, Mo., stating that his work in the west is moving along nicely. Rev. Northrop says: "On September 1 I will have completed out a quarter of a century in the Christian ministry, and twenty-five happy years with the best pastor's wife on this globe." Rev. and Mrs. Northrop will celebrate their silver wedding anniversary, and the twenty-fifth anniversary of Mr. Northrop's entrance into the ministry on that date.

FAIRFIELD—ROBINSON.

Thursday evening at 7 o'clock the home of Mr. and Mrs. Warren Robinson, of Wayne township, six miles southwest of the city, was the scene of a very pretty wedding when their daughter, Miss Ressie, was united in marriage to Oliver P. Fairfield, son of Charles W. Fairfield, a prominent farmer of the same township. There were no attendants. Rev. J. W. Lake, pastor of Calvary U. B. church, was the officiating clergyman. The bride appeared very charming in a gown of white organdie made over white satin, and carried a large bouquet of bride's roses, tied with white ribbon. After the ceremony a delicious wedding repast was served. Mr. and Mrs. Fairfield are well known and popular young people, and they will be the recipient of the most abundant congratulations. They will go to housekeeping in a handsome new home erected on the farm of Charles W. Fairfield.

A splendid coterie of musicians will contribute to the program at the Baptist church this evening, when the young men's Bible class will give another of its series of entertainments. The complete program was printed in The Sentinel yesterday, and the entertainment is certain to be of a very high order. Traveling men are specially welcomed.

Mothers, be sure and use Mrs. Winslow's Soothing Syrup for your children while cutting teeth. It is the best remedy of all. my8eod-w

Kodol Digests what you Eat

Dyspepsia Cure

If you have indigestion don't resort to stimulants to force your stomach beyond its strength. It is only because it is weak and tired that it fails to perform its task. A stimulant may lend false strength for a time but the very violence of the effort the abused organ will make weakens it more than ever. With the reaction following the use of the stimulant will consequently come keener suffering than before. Nor will the stomach respond so readily to the next treatment of a similar character. With each repetition conditions will be worse than before. What the stomach wants is rest. Kodol Dyspepsia Cure will furnish such a rest. It digests what you eat. All other preparations lack one or more of the natural digestants. Consequently they can't effect a complete cure. Kodol Dyspepsia Cure contains them all. It acts just as the stomach acts. While it does the stomach's work the stomach is obtaining the rest which it needs to restore it to a healthy condition. "I used to suffer so from indigestion that even a soda cracker or glass of water would cause agony," says H. L. Wharton, New Berne, N. C. "I commenced using Kodol Dyspepsia Cure and it soon cured me." Weak and sickly children thrive on it.

Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co., Chicago. The $1. bottle contains 2½ times the 50c. size.

Look for big sign in front of store.

THE STATE GIVES EVIDENCE!

From every section, city, town and village comes convincing proof of the great value of Dr. A. W. Chase's Nerve Pills as a medicine unequaled in the cure of all varieties of nervous diseases. So great and widespread is the mass of testimony it needs no argument. The facts speak for themselves.

MARION.

Mrs. R. S. Padgett, of No. 218 West Ninth street, Marion, Ind., says: "I can highly recommend Dr. A. W. Chase's Nerve Pills I got at the Potsoffice drug store to anyone who is nervous, tired, sleepless, sluggish and just miserable. I was all of this and had tried most everything with no relief until I got the Nerve Pills and they are just fine. They built me up in general, my headaches left, strength and energy returned, I sleep well, the nerves are strong and steady and I feel every way in good condition. It is to my mind a grand nerve and general tonic. I shall not be without them in the future."

SOUTH BEND.

Mrs. F. S. Moore of No. 312 West Marion street, South Bend, Ind., says: "I suffered for some years with nervousness, heart trouble and pains in the back caused by kidneys being inactive. I tried Dr. A. W. Chase's Nerve Pills, and after taking one box my health is wonderfully improved—nerves stronger and pains in the back gone. I strongly recommend the pills."

HAMMOND.

Mr. C. C. Griffin, of 419 East Truman street, Hammond, Ind., says: "I am able from the results obtained in my case to highly recommend Dr. A. W. Chase's Nerve Pills I got. I was nervous, restless, depressed and rested poorly nights. The medicine gave me strength, steadiness and quietness of nerves, and as a consequence natural rest. The result was of such a good nature that I think a recommendation in order."

EVANSVILLE.

Misses L. and E. Weber, of No. 215 E. Columbia street, Evansville, Ind., says: "We have both used Dr. A. W. Chase's Nerve Pills for nervous headaches and have found the medicine works very satisfactorily. It relieves the headaches and steadies the nerves. These pills are a grand nerve medicine."

INDIANAPOLIS.

Mrs. C. M. Stoneburner, of 626 Indiana avenue, Indianapolis, Ind., says: "I was very nervous, run down, restless, excitable and sleepless at nights, when I got a box of Dr. A. W. Chase's Nerve Pills. Since I used the box I feel strong, steady, nerves quiet and strong and my sleep restful again. It is a great nerve medicine."

TERRE HAUTE.

Mrs. J. Wallace, of 810 South Fifteenth street, Terre Haute, Ind., says: "My main trouble was indigestion, but I was also nervous and had severe attacks of nervous headaches. I got a box of Dr. A. W. Chase's Nerve Pills, and now I am pleased to state that my digestion is good, my nerves steadied and the headache gone. I think these pills a splendid medicine."

MUNCIE.

Mrs. H. P. Davis, of No. 30 West Jackson street, Muncie, Ind., says: "For nervous headaches—the hard, weakening kind—and the nervous condition that permits excitement or overwork to bring them on, Dr. A. W. Chase's Nerve Pills are fine. The box we got at the People's drug store stopped so far as one can see just such a series of attacks in our house by its tonic effect on the nerves and system at large. Dr. A. W. Chase's Ointment as an application in insect bites is simply fine."

FORT WAYNE.

Mrs. J. H. Kress, of 143 Broadway, Fort Wayne, Ind., says: "I think Dr. A. W. Chase's Nerve Pills are just splendid. I was badly in need of nerve tonic, as I was depressed, weak and nervous. I got some of the medicine, and they built me right up, gave me strength, energy and made the nerves good and steady. I am very much pleased with the medicine."

MICHIGAN CITY.

Mrs. L. Bouchard, of No. 237 West Ninth street, Michigan City, Ind., says: "As a medicine to cure nervous headaches and the nervous weakness that causes them, I can, from a trial box I got, recommend Dr. A. W. Chase's Nerve Pills to others as a safe, sure and rapid acting tonic to the nerves and system generally, making the nerves strong and stopping headaches."

LAFAYETTE.

Mrs. Mary Feaster, of 505 South Twentieth street, Lafayette, Ind., says: "From a personal trial and the good results obtained from a use of Dr. A. W. Chase's Nerve Pills, I can recommend them to those who are run down, weak, nervous and depressed from any cause. To those who will use them faithfully they will give health, strength, steadiness of nerves and a feeling of life."

LOGANSPORT.

Mr. W. F. Wray, of No. 728 High street, Logansport, Ind., says: "As a nerve tonic to steady and make quiet weak nerves—to build up the strength in fine shape and to give natural, easy sleep, these Dr. A. W. Chase Nerve Pills are just the medicine. They are great and I am glad to say so, as I know it from a personal test."

Beware of imitation---this shaped box---no other. Signature and portrait of Dr. A. W. Chase on each box of the genuine. Price 50c at dealers or Dr. A. W. Chase Medicine Co., 257 Main St. Buffalo, N. Y.

Neither the one way nor the other does the charter decision affect the street-cleaning functions of the board of works. But it would seem to, nevertheless.

The changed attitude of the senate on the Tillman-McLaurin fight may probably be correctly interpreted as meaning that McLaurin was right in calling Tillman a liar and Tillman justified in punching McLaurin's head.

Britons show a disposition to sneer at and grow satirical over the reception given Prince Henry in this country. The Britons should curb their jealousy and send an exhibit of their own. America might treat the prince of Wales very handsomely if he should visit this country.

The dedication of the Allen county court house ought to be made the occasion of something memorable in the way of public celebration. Such a building is worth all that can be done to make its formal dedication an event historic. The Commercial club and the county commissioners are co-operating and the promise is good for a worthy celebration of the progress of Allen county, which the new court house so splendidly symbolizes.

President Roosevelt, it is said, will ignore the insulting letter sent him by Lieutenant Governor Tillman, of South Carolina, asking the president to withdraw his acceptance of an invitation to present a sword to a local military hero. Certainly the president should pursue no other course. The bootish lieutenant governor would acquire a kind of fame from the fact that he had compelled the president of the United States to take notice of such an affront. Otherwise Tillman will win only contempt at the beginning and oblivion finally. Six months hence he will not be remembered.

Senator McLaurin's wish that Senator Tillman's open charge that McLaurin's vote for the Spanish treaty was secured by giving him control of federal patronage in South Carolina be investigated ought to be gratified as speedily as the senate can set about the inquiry. McLaurin may feel confident of vindication, but that is no proof that Tillman's charge is unfounded. It is well known that McLaurin was obstinately opposed to the treaty until a time very near the day of the vote in the senate. It is also a fact that soon after he voted for ratification of the treaty he became the dispenser of federal patronage in his state. These salient facts might mean a great deal or they might mean nothing, but in view of Tillman's charge they should be investigated by the senate.

The supreme court's decision on the charter case was not in any sense a vindication of the "wide open" policy that to greater or less extent has prevailed in this city for a long time. There are those, however, who seem to read that meaning in the ruling of the court. The decision simply continues the law-enforcing power in the hands of the mayor, where certainly it ought to be, but it does not in any wise modify the mayor's duty with respect to the laws he is under oath to maintain and enforce. If further effort to turn this city over to republican control by legislative enactment is to be avoided the excuse heretofore made for such attempts must be wiped out. The facts upon which pretext for the change was based actually existed, even if the purpose assigned to the attempt and the use made of the facts were false. That the effort to turn control of the police department in this city over to the minority failed was due solely to the fact that the promoters of this political and partisan enterprise in their eagerness for power greedily overreached themselves. Another time they may go with appetites better controlled, if not less voracious, and get what they are after in a fashion that will better stand the test of the constitution. The democratic party and administration in this city can put an effectual check on this thing by giving the sort of an enforcement of the law that the official oath and common understanding of the law plainly require.

WOLFS'

SPOILED LAWYER'S CLIMAX.

Peru, Ind., Feb. 28.—Attorney Reasoner met with a ludicrous mishap yesterday afternoon while closing for the defence in the Nethery homicide case. Ethan was in the wildest of his grandest flights of oratory and flourishing the cane of the late Heine Helmig about his head in a threatening manner to show how Helmig approached Nethery to do him up, bringing the cane down on the floor with force to show how strong and dangerous a weapon of assault it was, as a climax. The cane broke when it reached the floor, thus playing the boomerang act on Ethan and spoiling all his tragical purpose and causing a laugh among all present in the court room. Ethan was not disconcerted in the least and finished in a halo of glory.

NO CONTRACT YET EXISTS

"TAX FERRET" ORDINANCE IS WITHOUT EFFECT.

City Attorney Says It is Merely an Accepted Proposition—News of City Hall.

City Attorney Shambaugh says that notwithstanding the action of the council the other night Charters & Watson, the "tax ferrets," have no contract with the city. The firm made a proposition to the city to uncover sequestered taxable property, which proposition was discussed and afterwards regularly referred to the committee on contracts and franchises. The committee after several meetings agreed to disagree and reported the proposition back to the council without recommendation. The proposition was then referred to the committee of the whole, which submitted a majority and a minority report to the council. The majority report recommended the acceptance of the proposition and carried with it the ordinance. This majority report was adopted by a decisive vote, but no provision was made for the acceptance of the contract. As it stands, Mr. Shambaugh says, it is purely a proposition which has been accepted, but is not a contract. The mayor is not authorized to sign it, the board of works is not empowered to attach the city's signature, the clerk won't sign it unless specially authorized, and so the whole proposition looks like a tail without a kite.

Tomorrow will be pay day at the city hall, when all city employes except street and park employes will be paid.

This morning at 5:50 Messrs. Eggemann, Doehrman and Zollinger, of the board of works; City Engineer Randall, General Agent Rend and Local Agent T. J. Peter, representing the Kentucky rock asphalt concern, left for Columbus, Ohio. The purpose of the visit to Columbus is to inspect the rock asphalt streets which have been laid there for some years, and before returning the committee will visit Louisville and Indianapolis. Kentucky rock asphalt has recently been admitted to the specifications in this city and its promoters will in all probability be bidders on all public paving contracts this year. It is for the purpose of satisfying the board and the city engineer on the question of durability of the pavement that the present trip is being taken, and being taken at personal and not public expense.

NEARING QUARTER CENTURY.

H. A. Philley this morning received a letter from Rev. S. A. Northrop, for many years pastor of the Baptist tabernacle in this city and now pastor of the First Baptist church of Kansas City, Mo., After stating that his work in the west is making many friends, Rev. Northrop says: "On September 1 I will have rounded out a quarter of a century in the Christian ministry, and twenty-five happy years with the best pastor's wife on this globe." Rev. and Mrs. Northrop will celebrate their silver wedding anniversary, and the twenty-fifth anniversary of Mr. Northrop's entrance into the ministry on that date.

FAIRFEILD—ROBINSON.

Thursday evening at 7 o'clock the home of Mr. and Mrs. Warren Robinson, of Wayne township, six miles southwest of the city, was the scene of a very pretty wedding when their daughter, Miss Rosale, was united in marriage to Oliver P. Fairfield, son of Charles W. Fairfield, a prominent farmer of the same township. There were no attendants. Rev. J. W. Lake, pastor of Calvary U. B. church, was the officiating clergyman. The bride appeared very charming in a gown of white organdie made over white satin, and carried a large bouquet of bride's roses, tied with white ribbon. After the ceremony a delicious wedding repast was served. Mr. and Mrs. Fairfield are well known and popular young people, and they will be the recipient of the most abundant congratulations. They will go to housekeeping in a handsome new home erected on the farm of Charles W. Fairfield.

A splendid coterie of musicians will contribute to the program at the Baptist church this evening, when the young men's Bible class will give another of its series of entertainments. The complete program was printed in The Sentinel yesterday, and the entertainment is certain to be of a very high order. Traveling men are specially welcomed.

Mothers, be sure and use Mrs. Winslow's Soothing Syrup for your children while cutting teeth. It is the best remedy of all. my8eod-w

Kodol Digests what you Eat

Dyspepsia Cure

If you have indigestion don't resort to stimulants to force your stomach beyond its strength. It is only because it is weak and tired that it fails to perform its task. A stimulant may lend false strength for a time but the very violence of the effort the abused organ will make weakens it more than ever. With the reaction following the use of the stimulant will consequently come keener suffering than before. Nor will the stomach respond so readily to the next treatment of a similar character. With each repetition conditions will be worse than before. What the stomach wants is rest. Kodol Dyspepsia Cure will furnish such a rest. It digests what you eat. All other preparations lack one or more of the natural digestants. Consequently they can't effect a complete cure. Kodol Dyspepsia Cure contains them all. It acts just as the stomach acts. While it does the stomach's work the stomach is obtaining the rest which it needs to restore it to a healthy condition. "I used to suffer so from indigestion that even a soda cracker or glass of water would cause agony," says H. L. Wharton, New Beirne, N. C. "I commenced using Kodol Dyspepsia Cure and it soon cured me." Weak and sickly children thrive on it.

Cures All Stomach Troubles.

Prepared by E. C. DeWitt & Co., Chicago. The $1. bottle contains 2½ times the 50c. size.

SYNDICATE TO OFFER SITES

FOR LOCATION OF FACTORIES IN FORT WAYNE.

Meeting Called to Determine Court House Dedication—Commercial Club Program.

Directors of the Commercial club at their meeting last evening inaugurated a movement looking toward the organization of a land syndicate to provide sites for manufacturing institutions which desire to locate in Fort Wayne, and President Culbertson was empowered to name a committee whose double duty it shall be to receive proposals for the sale of from 100 to 250 acres of land, and to formulate a plan of organization.

This committee was named by the president today and is made up as follows:

THE COMMITTEE.

W. F. Graeter, chairman; C. A. Wilding, E. W. Cook, Henry Beadell, Isidor Lehman, Charles Falk, E. C. Schell, Henry P. Scherer, Henry C. Berghoff and G. W. Soliday.

The action was taken after a prolonged discussion of the situation that has confronted the Commercial club whenever the location of a factory has been under consideration. The club has had no land to offer, and no chance of securing a site except by canvass for private subscriptions. This plan is arduous and only moderately successful. It is now proposed to purchase a large tract located conveniently to the city, divide a portion of it into lots and dispose of them, retaining the balance of the land to be given for factory purposes. It is believed many citizens will take stock in an enterprise which has for its purpose the advancement of the manufacturing interests of the city. Several tracts of land were under consideration, and some of them were reported as held at figures so high as to be practically prohibitive. The committee named will invite proposals from land owners upon all sides of the city in the hope that factory sites may be secured in this way.

UP TO THE PEOPLE.

When the matter of the court house dedication was reached, Mr. TenBroek, of the special committee, presented an outlined program for three days, prepared at the suggestion of the county commissioners. A discussion followed regarding the length of the celebration which ought to be attempted. Three days had been suggested, but the county commissioners can only provide funds for the one day of dedication proper, and anything more than this will have to be carried forward by funds secured by private subscription. The Commercial club was unwilling to undertake an enterprise of this character unless the business men who would naturally derive the most direct benefit show a disposition to bear their share of the burden, and the matter resolved itself into a determination to call a meeting of business men generally at the court house assembly room Monday afternoon at 4 o'clock. It is up to the business men who will benefit by the crowds in attendance to be present at that meeting and say what they are willing to do in the matter of carrying on the dedicatory event. Unless sufficient interest is shown, the ceremonies will in all probability be limited to a single day.

Chairman Graeter, of the manufactures committee, reported two concerns desiring to locate in Fort Wayne. Mr. Graeter will ask a definite proposition from each in the hope that within a short time the land company proposition will place the club in a position to offer them what is necessary in the way of sites and buildings.

FOR FUTURE MEETINGS.

The program committee, composed of Messrs. C. W. Orr, E. H. McDonald, Dr. W. O. Gross, G. W. Beers and H. T. Staples, has provided interesting programs for the two succeeding regular monthly meetings of the club. At the meeting in March Lieutenant Governor Gilbert has consented to deliver an informal talk, and in April a banquet will be given. More detailed announcement will be given later.

MISSION WORK THE TOPIC

CONVENTION OF STUDENT VOLUNTEER MOVEMENT.

Dr. Millard, of Baltimore, Points Out the Vast Work to be Done in Heathen Lands.

Toronto, Ont., Feb. 28.—The opening address at the first session today of the student volunteer movement at the Massey hall was delivered by Dr. E. E. Chivers, of Brooklyn. "We must be missionaries to the very core," he declared, "if we wish to carry out the principles of christianity. Missionary energy should be installed into our Sunday school scholars."

"Printed page in foreign missions," was the title of an address delivered by John W. Wood, secretary of the domestic and foreign missionary society. The speaker paid a tribute to the work of the bible societies whereby the bible has been translated into over 400 tongues and dialects.

An interesting address to students was delivered by Rev. Herman P. Beach, the educational secretary of the volunteer movement, on "Place of Mission Study in Theological Institutions."

The Rev. Dr. Junius W. Millard, of Baltimore, was the next speaker, his subject being "The Pastor as an Educational Missionary Force."

After a hundred years of effort only five millions of the heathen have been gathered for Jesus, leaving nine hundred and ninety-five millions who know Him not, and the Christian people everywhere seem dead to their responsibility. For this condition of affairs the pastors are in the main responsible.

No living man assumes such grave responsibility as the Christian minister. He is the missionary middle man, charged by Jesus with the responsibility for the spread of the commerce of the gospel. As the executive of the great commission, he stands next to Jesus. As the chief executive of the church, he stands at the head of the local church as its leader. The layman is entrusted with the stewardship of money, the pastor with the stewardship of facts and forces.

The foreign mission problem is how to arouse the church of Christ to a holy zeal for the salvation of the world. As by their inactivity, the pastors are responsible for past failure, so by their co-operation they will prove the greatest factors in solving this problem. They are to be educational forces among their people, and are to do their work mainly by preaching.

It is the fashion nowadays to decry preaching, and we are learning to put in its stead social betterment and uplifting work. I want to emphasize the need for true, Christ-like, gospel preaching. If we could get every evangelical pastor in the United States and Canada to preach once a year on missions, we would see a mighty advance, and three or four rousing sermons a year in all the pulpits of Christendom would take the world for the great King.

What we want to do by our preaching is to develop a missionary atmosphere in our churches so real that the casual worshiper will be attracted by world-wide views and interests.

So, let the minister study missions and pray for missions in his study, before he preaches missions from his pulpit.

And in his preaching let the pastor have two definite objects in view. First, he is to find the money for God's work. Instead of nineteen millions annually, the Christian world ought to give ten times that amount, for the Protestant nations are affluent with unprecedented wealth. If you take the wealth of the evangelical Christians of the United States alone, it represents a financial ability many times beyond the reach of all the heathen religions, and even nations, combined, and would, if consecrated to the Master's use, easily suffice to carry the gospel to all peoples in this generation.

In the second place, the pastor is to find the men and women to go as missionaries. Very few Christians can attend meetings like this, but the pastor in his sermon can lay the burden of the call of the Christ upon the consciences of his hearers, and in his public prayers he can pray that the Lord of the harvest would send forth more laborers into his harvest.

The same theme as Dr. Millard's was expounded by Rev. Dr. Egbert Smith, of the Presbyterian church, south. "The duty of the pastor," he asserted, "is not to enlist some, but to enlist all the members of his church in the imperial cause of foreign missions."

The necessity of more prayer for missions was the topic touched upon by the Rev. Elmore Harris, head of the Toronto Bible Training school.

Bishop Thoburn again gave one of his stirring addresses on the duty of christians toward foreign missions.

Over twenty section conferences were held this afternoon.

WU BECOMES AMERICANIZED.

An Atchison (Kansas) girl who is attending school in Washington went to the reception recently given by the wife of Minister Wu at the Chinese legation, and of her observations she writes as follows:

"The house is very much like an American one. The servants were English and the few Chinamen scattered about seemed out of place. I found myself wondering that the servants didn't give the Chinamen the family wash and put them out. The Wus are becoming more like us every year. Formerly Minister Wu received and his wife was poked back in a corner. Now she receives and he merely wanders around and looks lonesome, all the same like American man when his wife gives a party."

SYNDICATE TO OFFER SITES

FOR LOCATION OF FACTORIES IN FORT WAYNE.

Meeting Called to Determine Court House Dedication—Commercial Club Program.

Directors of the Commercial club at their meeting last evening inaugurated a movement looking toward the organization of a land syndicate to provide sites for manufacturing institutions which desire to locate in Fort Wayne, and President Culbertson was empowered to name a committee whose double duty it shall be to receive proposals for the sale of from 100 to 250 acres of land, and to formulate a plan of organization.

This committee was named by the president today and is made up as follows:

THE COMMITTEE.

W. F. Graeter, chairman; C. A. Wilding, E. W. Cook, Henry Beadell, Isidor Lehman, Charles Falk, E. C. Schell, Henry P. Scherer, Henry C. Berghoff and G. W. Soliday.

The action was taken after a prolonged discussion of the situation that has confronted the Commercial club whenever the location of a factory has been under consideration. The club has had no land to offer, and no chance of securing a site except by canvass for private subscriptions. This plan is arduous and only moderately successful. It is now proposed to purchase a large tract located conveniently to the city, divide a portion of it into lots and dispose of them, retaining the balance of the land to be given for factory purposes. It is believed many citizens will take stock in an enterprise which has for its purpose the advancement of the manufacturing interests of the city. Several tracts of land were under consideration, and some of them were reported as held at figures so high as to be practically prohibitive. The committee named will invite proposals from land owners upon all sides of the city in the hope that factory sites may be secured in this way.

UP TO THE PEOPLE.

When the matter of the court house dedication was reached, Mr. TenBroek, of the special committee, presented an outlined program for three days, prepared at the suggestion of the county commissioners. A discussion followed regarding the length of the celebration which ought to be attempted. Three days had been suggested, but the county commissioners can only provide funds for the one day of dedication proper, and anything more than this will have to be carried forward by funds secured by private subscription. The Commercial club was unwilling to undertake an enterprise of this character unless the business men who would naturally derive the most direct benefit show a disposition to bear their share of the burden, and the matter resolved itself into a determination to call a meeting of business men generally at the court house assembly room Monday afternoon at 4 o'clock. It is up to the business men who will benefit by the crowds in attendance to be present at that meeting and say what they are willing to do in the matter of carrying on the dedicatory event. Unless sufficient interest is shown, the ceremonies will in all probability be limited to a single day.

Chairman Graeter, of the manufactures committee, reported two concerns desiring to locate in Fort Wayne. Mr. Graeter will ask a definite proposition from each in the hope that within a short time the land company proposition will place the club in a position to offer them what is necessary in the way of sites and buildings.

FOR FUTURE MEETINGS.

The program committee, composed of Messrs. C. W. Orr, E. H. McDonald, Dr. W. O. Gross, G. W. Beers and H. T. Staples, has provided interesting programs for the two succeeding regular monthly meetings of the club. At the meeting in March Lieutenant Governor Gilbert has consented to deliver an informal talk, and in April a banquet will be given. More detailed announcement will be given later.

MISSION WORK THE TOPIC

CONVENTION OF STUDENT VOLUNTEER MOVEMENT.

Dr. Millard, of Baltimore, Points Out the Vast Work to be Done in Heathen Lands.

Toronto, Ont., Feb. 28.—The opening address at the first session today of the student volunteer movement at the Massey hall was delivered by Dr. E. E. Chivers, of Brooklyn. "We must be missionaries to the very core," he declared, "if we wish to carry out the principles of christianity. Missionary energy should be installed into our Sunday school scholars."

"Printed page in foreign missions," was the title of an address delivered by John W. Wood, secretary of the domestic and foreign missionary society. The speaker paid a tribute to the work of the bible societies whereby the bible has been translated into over 400 tongues and dialects.

An interesting address to students was delivered by Rev. Herman P. Beach, the educational secretary of the volunteer movement, on "Place of Mission Study in Theological Institutions."

The Rev. Dr. Junius W. Millard, of Baltimore, was the next speaker, his subject being "The Pastor as an Educational Missionary Force."

After a hundred years of effort only five millions of the heathen have been gathered for Jesus, leaving nine hundred and ninety-five millions who know Him not, and the Christian people everywhere seem dead to their responsibility. For this condition of affairs the pastors are in the main responsible.

No living man assumes such grave responsibility as the Christian minister. He is the missionary middle man, charged by Jesus with the responsibility for the spread of the commerce of the gospel. As the executive of the great commission, he stands next to Jesus. As the chief executive of the church, he stands at the head of the local church as its leader. The layman is entrusted with the stewardship of money, the pastor with the stewardship of facts and forces.

The foreign mission problem is how to arouse the church of Christ to a holy zeal for the salvation of the world. As by their inactivity, the pastors are responsible for past failure, so by their co-operation they will prove the greatest factors in solving this problem. They are to be educational forces among their people, and are to do their work mainly by preaching.

It is the fashion nowadays to decry preaching, and we are learning to put in its stead social betterment and uplifting work. I want to emphasize the need for true, Christ-like, gospel preaching. If we could get every evangelical pastor in the United States and Canada to preach once a year on missions, we would see a mighty advance, and three or four rousing sermons a year in all the pulpits of Christendom would take the world for the great King.

REUBEN S. PATTERSON.

Scrofula

THE OFFSPRING OF HEREDITARY BLOOD TAINT.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and oftentimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seals, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and bursted. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her entirely."

SSS makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

Send for our free book and write our physicians about your case. We make no charge whatever for medical advice.

IN NORTHERN INDIANA

John Postius, well known pioneer of Elkhart county, is dead at the age of 82.

Huntington retail clerks have organized a union with a membership of seventy.

The cornerstone of Peru's new $25,000 Carnegie library has been laid with impressive ceremonies.

Col. Russell B. Harrison is interested in a proposed interurban line to run out of South Bend toward Chicago.

Clark Williams, an electrical engineer formerly residing at Warsaw, was killed at Denver by an electric current.

The twentieth annual meeting of the Northern Indiana Teachers' association will be held at South Bend April 3, 4 and 5.

Samuel M. Dailey, formerly of Bluffton and twice auditor of Wells county, died recently at his home in Higginsville, Mo.

Carrol Manor, 3 years old, whose parents live at Albion, is dead from the effects of having swallowed some lye in October, 1900.

Norman Rohrer, an Elkhart student, has mysteriously disappeared from a Detroit medical college, and his friends are nearly distracted.

But one of the original settlers of Marshall county is yet living—Gilson Strong Cleaveland, now 90 years old. He located near Plymouth in 1836.

It is now supposed that Mrs. Jessie Yount and her 18-year-old stepson, who eloped from near Warsaw recently, are somewhere on the Pacific coast. The deserted husband and father says that he will make no further effort to secure their arrest.

Dr. Reade, president of Taylor university at Upland, and formerly of Fort Wayne, had a narrow escape in the burning of the sanitarium at Battle Creek, Mich. He lost many valuable papers and $50 in money. He is now in the Phelps hospital at Battle Creek.

A daring thief entered the home of Mr. and Mrs. H. B. Stanley, at Leesburg, Thursday night, compelled the inmates to remain silent at the point of a pistol and rifled the pockets of Mr. Stanley's trousers, securing some money and jewelry. He has not been captured.

HOPES IT WILL BE THE LAST.

(Indianapolis News.)

The supreme court yesterday served the cause of good government by pronouncing the Fort Wayne "ripper" bill unconstitutional. The purpose of the bill was to deprive Fort Wayne in part of self-government, and place the power in the hands of the governor. The step was taken because Fort Wayne was a democratic city, and the republicans of the legislature thought they could strengthen their party's chance by depriving certain democrats of office and having the governor appoint republicans in their place. But the wicked scheme has failed. The court holds the state has ample power to assume control of the local police when it chooses, but it can not step in and rob a community of the management of its own property acquired for the purpose of protecting the people against fire. But as one feature of the law is unconstitutional, and this is intimately inwrought in the texture of the law, the whole law fails. We hope it will be a long time before the legislature makes a similar assault on local autonomy.

WILL BE TRIED FOR MURDER.

Chicago, Feb. 28.—Captain Streeter, claimant to the filled-in land on the lake front, known as the "District of Lake Michigan," will have to face a trial on the charge of murder. He has been indicted by the grand jury in connection with William McManners, Henry Holdthe and William Porce, charged with being responsible for the death of John S. Kirk, a watchman employed by Henry N. Coone. Samuel Protine, the aged watchman who was Kirk's companion at the time of the battle two weeks ago in the "District of Lake Michigan" and who had been held a prisoner pending the inquest, was exonerated and released from jail. The indictment of Streeter on the murder charge was something of a surprise, because of the fact that former statements in the case seemed to clear him of any connection with the shooting except in that he was alleged to have directed the others to resist any interference in this district.

WILL GO TO TOLEDO.

A number of Fort Wayne physicians will attend the meetings of the Tri-State Medical society at Toledo on March 4. Among those from this city who will read papers are: Dr. A. E. Bulson, on "The Therapeutic Value of Paracentesis of the Cornea"; Dr. W. H. Myers, on "Physical Studies in Medicine"; Dr. Mary Whery, on "The Prevention of Laceration of the Womb"; Dr Luella Derbyshire, on "Diagnostic Value of Pain in Uterine and Ovarian Diseases"; Dr. G. W. McCaskey, on "The Diagnostic Value of Lumbar Puncture Showing Some Cases of Traumitism of the Brain"; Dr. C. E. Barnett, on "Atresia of the Vagina." Dr. K. K. Wheelock, Dr. B. V. Sweringen, Dr. C. B. Stemen and Dr. Miles F. Porter will take part in the discussions.

VACCINATION TO BE ENFORCED.

London, Feb. 28.—Commencing today, all American-bound vessels from English ports infected with smallpox must have their officers, seamen, firemen and emigrants vaccinated, unless they can show that they were recently inoculated with vaccine virus. The order includes Liverpool, Glasgow and London, but Plymouth and Southampton, so far, are excepted. The United States consular officers are instituting a rigid system of inspection. If the epidemic increases they may suggest even more strict measures.

POWDER MILLS CONSOLIDATED.

Wilmington, Del., Feb. 28.—The E. I. Dupont De Nemours Co., for the manufacture of gunpowder and other explosives, capital $20,000,000, has been incorporated at Dover. The new corporation is expected to take in all of the Dupont powder mills. The Forwood Lead Co., capital $1,000,000, to acquire mining rights in New Mexico and Arizona, has also filed articles of incorporation.

RESIGNS TO FIGHT A DUEL.

Athens, Feb. 28.—M. Topalis, the minister of justice, has resigned in order to fight a duel with Colonel Koumoundouros. The quarrel between M. Topalis and Colonel Koumoundouros was the outcome of proceedings against a deputy, charged with inciting to commit murder.

GALE IN NORTHERN OHIO.

Cleveland, O., Feb. 28.—One of the most violent gales experienced in years prevailed throughout northern Ohio early today. At the local weather bureau office the wind, which was from the southeast, registered a velocity of sixty-four miles an hour. Telephone and telegraph poles and wires were prostrated in many places, with the result that the service is seriously affected. It will probably require several days to fully repair the damage.

TWO VESSELS DRIVEN ASHORE.

Philadelphia, Feb. 28.—The three-masted schooner Annie T. Bailey, lumber-laden, from Savannah for Philadelphia, is ashore near Cape Henlopen, a few miles below the Delaware breakwater. She has eight feet of water in her hold. The British bark N. B. Morris, from Rosario for Philadelphia, is ashore a quarter of a mile north of Cape Henlopen life-saving station. The crew was landed. The vessel is leaking badly.

CALL FOR BANK STATEMENTS.

Washington, Feb. 28.—The comptroller of the currency today issued a call for the condition of national banks at the close of business, Tuesday, Feb. 25.

WANTS MONEY FOR KISSES.

Baraboo, Wis., Feb. 28.—Mrs. Sarah Staton, married and residing in Sauk county, wants $15,000 for three kisses. She appeared before Judge Kelsey here yesterday and gave her deposition alleging that David C. James, of Richmond Center, had hugged and kissed her three times against her will. The trial, which promises to be sensational, will take place in the Richmond county circuit court in April. Mr. James is well to do and served last year as department commander of the G. A. R. He owns a farm in Sauk county upon which Mr. and Mrs. Staton live and work. He frequently visited the farm and it was on one of these visits that Mrs. Staton testifies that offense occurred. Mr. James denies the charges and says it is a case of blackmail. Mrs. Staton is 47 and James is 58 years of age.

THIRD SUICIDAL ATTEMPT

ALBION GIRL FINALLY GETS A FATAL HURT.

Bertha Homsher, Aged Fifteen, Uses a Revolver—Wanted to Marry —Indiana News.

Albion, Ind., Feb. 28.—Miss Bertha Homsher, the 15-year-old daughter of Joseph E. Homsher, living three miles east of here, shot herself in the right temple yesterday noon with suicidal intent and cannot recover. This is her third attempt, once by poison and once before by shooting. Disappointment in a love affair was the cause. Her lover was with her Wednesday night, and he also declared he would shoot himself unless they were permitted to marry. Their marriage was opposed because of their youthfulness, neither being of marriageable age. The girl's parents are prominent, her father having been the democratic candidate for sheriff two years ago.

FRAUDULENT USE OF MAILS.

Muncie, Ind., Feb. 28.—Mrs. Hannah Adams, alias Sallie Adams and Hannah Brown, aged 67, was arrested and placed in jail yesterday afternoon by United States Marshal Fletcher, pending a trial next week on the charge of using the mails for fraudulent purposes. The woman has lived in Muncie, but has conducted a matrimonial agency through the Daleville post office, and a large number of men with money and matrimonial intentions have been swindled out of large sums. One man, a former resident of this county, came all the way from South America and was duped by the woman after she had secured his money. This case led to the exposure and arrest. The postal authorities claim to have conclusive proof of the woman's guilt, nearly fifty letters taken from the Daleville post office the past few days and a dozen photographs being in the hands of Inspector Fletcher, of the post office. A man named Kissel is in jail at Noblesville for complicity in the same case.

LOVE WINS TOO LATE.

Frankfort, Ind., Feb. 28.—The body of John Smith, a Clover Leaf machinist, was found in his room in the Duffy hotel, at this city, late yesterday. A week ago Smith and his wife, who had been married only a few weeks, quarreled and she left him. He became distracted at the separation and Wednesday evening retired to his room in the hotel and took morphine. Repeated calls brought no response from his room yesterday and the police broke into the room. Smith lay across the bed dead. Mrs. Smith, who contemplated returning to her husband, is prostrated.

LIFE CONVICT DROPS DEAD.

Kokomo, Ind., Feb. 28.—Mike Gillooly, sent to the Michigan City prison from here in 1877 for killing Policeman Thomas W. Lannon on the Junction depot platform, fell dead this week from heart trouble. Gillooly was a "lifer." He was given two trials and each time was sentenced to be hanged. He was defended by John W. Kern and Milton Carrigus. Two scaffolds were built for the hanging and local papers printed accounts of the execution. At the last moment Governor "Blue Jeans" Williams granted a stay and commuted the sentence to life imprisonment. Gillooly served twenty-four years. He was twenty-three years old when convicted.

FIRE LOSS AT BUNKER HILL.

Bunker Hill, Ind., Feb. 28.—Fire broke out in the Duckwall building at this place yesterday and before the flames were under control after the Logansport fire department had responded to a call for aid, property valued at $15,000 was destroyed. The losses and insurance follow: D. W. Yeagley, boots, shoes, clothing, dry goods, loss $8,000, insurance $6,000. Duckwall building, two-story brick, occupied by Yeagley, loss $1,000; insurance $1,200. Clark & Sons, grocers, loss $1,800; insurance $1,300. Allen Wickler, hardware, loss $500; no insurance. Miller & Co., dry goods, loss $400; no insurance. Edward Maggler, barber, loss $300; no insurance. Whitcomb building, loss $1,300; insurance $1,200.

UNFAITH OF A WOMAN.

Anderson, Ind., Feb. 28.—Seth Wilder shot Nelson Hamilton, his most intimate friend, as the latter was coming away from his work at the Indiana box factory at 5 o'clock last night. The bullet entered near the heart and Hamilton cannot live. After being shot Hamilton took the revolver from Wilder and snapped it a number of times with the hope of killing him, but it would not explode. Before sinking to the ground he knocked his assailant down. The men have been the most intimate of friends, and for a year inseparable. Wednesday morning, Wilder avers, he found his wife sitting on Hamilton's lap. He bought the revolver and then told his wife he was going to kill Hamilton.

SAYRE WANTS TO BE SPEAKER.

Wabash, Ind., Feb. 28.—Warren O. Sayre, of this city, will be a speakership candidate at the forthcoming session of the Indiana legislature. Mr. Sayre has always looked back with pleasure on his incumbency of the speaker's chair in 1887, and has often declared he would rather occupy that position than be a member of congress. He was nominated for representative by Wabash county republicans on Feb. 4 by acclamation, and his election will follow as a matter of course. By reason of his extensive acquaintance over the state he is expected to be a formidable candidate for the speakership.

CASHIER WINS SUIT.

Vincennes, Ind., Feb. 28.—The jury in the case of the state vs. Mathew Kelly and Dallas Tyler, gamblers, to recover money won from Richard C. Davis by "shooting craps," returned a verdict in favor of the plaintiff for $9,000. Judge Cobb overruled the motion of the defendants for a new trial. Charles E. Dailey was appointed a special judge to try several other similar cases now pending to recover money lost by Davis in gambling at Washington, Ind.

CASTORIA
For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher

Mrs. C. B. Blue, formerly of Des Moines, Ia., but now living in Chicago, is in the city the guest of her friend, Mrs. M. L. Hastie, of 24 West Berry street.

Mrs. Will T. Jeffries, of 373 Baker street, is slowly improving from a severe illness.

THE MARKETS.

Chicago, Feb. 28.—Unresponsive cables, general rains and larger northwestern receipts influenced a lower opening in wheat. Locals were inclined to sell partly because they were not expecting any further crop damage reports for the time being. May started ½c lower to unchanged at 76¾c to 76¾c. There was fair buying through commission houses early and later fear that heavy rains went might break up the roads and retard movement steadied the tone. May sold to 78⅝c and then eased again to 76½c. Local receipts were 19 cars, 3 of contract grade; Minneapolis and Duluth reported 387 cars, making a total for the three points of 406 cars, against 517 last week and 342 a year ago. Argentine shipments were 500,000 bushels, compared to 824,000 bushels the corresponding week last year.

Corn held to its strength early, even though the slightly higher Liverpool cables were not responsive to yesterday's local firmness. Much of the bullish feeling was due to the heavy western rains, which it was feared would further retard the movement. July for a time seemed to be in better demand than May options. Light acceptances over night influenced firmness, but there was no conspicuous trade early on either side. May opened ⅛c higher at 61½c, eased to 61⅜c and then advanced to 61⅝c. Receipts were 130 cars.

May oats opened ⅛c lower to ⅛c higher at 43⅜c to 43⅝c and for a time held easy. The buying of yesterday was not in evidence at the start and a little liquidation was going on. The pit crowd acted as if it expected some active movement soon in May options. Later a commission house demand sprang up and on the corn strength May went up to 43¾@44c. The uneasy feeling, however, pressed the price back again and May sold at 43⅝@43⅜c. Receipts were 89 cars.

Higher prices for hogs stimulated some buying and covering in provisions and though trade was light prices were better all around. May pork opened 5@10c higher at $15.30@15.35; May lard 2½@5c up at $9.32½@9.35, and May ribs 2½@5c higher at $8.40 and sold between that figure and $8.37½.

THE CLOSE.

Prices at the close were as follows:

Wheat—Feb., 74¾c; March, 74¾c; May, 76¾@77c; July, 77¾c; Sept., 77⅝c.

Corn—Feb., 60½c; May, 62½@62⅝c; July, 61½c; Sept., 60c; Dec., 48⅝c.

Oats—Feb., 44c; March, 44c; May, 44½c; July, 36⅝c; Sept., 31c.

Pork—Feb., $15.25; May, $15.47½; July, $15.62½.

Lard—Feb., $9.20; March, $9.20; May, $9.37½; July, $9.47½; Sept., $9.60.

Ribs—Feb., $8.32½; May, $8.42½; July, $8.52½; Sept., $8.62½.

Flax—Cash N. W., $1.08; S. W., $1.65; May, $1.68.

Rye—Feb., 57½c; May, 58¾c; July, 58¾c.

Barley—Cash, 58@62c.

Timothy—March, $6.50.

Clover—March, $8.80.

BUTTER, CHEESE AND EGGS.

Chicago, Feb. 28.—Butter—Market weak; creameries, 18@25c; dairies, 18@23c.

Cheese—Market firm; twins, 10½@11c; dairies, 11½@11¾c; young Americas, 11½@12c.

Eggs—Market firm, 26c.

CHICAGO LIVE STOCK.

Chicago, Feb. 28.—Cattle—Receipts, 2,500, including 400 Texans; market dull. Good to prime steers, $6.50@7.00; poor to medium, $4.00@5.40; stockers and feeders, $2.25@5.00; cows, $1.25@5.25; heifers, $2.50@5.50; canners, $1.25@2.25; bulls, $2.50@4.50; calves, $3.50@8.00; Texas fed steers, $4.50@5.75.

Hogs—Receipts today, 21,000; tomorrow, 20,000; left over, 5,134; market 10c higher. Mixed and butchers, $5.85@6.35; good to choice heavy, $6.25@6.40; rough heavy, $5.00@6.20; light, $5.75@5.90; bulk of sales, $5.90@6.20.

Sheep—Receipts, 4,000; sheep slow, shade lower; lambs lower. Good to choice wethers, $4.65@5.25; fair to choice mixed, $3.80@4.50; native lambs, $3.75@6.25.

THE DAY ON WALL STREET.

New York, Feb. 28.—Opening dealings in stocks were small and price changes were unimportant and very evenly divided between gains and losses. There were large orders for Norfolk and Western, but the gain was only ⅝.

The volume of business decreased considerably and contrary movements in a few important stocks increased the irregularity of the general market. Profit-taking lowered Brooklyn Transit a large fraction, while Amalgamated Copper and Missouri Pacific advanced as much. There was a slight renewal of yesterday's demand for Chesapeake and Ohio and Norfolk and Western, but other railroads were neglected. Realizing on the resumption of dividend payments on Evansville and Terre Haute depressed it 2½ and the preferred lost 1. Northwestern rose 1½ and reacted and Great Northern preferred after opening down 1 recovered 2½. Ann Arbor, Colorado Fuel, Toledo, St. Louis and Western, Wheeling and Lake Erie first preferred, Kansas City Southern preferred and the American Ice stocks advanced 1@2 points. Glucose preferred and American Agricultural Chemical preferred fell 1⅝@2, but the latter raillied over a point.

Baltimore and Ohio rose a sharp fraction and Pittsburg, C., C. & St. Louis 1½. The trans-continental stocks were slightly better with St. Paul leading. An active buying movement developed in the Detroit Southern stocks lifting the common 1¾ and the preferred 2. Colorado and Southern second preferred lost a point. Toward noon the market became semi-stagnant and wholly uninteresting.

Bonds were steady and less active. Trading was small in Wabash debenture B's, but a strong demand for Fort Worth and Denver City 6's carried them over 114.

There were advances of about a point in Canada Southern, Kansas City Southern and Keokuk and Des Moines. Keokuk and Des Moines preferred rose 2 and Kansas City Southern preferred 3½. An active selling movement then carried the whole list off sharply, declines reaching 1 to 1½ for many active stocks. The level of prices generally felt below last night.

THE MONEY MARKET.

New York, Feb. 28.—Money on call steady at 2½ per cent; prime mercantile paper, 4@4½ per cent; sterling exchange steady with actual business in bankers' bills at $4.87¾@4.88 for demand, and at $4.85¼@4.86¾ for 60 days; posted rates, $4.86 and $4.88½; commercial bills, $4.84¾@4.85¼; bar silver, 55½c; Mexican dollars, 43¾c.

FORT WAYNE MARKETS.

Fort Wayne, Ind., Feb. 28.—Flour—Spring wheat, $4.00@4.25; winter, bbl., $4.00@4.50; Graham, $1.75 per cwt.; buckwheat, $2.65 per cwt.; corn meal, bolted, $1.50 per cwt.; corn meal, unbolted, $1.50 per cwt.

Wheat—83c.

Oats—44@46c bu.

Corn—60@62c.

Timothy Seed—$2.70@2.80 bu.

Rye—55@60c.

Cloverseed—$4.75@5.00.

Barley—55@60c.

Chop Feed—$1.40 per cwt.

Oil Meal—$1.50 per cwt.

Flax Seed—$1.75.

Hides—Green, 7c; salted, 7½c.

Calf Hides—Green, 9c; salted, 10½c.

Wool—Unwashed, 16@18c; washed, 22@23c.

Bran—Ton, $22.00.

Shorts—Ton, $22.00.

Middlings—Ton, $22.00.

Pork—On foot, $5.75@6.00.

Pork—Dressed, $7.10@7.30.

Cattle—$4.50@4.75.

Sheep—3@4c lb.

Lambs—4½@5c lb.

Rabbits—15c.

CITY HAY MARKET.

Timothy—$9.00@10.00.

A PUZZLE PICTURE.

WHERE IS THE FOURTH PLAYER?

Clover—$6.00@7.50.
Mixed—$7.00@9.00.
Straw—$4.00@5.00.

PRODUCE.

Butter—20@22c.
Butter—Creamery, 27@28c.
Eggs—23@24c.
Lard—10c lb.
Ducks—8@9c lb.
Live Chickens—8@8½c lb.
Dressed Chickens—10@11c lb.
Live Turkeys—12c lb.
Dressed Turkeys—14c lb.
Live Geese—6@7c lb.
Dressed Geese—8@9c lb.
Potatoes—75@85c.
Apples—$1.25@1.50 bu.
Beans—$1.75 bu.
Onions—$1.25@1.40 bu.
Honey—14@18c lb.
Hickory Nuts—$1.25@1.50 bu.

S. Bush & Co.'s quotations: Wool, unwashed, 18c; washed, 25c; hides, green, 6c; cured, 8c; calf hides, green, 9c; cured, 10½c; clover seed, $5.00@5.25 per bu; barley, 55c.

LABORERS LOSE THEIR SUIT

JUDGE FOX RENDERS DECISION IN COURT AT RICHMOND.

Holds Labor Law Unconstitutional in Case of Private Contracts on Public Work.

Richmond, Ind., Feb. 28.—Judge Fox has handed down an important decision in the suits brought by Samuel C. Whitsell, attorney for several of the unskilled laborers employed by the Varney Construction company, which has the contract for the municipal electric light plant. These men sued to recover the extra 5 cents an hour to which they claim the law entitles them. They have been paid 15 cents and want 20.

Judge Fox did not hear any argument in the case, as the ground was thoroughly gone over some months ago when the case came up in reference to laborers employed by the city. He ruled that the labor law is unconstitutional in so far as it affects private contractors having contracts with the city, in which they employ unskilled labor.

It is the understanding that the State Federation of Labor will appeal the case to the supreme court. Fred D. Ropke, of Indianapolis, attorney for the federation, has been here for several days and he thinks the federation will order an appeal taken. Attorney Whitsell says if the federation does not appeal one will be taken anyhow. He has advised the men for whom he brought suit to take mechanics' liens on the light plant in order to make themselves good in case the supreme court holds the law good. There are about forty of the workmen and their claims aggregate $700.

In his decision of several months ago on the labor law, the case at that time simply involving the question of the constitutionality of the law where the city employs unskilled labor directly, Judge Fox held the law constitutional on that point.

THANK OFFERING SERVICE.

The annual thank offering service of the Woman's Foreign Missionary society of the Berry street M. E. church will be held Sunday evening and the program is as follows:

Overture—"Ivanhoe".....Edw. Haysel
Schlatter's Orchestra.

Choir.
Address .....
Selection—"Starlit Night Serenade".....Laurendeau
Schlatter's Orchestra.
Solo .....Selected..
Miss Grace Geiseking.
Postlude—"The Golden Trumpet"....Worrel
Schlatter's Orchestra.

STRUCK BY A BEAM.

Ora Redding, residing at 42 St. Marys avenue, was struck on the head and painfully injured by a beam while working in a ditch near No. 2 pumping station this afternoon. Redding is employed by Contractor Derhcimer, and was working at the bottom of the excavation, when one of the supporting beams, loosened by the water, gave way and fell to the bottom, striking Redding a terrific blow on the head and shoulders, rendering him unconscious. He was taken to his home in the patrol wagon, where his injuries were dressed by Dr. A. E. VanBuskirk.

WAS INTERNE HERE.

Dr. Edgar B. Hartman has just been advised of the death of his friend and classmate, Dr. Chester P. Williams, which occurred at his home in Indianapolis on Wednesday from malarial fever. Dr. Williams was graduated from the Indiana Dental college last year. In 1900 he was dental interne at the state school for feebleminded, and was quite well known in Fort Wayne socially.

Don't overlook the Members' Stag Party at the Fort Wayne Club tomorrow night.

ATTENTION, DEMOCRATS.

The democrats of Allen county are requested to meet on Friday, March 14, 1902, at the usual places of holding primary elections in their respective wards, townships or precincts, for the purpose of electing by ballot 183 delegates to the county convention to be held in Fort Wayne, Ind., on March 15, 1902, at 10 a. m. at the Princess rink, which convention will meet for the purpose of nominating one senator and three representatives to the general assembly, one judge of the superior court of Allen county, Ind., one prosecuting attorney for the Thirty-eighth judicial district of Indiana, one clerk, one auditor, one treasurer, one sheriff, one coroner, one surveyor, one commissioner for the Third district, and one commissioner for the Second district. In said convention the townships and wards will be entitled to the following number of delegates:

Townships	Delegates
Aboite	4
Cedar Creek	6
Jefferson	6
Lake	5
Madison	7
Maumee	3
Monroe	8
Pleasant; precinct 1	3
Precinct 2	4
Scipio	3
Washington	6
Wayne	5
Adams; precinct 2	4
Precinct 3 and 4	5
New Haven	4
Eel River	4
Jackson	3
Lafayette	7
Marion	6
Milan	6
Perry	6
Springfield	5
St. Joseph	8

CITY OF FORT WAYNE.

Wards	Delegates
First	7
Second	7
Third	6
Fourth	7
Fifth	6
Sixth	6
Seventh	5
Eighth	8
Ninth	6
Tenth	7

At the same time one active democrat will be elected to represent each township, except Adams, Pleasant, Washington and Wayne townships, who have two committeemen, one for New Haven and two for each ward in the city as members of the county central committee for the ensuing two years.

Also to elect fifty-four delegates to state convention and fifty-four delegates to the congressional convention. The state and congressional delegates will be: Three for each ward, except Fifth ward, which has two delegates; one for each township, except the following: Adams township, two; New Haven, one; Wayne, Monroe, Washington township, each two delegates. Four members of the county council, one from each councilmanic district and three councilmen at large, the delegates from each district will nominate the councilmen from their respective district, and three councilmen at large will be nominated by the convention at large. The township affairs, such as road supervisor, township council, justice of the peace and constables will be nominated in a manner to be agreed upon by the township committeemen, and call for them must be made by him.

The election will be by ballot, the county delegate ticket upon white paper, the state delegate ticket, red paper, and the congressional ticket, blue paper. The name of the candidate for whom such delegates are to be elected must be printed in large letters upon the head of delegate ticket, all to be voted separately and at the same time. The members of the county central committee in the several wards and townships will see that the poles are opened as follows: In the townships from 2 o'clock p. m. and are kept open until 5 o'clock, and in the respective wards and precinct No. 2, Adams and New Haven, from 3 to 7 p. m.

HENRY C. BERGHOFF,
Chairman Allen County Democratic Central Committee.
A. MELCHING, Secretary.

NEWSPAPERARCHIVE.COM

Scrofula

THE OFFSPRING OF HEREDITARY BLOOD TAINT.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and oftentimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seals, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and bursted. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her entirely."

SSS makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

Send for our free book and write our physicians about your case. We make no charge whatever for medical advice.

Office and Residence,

181 CLINTON STREET.

IN NORTHERN INDIANA

John Pontius, well known pioneer of Elkhart county, is dead at the age of 82.

Huntington retail clerks have organized a union with a membership of seventy.

The cornerstone of Peru's new $25,000 Carnegie library has been laid with imposing ceremonies.

Col. Russell B. Harrison is interested in a proposed interurban line to run out of South Bend toward Chicago.

Clark Williams, an electrical engineer formerly residing at Warsaw, was killed at Denver by an electric current.

The twentieth annual meeting of the Northern Indiana Teachers' association will be held at South Bend April 3, 4 and 5.

Samuel M. Dailey, formerly of Bluffton and twice auditor of Wells county, died recently at his home in Higginsville, Mo.

Carrol Manor, 3 years old, whose parents live at Albion, is dead from the effects of having swallowed some lye in October, 1900.

Norman Rohrer, an Elkhart student, has mysteriously disappeared from a Detroit medical college, and his friends are greatly distracted.

But one of the original settlers of Marshall county is yet living—Gilson Strong, Cleaveland, now 90 years old. He located near Plymouth in 1836.

It is now supposed that Mrs. Jessie Yount and her 16-year-old stepson, who eloped from near Warsaw recently, are somewhere on the Pacific coast. The deserted husband and father says that he will make no further effort to secure their arrest.

Dr. Reade, president of Taylor university at Upland, and formerly of Fort Wayne, had a narrow escape in the burning of the sanitarium at Battle Creek, Mich. He lost many valuable papers and $80 in money. He is now in the Phelps hospital at Battle Creek.

A daring thief entered the home of Mr. and Mrs. R. B. Stanley, at Leesburg, Thursday night, compelled the inmates to remain silent at the point of a pistol and rifled the pockets of Mr. Stanley's trousers, securing some money and jewelry. He has not been captured.

HOPES IT WILL BE THE LAST.

(Indianapolis News.)

The supreme court yesterday served the cause of good government by pronouncing the Fort Wayne "ripper" bill unconstitutional. The purpose of the bill was to deprive Fort Wayne in part of self-government, and place the power in the hands of the governor. The step was taken because Fort Wayne was a democratic city, and the republicans of the legislature thought they could strengthen their party's chance by depriving certain democrats of office and having the governor appoint republicans in their place. But the wicked scheme has failed. The court holds the state has ample power to assume control of the local police when it chooses, but it can not step in and rob a community of the management of its own property acquired for the purpose of protecting the people against fire. But as one feature of the law is unconstitutional, and this is intimately inwrought in the texture of the law, the whole law fails. We hope it will be a long time before the legislature makes a similar assault on local autonomy.

WILL BE TRIED FOR MURDER.

Chicago, Feb. 28.—Captain Streeter, claimant to the filled-in land on the lake front, known as the "District of Lake Michigan," will have to face a trial on the charge of murder. He has been indicted by the grand jury in connection with William McManners. Henry Holdtike and William Force, charged with being responsible for the death of John S. Kirk, a watchman employed by Henry N. Coeper. Samuel Proline, the aged watchman who was Kirk's companion at the time of the battle two weeks ago in the "District of Lake Michigan" and who had been held a prisoner pending the inquest, was exonerated and released from jail. The indictment of Streeter on the murder charge was something of a surprise, because of the fact that former statements in the case seemed to clear him of any connection with the shooting except in that he was alleged to have directed the others to resist any interference in that district.

WILL GO TO TOLEDO.

A number of Fort Wayne physicians will attend the meetings of the Tri-State Medical society at Toledo on March 4. Among those from this city who will read papers are: Dr. A. E. Bulson, on "The Therapeutic Value of Paracentesis of the Cornea"; Dr. W. H. Myers, on "Physical Studies in Medicine"; Dr. Mary Wiery, on "The Prevention of Laceration of the Womb"; Dr. Luella Derbyshire, on "Diagnostic Value of Pain in Uterine and Ovarian Diseases"; Dr. G. W. McCaskey, on "The Diagnostic Value of Lumbar Puncture Showing Some Cases of Traumitism of the Brain"; Dr. C. E. Barnett, on "Atresia of the Vagina." Dr. R. K. Wheelock, Dr. B. V. Swearingen, Dr. C. B. Stemen and Dr. Miles F. Porter will take part in the discussions.

VACCINATION TO BE ENFORCED.

London, Feb. 28.—Commencing today, all American-bound vessels from English ports infected with smallpox must have their officers, seamen, firemen and emigrants vaccinated, unless they can show that they were recently inoculated with vaccine virus. The order includes Liverpool, Glasgow and London, but Plymouth and Southampton, so far, are excepted. The United States consular officers are instituting a rigid system of inspection. If the epidemic increases they may suggest even more strict measures.

POWDER MILLS CONSOLIDATED.

Wilmington, Del., Feb. 28.—The E. I. Dupont De Nemours Co., for the manufacture of gunpowder and other explosives, capital $20,000,000, has been incorporated at Dover. The new corporation is expected to take in all of the Dupont powder mills. The Forwood Lead Co., capital $1,000,000, to acquire mining rights in New Mexico and Arizona, has also filed articles of incorporation.

RESIGNS TO FIGHT A DUEL.

Athens, Feb. 28.—M. Tonalis, the minister of justice, has resigned in order to fight a duel with Colonel Koumoundouros. The quarrel between M. Tonalis and Colonel Koumoundouros was the outcome of proceedings against a deputy, charged with inciting to commit murder.

GALE IN NORTHERN OHIO.

Cleveland, O., Feb. 28.—One of the most violent gales experienced in years prevailed throughout northern Ohio early today. At the local weather bureau office the wind, which was from the southeast, registered a velocity of sixty-four miles an hour. Telephone and telegraph poles and wires were prostrated in many places, with the result that the service is seriously affected. It will probably require several days to fully repair the damage.

TWO VESSELS DRIVEN ASHORE.

Philadelphia, Feb. 28.—The three-masted schooner Annie T. Bailey, lumber-laden, from Savannah for Philadelphia, is ashore near Cape Henlopen, a few miles below the Delaware breakwater. She has eight feet of water in her hold. The British bark N. E. Morris, from Rosario for Philadelphia, is ashore a quarter of a mile north of Cape Henlopen life-saving station. The crew was landed. The vessel is leaking badly.

CALL FOR BANK STATEMENTS.

Washington, Feb. 28.—The comptroller of the currency today issued a call for the condition of national banks at the close of business, Tuesday, Feb. 25.

WANTS MONEY FOR KISSES.

Baraboo, Wis., Feb. 28.—Mrs. Sarah Staten, married and residing in Sauk county, wants $15,000 for three kisses. She appeared before Judge Kelsey here yesterday and gave her deposition alleging that David C. James, of Richmond Center, had hugged and kissed her three times against her will. The trial, which promises to be sensational, will take place in the Richmond county circuit court in April. Mr. James is well to do and served last year as department commander of the G. A. R. He owns a farm in Sauk county upon which Mr. and Mrs. Staten live and work. He frequently visited the farm and it was on one of these visits that Mrs. Staten testifies that offense occurred. Mr. James denies the charges and says it is a case of blackmail. Mrs. Staten is 47 and James is 58 years of age.

THIRD SUICIDAL ATTEMPT

ALBION GIRL FINALLY GETS A FATAL HURT.

Bertha Homsher, Aged Fifteen, Uses a Revolver—Wanted to Marry —Indiana News.

Albion, Ind., Feb. 28.—Miss Bertha Homsher, the 15-year-old daughter of Joseph E. Homsher, living three miles east of here, shot herself in the right temple yesterday noon with suicidal intent and cannot recover. This is her third attempt, once by poison and once before by shooting. Disappointment in a love affair was the cause. Her lover was with her Wednesday night and he also declared he would shoot himself unless they were permitted to marry. Their marriage was opposed because of their youthfulness, neither being of marriageable age. The girl's parents are prominent, her father having been the democratic candidate for sheriff two years ago.

FRAUDULENT USE OF MAILS.

Muncie, Ind., Feb. 28.—Mrs. Hannah Adams, alias Sallie Adams and Hannah Brown, aged 57, was arrested and placed in jail yesterday afternoon by United States Marshal Fletcher, pending a trial next week on the charge of using the mails for fraudulent purposes. The woman has lived in Muncie, but has conducted a matrimonial agency through the Daleville post office, and a large number of men with money and matrimonial intentions have been swindled out of large sums. One man, a former resident of this county, came all the way from South America and was duped by the woman after she had secured his money. This case led to the exposure and arrest. The postal authorities claim to have conclusive proof of the woman's guilt, nearly fifty letters taken from the Daleville post office the past few days and a dozen photographs being in the hands of Inspector Fletcher, of the post office. A man named Kissel is in jail at Noblesville for complicity in the same case.

LOVE WINS TOO LATE.

Frankfort, Ind., Feb. 28.—The body of John Smith, a Clover Leaf machinist, was found in his room in the Duffy hotel, at this city, late yesterday. A week ago Smith and his wife, who had been married only a few weeks, quarreled and she left him. He became distracted at the separation and Wednesday evening retired to his room in the hotel and took morphine. Repeated calls brought no response from his room yesterday and the police broke into the room. Smith lay across the bed dead. Mrs. Smith, who contemplated returning to her husband, is prostrated.

LIFE CONVICT DROPS DEAD.

Kokomo, Ind., Feb. 28.—Mike Gillooly, sent to the Michigan City prison from here in 1877 for killing Policeman Thomas W. Lannon on the Junction depot platform, fell dead this week from heart trouble. Gillooly was a "lifer." He was given two trials and each time was sentenced to be hanged. He was defended by John W. Kern and Milton Garrigus. Two scaffolds were built for the hanging and local papers printed accounts of the execution. At the last moment Governor "Blue Jeans" Williams granted a stay and commuted the sentence to life imprisonment. Gillooly served twenty-four years. He was twenty-three years old when convicted.

FIRE LOSS AT BUNKER HILL.

Bunker Hill, Ind., Feb. 28.—Fire broke out in the Duckwall building at this place yesterday and before the flames were under control after the Logansport fire department had responded to a call for aid, property valued at $15,000 was destroyed. The losses and insurance follow: D. W. Yeagley, boots, shoes, clothing, dry goods, loss $4,000, insurance $2,000. Duckwall building, two-story brick, occupied by Yeagley, loss $1,600; insurance $1,200. Clark & Sons, grocers, loss $1,500; insurance $1,300. Allen Wickler, hardware, loss $500; no insurance. Miller & Co., dry goods, loss $400; no insurance. Edward Muggler, barber, loss $300; no insurance. Whitcomb building, loss $1,500; insurance $1,200.

UNFAITH OF A WOMAN.

Anderson, Ind., Feb. 28.—Seth Wilder shot Nelson Hamilton, his most intimate friend, as the latter was coming away from his work at the Indiana box factory at 3 o'clock last night. The bullet entered near the heart and Hamilton cannot live. After being shot Hamilton took the revolver from Wilder and snapped it a number of times with the hope of killing him, but it would not explode. Before sinking to the ground he knocked his assailant down. The men have been the most intimate of friends, and for a year inseparable. Wednesday morning, Wilder avers, he found his wife sitting on Hamilton's lap. He bought the revolver and then told his wife he was going to kill Hamilton.

SAYRE WANTS TO BE SPEAKER.

Wabash, Ind., Feb. 28.—Warren G. Sayre, of this city, will be a speakership candidate at the forthcoming session of the Indiana legislature. Mr. Sayre has always looked back with pleasure on his incumbency of the speaker's chair in 1887, and has often declared he would rather occupy that position than be a member of congress. He was nominated for representative by Wabash county republicans on Feb. 4 by acclamation, and his election will follow as a matter of course. By reason of his extensive acquaintance over the state he is expected to be a formidable candidate for the speakership.

CASHIER WINS SUIT.

Vincennes, Ind., Feb. 28.—The jury in the case of the state vs. Mathew Kelly and Dallas Tyler, gamblers, to recover money won from Richard C. Davis by "shooting craps," returned a verdict in favor of the plaintiff for $9,000. Judge Cobb overruled the motion of the defendants for a new trial. Charles E. Dailey was appointed a special judge to try several other similar cases now pending to recover money lost by Davis in gambling at Washington, Ind.

CASTORIA

For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher

Mrs. C. R. Blue, formerly of Des Moines, Ia., but now living in Chicago, is in the city the guest of her friend, Mrs. M. L. Hastie, of 24 West Berry street.

Mrs. Will T. Jeffries, of 313 Baker street, is slowly improving from a severe illness.

THE MARKETS.

Chicago, Feb. 28.—Unresponsive cables, general rains and larger northwestern receipts influenced a lower opening in wheat. Locals were inclined to sell partly because they were not expecting any further crop damage reports for the time being. May started ⅛c lower to unchanged at 76⅞@76⅞c. There was fair buying through commission houses early and later fear that heavy rains west might break up the roads and retard movement steadied the tone. May sold to 76¾c and then eased again to 76⅝c. Local receipts were 19 cars, 5 of contract grade; Minneapolis and Duluth reported 387 cars, making a total for the three points of 406 cars, against 517 last week and 342 a year ago. Argentine shipments were 560,000 bushels, compared to 824,000 bushels the corresponding week last year.

Corn held to its strength early, even though the slightly higher Liverpool cables were not responsive to yesterday's local firmness. Much of the bullish feeling was due to the heavy western rains, which it was feared would further retard the movement. July for a time seemed to be in better demand than May options. Light acceptances over night influenced firmness, but there was no conspicuous trade early on either side. May opened ⅛c higher at 41⅝c, eased to 41¾c and then advanced to 41⅞c. Receipts were 130 cars.

May oats opened ⅛c lower to ⅛c higher at 43¾c to 43⅝c and for a time held easy. The buying of yesterday was not in evidence at the start and a little liquidation was going on. The pit crowd acted as if it expected some active movement soon in May options. Later a commission house demand sprang up and on the corn strength May went up to 43⅞@44c. The uneasy feeling, however, pressed the price back again and May sold at 43¾@43⅝c. Receipts were 89 cars.

Higher prices for hogs stimulated some buying and covering in provisions and though trade was light prices were better all around. May pork opened 5@10c higher at $15.30@15.35; May lard 2½@5c up at $9.32½@9.35, and May ribs 2½@5c higher at $8.40 and sold between that figure and $8.37½.

THE CLOSE.

Prices at the close were as follows:

Wheat—Feb., 74¾c; March, 74⅝c; May, 76¾@77c; July, 77⅝c; Sept., 77⅜c.

Corn—Feb., 40½c; May, 42⅛@42½c; July, 41½c; Sept., 40c; Dec., 48⅜c.

Oats—Feb., 44c; March, 44c; May, 44½c; July, 36¾c; Sept., 31c.

Pork—Feb., $15.25; May, $15.47½; July, $15.02½.

Lard—Feb., $9.20; March, $9.20; May, $9.37½; July, $9.47½; Sept., $9.60.

Ribs—Feb., $8.32½; May, $8.42½; July, $8.62½; Sept., $8.62½.

Flax—Cash N. W., $1.08; S. W., $1.03; May, $1.08.

Rye—Feb., 57½c; May, 58⅜c; July, 53⅝c.

Barley—Cash, 58@62c.

Timothy—March, $6.50.

Clover—March, $8.80.

BUTTER, CHEESE AND EGGS.

Chicago, Feb. 28.—Butter—Market weak; creameries, 18@25c; dairies, 18@22c.

Cheese—Market firm; twins, 10¾@11c; dairies, 11½@11¾c; young Americas, 12½@12c.

Eggs—Market firm, 26c.

CHICAGO LIVE STOCK.

Chicago, Feb. 28.—Cattle—Receipts, 2,500, including 400 Texans; market dull. Good to prime steers, $6.50@7.00; poor to medium, $4.00@6.40; stockers and feeders, $2.25@5.00; cows, $1.25@5.25; heifers, $2.50@5.50; canners, $1.25@2.25; bulls, $2.50@4.60; calves, $2.50@6.00; Texas fed steers, $4.50@5.75.

Hogs—Receipts today, 21,000; tomorrow, 20,000; left over, 5,134; market 10c higher. Mixed and butchers, $5.55@6.35; good to choice heavy, $6.25@6.40; rough heavy, $5.00@6.20; light, $5.75@5.90; bulk of sales, $5.90@6.20.

Sheep—Receipts, 4,000; sheep slow, shade lower; lambs lower. Good to choice wethers, $4.60@5.25; fair to choice mixed, $3.50@4.50; native lambs, $3.75@6.25.

THE DAY ON WALL STREET.

New York, Feb. 28.—Opening dealings in stocks were small and price changes were unimportant and very evenly divided between gains and losses. There were large orders for Norfolk and Western, but the gain was only ⅜.

The volume of business decreased considerably and contrary movements in a few important stocks increased the irregularity of the general market. Profit-taking lowered Brooklyn Transit a large fraction, while Amalgamated Copper and Missouri Pacific advanced as much. There was a slight renewal of yesterday's demand for Chesapeake and Ohio and Norfolk and Western, but other railroads were neglected. Realizing on the resumption of dividend payments on Evansville and Terre Haute depressed it 2½ and the preferred lost 1. Northwestern rose 1½ and reacted and Great Northern preferred after opening down 1 recovered 2½. Ann Arbor, Colorado Fuel, Toledo, St. Louis and Western, Wheeling and Lake Erie first preferred, Kansas City Southern preferred and the American Ice stocks advanced 1@2 points. Glucose preferred and American Agricultural Chemical preferred fell 1⅝@2, but the latter raillied over a point.

Baltimore and Ohio rose a sharp fraction and Pittsburg, C., C. & St. Louis 1½. The trans-continental stocks were slightly better with St. Paul leading. An active buying movement developed in the Detroit Southern stocks lifting the common 1½ and the preferred 2. Colorado and Southern second preferred lost a point. Toward noon the market became semi-stagnant and wholly uninteresting.

Bonds were steady and less active. Trading was small in Wabash debenture B's, but a strong demand for Fort Worth and Denver City 6's carried them over 114.

There were advances of about a point in Canada Southern, Kansas City Southern and Keokuk and Des Moines. Keokuk and Des Moines preferred rose 2 and Kansas City Southern preferred 3½. An active selling movement then carried the whole list off sharply, declines reaching 1 to 1½ for many active stocks. The level of prices generally fell below last night.

THE MONEY MARKET.

New York, Feb. 28.—Money on call steady at 2½ per cent; prime mercantile paper, 4@4½ per cent; sterling exchange steady with actual business in bankers' bills at $4.87½@4.88 for demand, and at $4.84½@4.85⅝ for 60 days; posted rates, $4.86 and $4.88½; commercial bills, $4.84½@4.85⅞; bar silver, 55½c; Mexican dollars, 43½c.

FORT WAYNE MARKETS.

Fort Wayne, Ind., Feb. 28.—Flour—Spring wheat, $4.00@4.25; winter, bbl., $4.00@4.50; Graham, $1.75 per cwt.; buckwheat, $2.65 per cwt.; corn meal, bolted, $1.50 per cwt.; corn meal, unbolted, $1.50 per cwt.

Wheat—83c.
Oats—44@46c bu.
Corn—60@62c.
Timothy Seed—$2.70@2.80 bu.
Rye—53@60c.
Cloverseed—$4.75@5.00.
Barley—55@61c.
Chop Feed—$1.40 per cwt.
Oil Meal—$1.50 per cwt.
Flax Seed—$1.75.
Hides—Green, 7c; salted, 7½c.
Calf Hides—Green, 9c; salted, 10½c.
Wool—Unwashed, 16@18c; washed, 22@23c.
Bran—Ton, $22.00.
Shorts—Ton, $22.00.
Middlings—Ton, $22.00.
Pork—On foot, $5.75@6.00.
Pork—Dressed, $7.10@7.30.
Cattle—$4.50@4.75.
Sheep—3@4c lb.
Lambs—4½@5c lb.
Rabbits—15c.

CITY HAY MARKET.

Timothy—$9.00@10.00.
Clover—$6.00@7.50.
Mixed—$7.00@9.00.
Straw—$4.00@5.00.

PRODUCE.

Butter—20@22c.
Butter—Creamery, 27@28c.
Eggs—23@24c.
Lard—10c lb.
Ducks—9@9c lb.
Live Chickens—5@8½c lb.
Dressed Chickens—10@11c lb.
Live Turkeys—12c lb.
Dressed Turkeys—14c lb.
Live Geese—6@7c lb.
Dressed Geese—8@9c lb.
Potatoes—75@85c.
Apples—$1.25@1.50 bu.
Beans—$1.75 bu.
Onions—$1.20@1.40 bu.
Honey—14@18c lb.
Hickory Nuts—$1.25@1.50 bu.

S. Bush & Co.'s quotations: Wool, unwashed, 18c; washed, 26c; hides, green, 6c; cured, 8c; calf hides, green, 9c; cured, 10½c; clover seed, $6.00@5.25 per bu; barley, 55c.

THANK OFFERING SERVICE.

Choir.
Address .....
Solection—"Starlit Night Serenade".....
.....Laurendeau
Schlatter's Orchestra.
Solo .....Selected..
Miss Grace Golsking.
Postlude—"The Golden Trumpet".....Worrel
Schlatter's Orchestra.

STRUCK BY A BEAM.

Ora Redding, residing at 42 St. Marys avenue, was struck on the head and painfully injured by a beam while working in a ditch near No. 2 pumping station this afternoon. Redding is employed by Contractor Derhimer, and was working at the bottom of the excavation, when one of the supporting beams, loosened by the water, gave way and fell to the bottom, striking Redding a terrific blow on the head and shoulders, rendering him unconscious. He was taken to his home in the patrol wagon, where his injuries were dressed by Dr. A. E. VanBuskirk.

WAS INTERNE HERE.

Dr. Edgar B. Harriman has just been advised of the death of his friend and classmate, Dr. Chester F. Williams, which occurred at his home in Indianapolis on Wednesday from malarial fever. Dr. Williams was graduated from the Indiana Dental college last year. In 1900 he was dental interne at the state school for feebleminded, and was quite well known in Fort Wayne socially.

Don't overlook the Members' Stag Party at the Fort Wayne Club tomorrow night.

A PUZZLE PICTURE.

WHERE IS THE FOURTH PLAYER?

LABORERS LOSE THEIR SUIT

JUDGE FOX RENDERS DECISION IN COURT AT RICHMOND.

Holds Labor Law Unconstitutional in Case of Private Contracts on Public Work.

Richmond, Ind., Feb. 28.—Judge Fox has handed down an important decision in the suits brought by Samuel C. Whitsell, attorney for several of the unskilled laborers employed by the Varney Construction company, which has the contract for the municipal electric light plant. These men sued to recover the extra 5 cents an hour to which they claim the law entitles them. They have been paid 15 cents and want 20.

Judge Fox did not hear any argument in the case, as the ground was thoroughly gone over some months ago when the case came up in reference to laborers employed by the city. He ruled that the labor law is unconstitutional in so far as it affects private contractors having contracts with the city, in which they employ unskilled labor.

It is the understanding that the State Federation of Labor will appeal the case to the supreme court. Fred D. Ropke, of Indianapolis, attorney for the federation, has been here for several days and he thinks the federation will order an appeal taken. Attorney Whitsell says if the federation does not appeal one will be taken anyhow. He has advised the men for whom he brought suit to take mechanics' liens on the light plant in order to make themselves good in case the supreme court holds the law good. There are about forty of the workmen and their claims aggregate $700.

In his decision of several months ago on the labor law, the case at that time simply involving the question of the constitutionality of the law where the city employs unskilled labor directly, Judge Fox held the law constitutional on that point.

Will Jeffries, jr., is off duty on account of sickness.

ATTENTION, DEMOCRATS.

The democrats of Allen county are requested to meet on Friday, March 14, 1902, at the usual places of holding primary elections in their respective wards, townships or precincts, for the purpose of electing by ballot 183 delegates to the county convention to be held in Fort Wayne, Ind., on March 15, 1902, at 10 a. m. at the Princess rink, which convention will meet for the purpose of nominating one senator and three representatives to the general assembly, one judge of the superior court of Allen county, Ind., one prosecuting attorney for the Thirty-eighth judicial district of Indiana, one clerk, one auditor, one treasurer, one sheriff, one coroner, one surveyor, one commissioner for the Third district, and one commissioner for the Second district. In said convention the townships and wards will be entitled to the following number of delegates:

Townships	Delegates
Aboite	4
Cedar Creek	6
Jefferson	6
Lake	5
Madison	7
Maumee	3
Monroe	8
Pleasant; precinct 1	3
Precinct 2	4
Scipio	3
Washington	6
Wayne	5
Adams; precinct 2	4
Precinct 3 and 4	5
New Haven	4
Eel River	4
Jackson	3
Lafayette	7
Marion	6
Milan	6
Perry	5
Springfield	5
St. Joseph	8
CITY OF FORT WAYNE.	
Wards	Delegates
First	7
Second	7
Third	6
Fourth	7
Fifth	6
Sixth	6
Seventh	5
Eighth	8
Ninth	6
Tenth	7

At the same time one active democrat will be elected to represent each township, except Adams, Pleasant, Washington and Wayne townships, who have two committeemen, one for New Haven and two for each ward in the city as members of the county central committee for the ensuing two years.

Also to elect fifty-four delegates to state convention and fifty-four delegates to the congressional convention. The state and congressional delegates will be: Three for each ward, except Fifth ward, which has two delegates; one for each township, except the following: Adams township, two; New Haven, one; Wayne, Monroe, Washington township, each two delegates. Four members of the county council, one from each councilmanic district and three councilmen at large, the delegates from each district will nominate the councilmen from their respective district, and three councilmen at large will be nominated by the convention at large. The township affairs, such as road supervisor, township council, justice of the peace and constables will be nominated in a manner to be agreed upon by the township committeemen, and call for them must be made by him.

The election will be by ballot, the county delegate ticket upon white paper, the state delegate ticket, red paper, and the congressional ticket, blue paper. The name of the candidate for whom such delegates are to be elected must be printed in large letters upon the head of delegate ticket, all to be voted separately and at the same time. The members of the county central committee in the several wards and townships will see that the poles are opened as follows: In the townships from 2 o'clock p. m. and are kept open until 5 o'clock, and in the respective wards and precinct No. 2, Adams and New Haven, from 3 to 7 p. m.

HENRY C. BERGHOFF,
Chairman Allen County Democratic Central Committee.
A. MELCHING, Secretary.
D 22-28 M8-13-w20

Cotton and Gauze.

We call for prescriptions and deliver medicines.

Ranke & Nussbaum,
DRUGGISTS, 86 CALHOUN ST.

ALL AFFLICTED with a cough of long standing resulting from la grippe or weak lungs, or hemorrhages, should try my cough and lung syrup, an old Indian remedy made of roots and herbs; it has never been known to fail. Call at 27 Fairfield avenue. 10-14 tf

ARE YOU PALE

Bloodless Faces In Women Denote Sickness.

Vinol Makes Rosy Cheeks.

There is no surer indication of a diseased condition than a pale face.

An anemic condition is a sign of some dangerous disorder. Very often the trouble is with the stomach but frequently it is the lungs. Many times it is a broken down condition of the kidneys, of the liver, or in women—a derangement of those organs that are the source of so much suffering to them.

When anyone comes to us and asks what is good for a pale, enfeebled, run-down condition we invariably answer Vinol. Vinol, we know, is a wonderful and powerful rebuilder and blood maker.

The alchemists of old were continually endeavoring to find, and without success, an elixir that would renew youth. Modern chemists have come nearer to this in the discovery of Vinol than ever did the learned men in the olden days. Vinol contains in a highly concentrated form those peculiar curative properties that made cod liver oil famous. Those properties have been proved time and again as invaluable where red, rich blood and other symptoms of robust health were sort for.

"My health and strength for some time has been gradually failing until at last I got so weak, run down and pale that I could do no housework. My husband and I were compelled to break up housekeeping. I tried many remedies and spent a great deal for doctor's services, but got no better until I heard of Vinol. As soon as I began taking it I began to feel a change for the better. My appetite came back, I felt my strength returning and there has been a decided improvement all through my system. Vinol began its building up, blood enriching process with its very first dose. It seemed to reach out to every part of the body, and above all it is pleasant to take." Mrs. A. H. Hindle, Thaxter's Court, Bangor, Me.

Because we know Vinol as we do and because we are so sure that it will accomplish all we claim it will, we unreservedly endorse and recommend it and we always guarantee to refund to anyone the cost of Vinol if they do not find it entirely satisfactory.

HINTS OF CHANGE

RUMORS THAT MUDD WILL RESIGN AT MOBERLY.

COOPER MAY SUCCEED HIM

SUCH THE UNOFFICIAL NEWS FROM SPRINGFIELD.

SOME CHANGES AT LIGHTS

TWO OF THE DEPARTMENT FOREMEN WILL RETIRE.

Men who recently came from Springfield, Ill., say it is reported there that some changes are about to take place on the western division of the Wabash and at the company's shops in the Illinois capital. The rumor, which is given much credence at Springfield, is to the effect that Master Mechanic George W. Mudd, of the western division of the road, has been offered a better position elsewhere and that he has intimated an inclination to accept. It is stated that Mr. Mudd will be succeeded by W. Scott Cooper, now general foreman of the company's Springfield shops. Mr. Mudd and Mr. Cooper are well known in Fort Wayne, both having filled the general foremanship of the Wabash shops here. They have hosts of friends who will be glad to learn of the fulfillment of this rumor and the consequent advancement of these excellent men. The Sentinel rarely publishes rumors, but because of a belief that this one is probably founded on facts, it is given publicity today.

NEW NIGHT SEAL CLERK.

J. E. Parry, who has been residing in Richmond for some time, returned to the city yesterday and tomorrow will take the position of night seal clerk at the Lake Shore and Lake Erie and Western freight house. The young man is a son of the late Passenger Conductor Joseph Parry, of the Grand Rapids and Indiana road.

PUT IN NEW IRON BRIDGE.

Assistant Foreman W. D. Bevelheimer and Carpenters Samuel Millhouse and Frank Seibert went to Hamlet this morning to put in a solid and up-to-date iron bridge across one of the numerous ditches in that vicinity for the Fort Wayne road. This bridge will replace a wooden structure. Bridge Supt. D. C. Zook went there to take general supervision of the work of making the change.

MOVING TO MOBILE.

The household and other personal effects of Mr. and Mrs. George S. McKee left this city this morning for Mobile, Ala., which city will be the home of the family as long as Mr. McKee occupies the office of motive power superintendent of the Mobile and Ohio road. Mrs. McKee is here still, but will leave Monday to join her husband and two daughters at Mobile.

TWO FOREMEN RETIRE.

H. A. Anderson, foreman of one of the winding departments, and A. Evans, foreman of the tool room, at the Fort Wayne Electric works, will sever their connection with the works tonight. Their successors have not yet been selected, but appointments will probably be announced tomorrow. Messrs. Anderson and Evans do not make known their intentions as to future employment, but the former will return to Chicago, his old home.

CHARLES KNOTHE IN LUCK.

Charles H. Knothe has taken the position of engineer at the Fort Wayne Gas company's pumping station in Hartford City, a responsible position and one which affords a good salary. The young man is a machinist and for some time has been employed with his father, Foreman C. F. Knothe, at the Electric works.

GAY VANTILBURG INJURED.

Gay VanTilburg is lying in a hospital in Chicago, suffering from the effects of a fall from a Baltimore and Ohio train near that city. The young man is a brakeman on that road and he met with the accident a week ago. The particulars are not at hand, but it is understood that the injuries are not of very serious character. Gay is a son of Engineer Emmons VanTilburg, of the School for Feeble Minded Youths, and the father did not learn of the accident until yesterday.

Ath-lo-pho-ros
Expels
RHEUMATISM
Sold by Druggists. *Booklet Sent Free.*
THE ATHLOPHOROS CO., New Haven, Conn.

Rheumatism means that there is something in the blood which ought not to be there. The disagreeable symptoms are not in the disease, but are the efforts of Nature to expel the intruder.

Ath-lo-pho-ros simply gives Nature a boost, and she finishes the job. Ath-lo-pho-ros in itself does not cure Rheumatism, it simply helps Nature. The fact that you have Rheumatism or Neuralgia in any form is proof that Nature needs help.

GREENSBURG, Pa., Jan. 23d, 1902.
I had been afflicted with rheumatism for years until two and one-half years ago I was recommended to try Ath-lo-pho-ros. I took four bottles and have not had rheumatism since. I want to write and tell you how much good it has done me. MRS. THOMAS PATTERSON.

GOOD FEBRUARY BUSINESS.

J. O. Goff, local representative of the Indiana Car Service association, states that there were handled here, outside of the depots and transfer yards, 1,455 car loads during the month ending today, against 1,212 cars in February a year ago. This is 335 car loads short of the business reported for January last, when there were handled 1,785 car loads, the largest number within the history of the association.

AUSTIN'S POSITION.

The Sentinel yesterday mentioned the fact that C. T. Austin, Adams Express route agent, with headquarters in this city, was to get a nice promotion. Mr. Austin this morning received notice of his appointment to the office of general agent at Indianapolis for the company. One of the best things in connection with the change is the handsome increase in salary it brings to the appointee. Mr. Austin left this afternoon for Indianapolis.

DIED FROM HIS INJURIES.

F. F. Russell, a member of the "A Runaway Girl" company, died in Kalamazoo this morning from injuries received in the wreck of the Grand Rapids and Indiana passenger train three miles north of Berne, Ind., last week. The company had a private car, which was the only car in the train that remained on the rails, and it was not known here that any of the occupants were in the least injured. At Mr. Hunter's office The Sentinel representative learned that no account of Mr. Russell's injuries had been made there and the officials knew nothing of it until informed by the agent in Kalamazoo that Mr. Russell had been taken to the hospital in that city. It is believed that he was in the smoking car when the accident happened and that as soon as possible, he made his way to the company's private car and remained therein until he reached Kalamazoo. Mr. Russell was thirty-four years old and married. His wife, who was in St. Paul, was notified of his serious condition last night and immediately started for Kalamazoo, but her husband died before she reached his bedside.

INDUSTRIAL NOTES.

John Rupp, who was sick, resumed work in the Pittsburg 'smith shop this morning.

A twelve horse power motor left the Electric works this morning for Springfiled, Ill.

Brakeman E. J. Summers, who was sick, resumed work on the Nickel Plate yesterday.

Nickel Plate Brakeman J. W. Miller has gone to Clyde, Ohio, for a few days' visit.

Motive Power Superintendent J. B. Barnes, of the Wabash, returned to his home in Springfield yesterday.

E. F. Meyer has been transferred from the meter to the lamp building department at the Electric works.

Nickel Plate Conductor E. Hindel is sick and Conductor S. S. Deahl, who has been sick, reported for work today.

Motive Power Superintendent D. F. Crawford, of the Pennsylvania, is in Chicago today on business for the company.

Foreman Joseph Slater, of the Bass blacksmith shop, is in Dayton, Ohio, today looking after some business for the firm.

Mrs. Shaffer, wife of Passenger Brakeman H. L. Shaffer, of the Pittsburg, is recovering from a severe illness.

Swithchman Frank Browman, of the Nickel Plate, has taken a three or four days' lay off to look after private business.

William Edson, formerly a Wabash dispatcher, has taken a similar position with the Lake Erie and Western at Peru.

Alfred Stephens, Valentine Euig and Joseph Schoof are new men in the fixture department of the Fort Wayne Electric works.

Nickel Plate engine 20 has been turned out of the Stony Island shop and has resumed her place in the freight service on the Third district.

F. D. Peoples and A. C. Cullen have severed their connection with the Pittsburg roundhouse, having been offered work elsewhere which is more to their liking.

Charles B. Fredericks, a brakeman on the Wheeling and Lake Erie road, was killed in Toledo yesterday, by being struck by an engine upon a street crossing.

"Bram" Baker, a Warsaw man, is coming into prominence in eastern railway circles. The young man went to Boston a short time ago to take a position with a railway company and he has advanced rapidly. Saturday he was elected a director of the Penobscot Central road.

E. G. Ericson, assistant chief engineer of the Pennsylvania, with headquarters in Pittsburg, was in the city over night and circulated among his old railway friends.

Mrs. C. A. LaPoint is lying ill at the family home. Mr. LaPoint, who is a Nickel Plate conductor, has been off duty a few days on account of his wife's condition.

C. H. DeRome, W. H. Korte and P. J. Pool are sick and private business occupies the attention of Louis Stetter, G. L. Lawn and V. Schoyer. All are Pittsburg shopmen.

W. J. Thomas has been appointed master mechanic of the Cairo division of the Big Four, with headquarters at Mount Carmel, Ill., vice H. G. Hudson, transferred.

The Southern Pacific is erecting at Houston, Texas, a hospital for its employes, to be provided with all modern accommodations. There will be rooms for fifty patients.

A train running as second No. 3, passed through the city over the Nickel Plate at 9 o'clock last night. It carried a number of immigrants, who will settle in the northwest.

Superintendent of Motive Power John McKinzie, of the Nickel Plate, is in the city on company business. He designed the big engines now being put into service and his mission in part is to see how they are working.

Mr. and Mrs. Frank S. Doriot are now comfortably domiciled at 32 Masterson street, having moved from No. 440 Lafayette. Mr. Doriot is stenographer in Master Mechanic B. Fitzpatrick's office, at the Pittsburg shops.

The long overdue material for the metre department of the Fort Wayne Electric works arrived today and the movement makers, who have been off duty awhile on account of lack of material, will resume operations Monday morning.

J. C. Aubry, a boilermaker's helper, who took a place in the Pittsburg shops last week, resigned this morning upon receipt of news from Lima, his old home, that his wife was lying dangerously ill there. He left immediately for Lima.

General Roadmaster A. B. Adams, of the Wabash, was in the city last night in his official capacity. Official visits are more frequent since the opening of the Butler line than they were when the company operated the Eel River road.

G. E. Bolls, a machinist, has been transferred from the erecting department of the Wabash shops, under Foreman Bennett, to the machinery department, under Foreman Maupin, where he will operate the new and immense boring machine.

During the past week engines 134, 164, 39, 287, 204 and 178 were turned out of the back shops of the Pittsburg after receiving repairs, and engines 324, 268, 645, 199, 246, 332 and 100 were taken in for repairs. Nos. 39 and 100 are passenger engines of the E-2 pattern.

Ernest H. Koehn, a fireman in the Wabash yards, will resume that duty tomorrow, after a five weeks' absence, much of which was spent in the company's hospital at Springfield, Ill. Mr. Koehn got a cinder in one of his eyes and for awhile it was feared that the sight would be destroyed.

Plans are complete for enlarging the shops of the Panhandle at Columbus. They include a new locomotive erecting shop 660 feet long by eighty wide, and several other less important buildings. The company will erect a new round house capable of holding forty-four of the largest type of engines.

The Lake Shore and Michigan Southern stockholders will hold a special meeting in Cleveland March 11, for the purpose of discussing a proposition to construct a branch line from the main line of the company at Ashtabula to a point in Trumbull county. For this improvement an appropriation of $400,000 will be made.

The Alton engine which came here yesterday for a two weeks' trial in hauling Pennsylvania passenger trains is numbered 509. She brought down No. 8 last night, with Engineer Oliver Hebert in the cab, and took out train No. 25, with Engineer Peter Carter in the cab, this morning. Engine 18, one of the big E-2 pattern, has gone to the Alton for a similar trial.

Engine 171, which was pulling Nickel Plate train No. 2 last Wednesday, broke some stay bolts when a mile and a half out from Stony Island. No. 35, the only available engine at the Island, was sent to relieve No. 171 and brought the train to Fort Wayne. No. 35 is an old engine used for transfer purposes, but she managed to make the run to this city in pretty good time.

The Fort Wayne road has barely enough passenger engines on this division for the business when all are in service and when two or three of them are in the shops it is necessary to assign freight engines to some of the slower passenger runs. This is the case at present, engine 260 being assigned to the Crestline accommodation, No. 36, and engine 156 to the westbound accommodation, No. 37.

Indianapolis Journal: "The affairs of the Nickel Plate are being revolutionized. Many of the steel and iron bridges and all wooden trestles are giving way to stone arches, and the track will be brought up to the standard of the Lake Shore. Old style engines are being disposed of and new modern ones substituted. Stations will be improved, sidings lengthened and an air of general improvements prevails all along the line."

Frank P. Closs, the armature winder, has taken a leave of absence from the Fort Wayne Electric works which practically means a resignation. He will go to Defiance, O., to spend a week or two with relatives, and thence to Blue Lake, to assume charge of the resort for the coming season. Mr. Closs is a splendid fellow and very popular with his associates at the works and his absence there will be regretted.

The shaven tower, through which all the offals from the mills, boring machines and other wood-working machinery in the planing mills at the Pittsburg shops are carried to the boiler room, is to be extended eight feet as a precautionary measure against fire. At present the top of the shaft is on a level with the eves, but when the extension is made, it will be eight feet above the building and beyond all danger to the building should a fire break out in the shaft, which is not very likely.

KINDLY TAKE NOTICE that Ely's Liquid Cream Balm is of great benefit to those sufferers from nasal catarrh who cannot inhale freely through the nose, but must treat themselves by spraying. Liquid Cream Balm differs in form but not medicinally from the Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. The price, including a spraying tube, is 75 cts. Sold by druggists and mailed by Ely Brothers, 56 Warren street, New York.

Many things go at half price tomorrow at Patterson's.

NOTICE

Tomorrow, on our third floor, we place on sale our entire new line of summer dress goods, which is by far the handsomest and most exclusive line ever shown in the city. These goods we just opened up, but will sell them at sale prices all during our sale. Every lady should make her selection of summer dresses now for two reasons:

First. Because you get the selection of all the prettiest patterns and fabrics this and foreign countries made for the coming season.

Second. Because you can save from 10 per cent. to 18 per cent. on your purchases.

NEW SPRING DRESS GOODS, TRIMMINGS, WHITE GOODS, LACES, EMBROIDERIES ETC.

Tomorrow we place on sale all the new arrivals in the above mentioned lines and will sell them at sale prices all during our sale. You can't afford to buy your spring and summer outfit elsewhere.

SILKS.

Tomorrow we place on sale all the new silks for spring and summer, including the handsomest, fanciest, foulards, kai kai wash silks, etc., all at sale prices.

NEW ARRIVALS IN LADIES' AND MISSES' TAILOR-MADE SUITS, SKIRTS, WAISTS, ETC.

These goods will be placed on sale tomorrow at sale prices.

WOLF & DESSAUER,
70 and 72 Calhoun Street.

Climatic changes, winds, exposures, demand the magical beautifiers; Satin-Skin Cream and Satin-Skin Powders, 25c. Rurode's. f

SHOP MEN

We sell an overall for 50c as good as you can buy elsewhere for 75c. It is union made, cut like a pant with two seams, set-in pockets like a pant, high back, so the suspenders will not slip off the shoulders, and has the patent watch pocket on the bib that keeps the watch from falling out. 45c a pair this week.

REUBEN S. PATTERSON.

Wayne Dry Goods Company,

96 Calhoun Street.

VARICOCELE!

Have You Got It?

We Will Cure You In Five Days.

Do not waste time taking medicine, applying local applications, electric belts or suspensories. You burn your money. That kind of treatment will never cure you. Never a day passes without a number call at our office suffering from this terrible malady, Varicocele, telling us their misfortune of falling in hands of quacks; been treating with them from one to five years—spending a small fortune and now worse than before taking their treatment.

GENTLEMEN, WAKE UP!

The pleasures of life are slipping through your fingers. Come to us and be cured.

It matters not by whom you have been treated, how long a sufferer or how bad a Varicocele you have; we will cure you just as sure as 2 and 2 are 4. If we don't, not one cent will it cost you. Our treatment for Varicocele is painless, no cutting, no blood and will not stop you a day from your daily work. If you are a sufferer from Varicocele, call at our office and we will gladly explain our method of curing this malady. This will cost you nothing and we will explain to your own satisfaction that WE CURE VARICOCELE TO STAY CURED.

$500.00 FORFEIT

1st. For any case of Varicocele we accept and fail to cure.

2nd. To any one we have treated for any trouble and not satisfied.

3rd. For any case of Hydrocele we cannot cure in five (5) minutes.

4th. For any case of NERVOUS DEBILITY, MENTAL DEPRESSION, SEXUAL WEAKNESS, DISCHARGES of every kind, ULCERS or sores on any part of body, Stricture, Rheumatism, Stomach, Liver, Kidney and Bladder troubles, or any Chronic, NERVOUS, BLOOD, SKIN, SPECIAL OR PRIVATE DISEASE we accept and fail to cure.

We ARE HERE TO STAY, and you take no chances treating with us. Reference—Banks, Newspapers and the best business and professional men in the city.

Delays are fatal. Consult us at once. Consultation free to all. Office hours 9 a. m. to 9 p. m.; Sundays 9 a. m. to 12 m.

GAY VANTILBURG INJURED.

Gay VanTilburg is lying in a hospital in Chicago, suffering from the effects of a fall from a Baltimore and Ohio train near that city. The young man is a brakeman on that road and he met with the accident a week ago. The particulars are not at hand, but it is understood that the injuries are not of very serious character. Gay is a son of Engineer Emmons VanTilburg, of the School for Feeble Minded Youths, and the father did not learn of the accident until yesterday.

Ath-lo-pho-ros

Expels **RHEUMATISM**

Sold by Druggists. *Booklet Sent Free.*

THE ATHLOPHOROS CO., New Haven, Conn.

Rheumatism means that there is something in the blood which ought not to be there. The disagreeable symptoms are not in the disease, but are the efforts of Nature to expel the intruder.

Ath-lo-pho-ros simply gives Nature a boost, and she finishes the job. Ath-lo-phoros in itself does not cure Rheumatism, it simply helps Nature. The fact that you have Rheumatism or Neuralgia in any form is proof that Nature needs help.

GREENSBURG, Pa., Jan. 7th, 1900.

I had been afflicted with rheumatism for years until two and one-half years ago I was recommended to try Ath-lo-pho-ros. I took four bottles and have not had rheumatism since. I want to write and tell you how much good it has done me. MRS. THOMAS PATTERSON.

GOOD FEBRUARY BUSINESS.

J. O. Guff, local representative of the Indiana Car Service association, states that there were handled here, outside of the depots and transfer yards, 1,455 car loads during the month ending today, against 1,212 cars in February a year ago. This is 335 car loads short of the business reported for January last, when there were handled 1,785 car loads, the largest number within the history of the association.

AUSTIN'S POSITION.

The Sentinel yesterday mentioned the fact that C. T. Austin, Adams Express route agent, with headquarters in this city, was to get a nice promotion. Mr. Austin this morning received notice of his appointment to the office of general agent at Indianapolis for the company. One of the best things in connection with the change is the handsome increase in salary it brings to the appointee. Mr. Austin left this afternoon for Indianapolis.

DIED FROM HIS INJURIES.

F. F. Russell, a member of the "A Runaway Girl" company, died in Kalamazoo this morning from injuries received in the wreck of the Grand Rapids and Indiana passenger train three miles north of Berne, Ind., last week. The company had a private car, which was the only car in the train that remained on the rails, and it was not known here that any of the occupants were in the least injured. At Mr. Hunter's office The Sentinel representative learned that no account of Mr. Russell's injuries had been made there and the officials knew nothing of it until informed by the agent in Kalamazoo that Mr. Russell had been taken to the hospital in that city. It is believed that he was in the smoking car when the accident happened and that as soon as possible, he made his way to the company's private car and remained therein until he reached Kalamazoo. Mr. Russell was thirty-four years old and married. His wife, who was in St. Paul, was notified of his serious condition last night and immediately started for Kalamazoo, but her husband died before she reached his bedside.

INDUSTRIAL NOTES.

John Rupp, who was sick, resumed work in the Pittsburg 'smith shop this morning.

A twelve horse power motor left the Electric works this morning for Springfiled, Ill.

Brakeman E. J. Summers, who was sick, resumed work on the Nickel Plate yesterday.

Nickel Plate Brakeman J. W. Miller has gone to Clyde, Ohio, for a few days' visit.

Motive Power Superintendent J. B. Barnes, of the Wabash, returned to his home in Springfield yesterday.

E. F. Meyer has been transferred from the meter to the lamp building department at the Electric works.

Nickel Plate Conductor E. Hindel is sick and Conductor S. S. Deahl, who has been sick, reported for work today.

Motive Power Superintendent D. F. Crawford, of the Pennsylvania, is in Chicago today on business for the company.

Foreman Joseph Slater, of the Bass blacksmith shop, is in Dayton, Ohio, today looking after some business for the firm.

Mrs. Shaffer, wife of Passenger Brakeman H. L. Shaffer, of the Pittsburg, is recovering from a severe illness.

Switchman Frank Browman, of the Nickel Plate, has taken a three or four days' lay off to look after private business.

William Edson, formerly a Wabash dispatcher, has taken a similar position with the Lake Erie and Western at Peru.

Alfred Stephens, Valentine Euig and Joseph Schoof are new men in the fixture department of the Fort Wayne Electric works.

Nickel Plate engine 20 has been turned out of the Stony Island shop and has resumed her place in the freight service on the Third district.

F. D. Peoples and A. C. Cullen have severed their connection with the Pittsburg roundhouse, having been offered work elsewhere which is more to their liking.

Charles B. Fredericks, a brakeman on the Wheeling and Lake Erie road, was killed in Toledo yesterday, by being struck by an engine upon a street crossing.

"Bram" Baker, a Warsaw man, is coming into prominence in eastern railway circles. The young man went to Boston a short time ago to take a position with a railway company and he has advanced rapidly. Saturday he was elected a director of the Penobscot Central road.

E. G. Ericson, assistant chief engineer of the Pennsylvania, with headquarters in Pittsburg, was in the city over night and circulated among his old railway friends.

Mrs. C. A. LaPoint is lying ill at the family home. Mr. LaPoint, who is a Nickel Plate conductor, has been off duty a few days on account of his wife's condition.

C. H. DeRome, W. H. Korte and T. J. Pool are sick and private business occupies the attention of Louis Stetter, G. L. Lawn and V. Schoyer. All are Pittsburg shopmen.

W. J. Thomas has been appointed master mechanic of the Cairo division of the Big Four, with headquarters at Mount Carmel, Ill., vice H. G. Hudson, transferred.

The Southern Pacific is erecting at Houston, Texas, a hospital for its employes, to be provided with all modern accommodations. There will be rooms for fifty patients.

A train running as second No. 3, passed through the city over the Nickel Plate at 9 o'clock last night. It carried a number of immigrants, who will settle in the northwest.

Superintendent of Motive Power John McKinzie, of the Nickel Plate, is in the city on company business. He designed the big engines now being put into service and his mission in part is to see how they are working.

Mr. and Mrs. Frank S. Doriot are now comfortably domiciled at 32 Masterson street, having moved from No. 440 Lafayette. Mr. Doriot is stenographer in Master Mechanic B. Fitzpatrick's office, at the Pittsburg shops.

The long overdue material for the metre department of the Fort Wayne Electric works arrived today and the movement makers, who have been off duty awhile on account of lack of material, will resume operations Monday morning.

J. C. Aubry, a boilermaker's helper, who took a place in the Pittsburg shops last week, resigned this morning upon receipt of news from Lima, his old home, that his wife was lying dangerously ill there. He left immediately for Lima.

General Roadmaster A. B. Adams, of the Wabash, was in the city last night in his official capacity. Official visits are more frequent since the opening of the Butler line than they were when the company operated the Eel River road.

G. R. Bolls, a machinist, has been transferred from the erecting department of the Wabash shops, under Foreman Bennett, to the machinery department, under Foreman Maupin, where he will operate the new and immense boring machine.

During the past week engines 134, 104, 39, 287, 204 and 178 were turned out of the back shops of the Pittsburg after receiving repairs, and engines 324, 268, 645, 199, 246, 332 and 100 were taken in for repairs. Nos. 39 and 100 are passenger engines of the E-2 pattern.

Ernest H. Koehn, a fireman in the Wabash yards, will resume that duty tomorrow, after a five weeks' absence, much of which was spent in the company's hospital at Springfield, Ill. Mr. Koehn got a cinder in one of his eyes and for awhile it was feared that the sight would be destroyed.

Plans are complete for enlarging the shops of the Panhandle at Columbus. They include a new locomotive erecting shop 660 feet long by eighty wide, and several other less important buildings. The company will erect a new round house capable of holding forty-four of the largest type of engines.

The Lake Shore and Michigan Southern stockholders will hold a special meeting in Cleveland March 11, for the purpose of discussing a proposition to construct a branch line from the main line of the company at Ashtabula to a point in Trumbull county. For this improvement an appropriation of $400,000 will be made.

The Alton engine which came here yesterday for a two weeks' trial in hauling Pennsylvania passenger trains is numbered 509. She brought down No. 8 last night, with Engineer Oliver Hebert in the cab, and took out train No. 25, with Engineer Peter Carter in the cab, this morning. Engine 18, one of the big E-2 pattern, has gone to the Alton for a similar trial.

Engine 171, which was pulling Nickel Plate train No. 2 last Wednesday, broke some stay bolts when a mile and a half out from Stony Island. No. 35, the only available engine at the Island, was sent to relieve No. 171 and brought the train to Fort Wayne. No. 35 is an old engine used for transfer purposes, but she managed to make the run to this city in pretty good time.

The Fort Wayne road has barely enough passenger engines on this division for the business when all are in service and when two or three of them are in the shops it is necessary to assign freight engines to some of the slower passenger runs. This is the case at present, engine 260 being assigned to the Crestline accommodation, No. 36, and engine 156 to the westbound accommodation, No. 37.

Indianapolis Journal: "The affairs of the Nickel Plate are being revolutionized. Many of the steel and iron bridges and all wooden trestles are giving way to stone arches, and the track will be brought up to the standard of the Lake Shore. Old style engines are being disposed of and new modern ones substituted. Stations will be improved, sidings lengthened and an air of general improvements prevails all along the line."

Frank P. Closs, the armature winder, has taken a leave of absence from the Fort Wayne Electric works which practically means a resignation. He will go to Defiance, O., to spend a week or two with relatives, and thence to Blue Lake, to assume charge of the resort for the coming season. Mr. Closs is a splendid fellow and very popular with his associates at the works and his absence there will be regretted.

The shaven tower, through which all the offals from the mills, boring machines and other wood-working machinery in the planing mills at the Pittsburg shops are carried to the boiler room, is to be extended eight feet as a precautionary measure against fire. At present the top of the shaft is on a level with the eves, but when the extension is made, it will be eight feet above the building and beyond all danger to the building should a fire break out in the shaft, which is not very likely.

KINDLY TAKE NOTICE that Ely's Liquid Cream Balm is of great benefit to those sufferers from nasal catarrh who cannot inhale freely through the nose, but must treat themselves by spraying. Liquid Cream Balm differs in form but not medicinally from the Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. The price, including a spraying tube, is 75 cts. Sold by druggists and mailed by Ely Brothers, 56 Warren street, New York.

Many things go at half price tomorrow at Patterson's.

NOTICE

Tomorrow, on our third floor, we place on sale our entire new line of summer dress goods, which is by far the handsomest and most exclusive line ever shown in the city. These goods we just opened up, but will sell them at sale prices all during our sale. Every lady should make her selection of summer dresses now for two reasons:

First. Because you get the selection of all the prettiest patterns and fabrics this and foreign countries made for the coming season.

Second. Because you can save from 10 per cent. to 18 per cent. on your purchases.

NEW SPRING DRESS GOODS, TRIMMINGS, WHITE GOODS, LACES, EMBROIDERIES ETC.

Tomorrow we place on sale all the new arrivals in the above mentioned lines and will sell them at sale prices all during our sale. You can't afford to buy your spring and summer outfit elsewhere.

SILKS.

Tomorrow we place on sale all the new silks for spring and summer, including the handsomest, fanciest, foulards, kai kai wash silks, etc., all at sale prices.

NEW ARRIVALS IN LADIES' AND MISSES' TAILOR-MADE SUITS, SKIRTS, WAISTS, ETC.

These goods will be placed on sale tomorrow at sale prices.

WOLF & DESSAUER,

70 and 72 Calhoun Street.

Climatic changes, winds, exposures, demand the magical beautifiers; Satin-Skin Cream and Satin-Skin Powders, 25c. Rurode's. f

SHOP MEN

We sell an overall for 50c as good as you can buy elsewhere for 75c. It is union made, cut like a pant with two seams, set-in pockets like a pant, high back, so the suspenders will not slip off the shoulders, and has the patent watch pocket on the bib that keeps the watch from falling out. 45c a pair this week.

REUBEN S. PATTERSON.

VARICOCELE!

Have You Got It?

We Will Cure You In Five Days.

Do not waste time taking medicine, applying local applications, electric belts or suspensories. You burn your money. That kind of treatment will never cure you. Never a day passes without a number call at our office suffering from this terrible malady, Varicocele, telling us their misfortune of falling in hands of quacks; been treating with them from one to five years—spending a small fortune and now worse than before taking their treatment.

GENTLEMEN, WAKE UP!

The pleasures of life are slipping through your fingers. Come to us and be cured.

It matters not by whom you have been treated, how long a sufferer or how bad a Varicocele you have; we will cure you just as sure as 2 and 2 are 4. If we don't, not one cent will it cost you. Our treatment for Varicocele is painless, no cutting, no blood and will not stop you a day from your daily work. If you are a sufferer from Varicocele, call at our office and we will gladly explain our method of curing this malady. This will cost you nothing and we will explain to your own satisfaction that WE CURE VARICOCELE TO STAY CURED.

$500.00 FORFEIT

1st. For any case of Varicocele we accept and fail to cure.

2nd. To any one we have treated for any trouble and not satisfied.

3rd. For any case of Hydrocele we cannot cure in five (5) minutes.

4th. For any case of NERVOUS DEBILITY, MENTAL DEPRESSION, SEXUAL WEAKNESS, DISCHARGES of every kind, ULCERS or sores on any part of body, Stricture, Rheumatism, Stomach, Liver, Kidney and Bladder troubles, or any Chronic, NERVOUS, BLOOD, SKIN, SPECIAL OR PRIVATE DISEASE we accept and fail to cure.

We ARE HERE TO STAY, and you take no chances treating with us. Reference—Banks, Newspapers and the best business and professional men in the city.

Delays are fatal. Consult us at once. Consultation free to all. Office hours 9 a. m. to 9 p. m.; Sundays 9 a. m. to 12 m.

DESIGNING THE PARIS HAT.

In selecting a hat in Paris, says the Pilgrim, the question is first asked as to its purpose, and if for any especial gown or costume. An artist—a designer of hats—is sent around to see the gown—the color, the manner of making and the trimming; all points are taken into consideration including, of course, nose and chin of the purchaser; in this way the chapeau is the finishing touch—a part of the harmonious whole. I do not intend to give the impression that one cannot go into a shop and invest in such patterns as may please her, but it costs no more to consider the thing well—have it made to order after some of the designs shown. It is then distinctively yours and is well done from an all-around standpoint.

Will Open Tomorrow!

KEEP YOUR EYE ON THE PLACE.

BOARD OF WORKS.

The board of works at their session last night awarded the contract for publishing the annual department reports to Singmaster-Hall company, whose bid was $1.16 per page. The only other bidder was the Journal-Gazette company, whose bid was $1.19½. There was little other business, although some important assessment rolls for small sewers were confirmed. No franchise matters of any kind were presented and none were taken up by the board. During the afternoon they inspected Chicago street with a view of acting intelligently on the petition of the Pennsylvania company, through Superintendent McKim, asking for the vacation of a part of the south side of the thoroughfare. The entire street was originally part of the right of way of the company and was donated by the company to the city. Now a few feet is needed by the company and the city is asked to give it back.

Last Day

Of Thing's big mid-winter clearance sale tomorrow.

Rev. H. J. Norris left today for Dalton, Ohio, where his father-in-law is lying critically ill. Mrs. Norris has been at her father's bedside for several days.

ABOUT THE COURT HOUSE.

William Ferris, for the past six years in the law office of E. V & Frank Emrick and recently admitted to the Allen county bar, has withdrawn from the office of his former sponsors. Mr. Ferris has engaged a suite in the Ninde block and will hereafter do business under or over the shadow of his own shingle.

The Leininger will case in the superior court is being argued and will go to the jury tomorrow forenoon.

Judge O'Rourke this morning divorced Minnie Richards from Orian F. Richards.

In the case of Romy vs. Bashara a decree to quiet title was entered by Judge Aiken today on default.

William P. Cramer sues James Lillie to collect on a mechanic's lien for $35.

Jacob Schwabacher et al. and Morris Mihalovitch et al., of Peoria, Ill., sue Samuel A. Stein for damages on contracts for $200 and $500, respectively.

A SPEAKING LAMP.

The "speaking light" is the latest novelty which has made its appearance in Paris, says the London Express correspondent. It is the invention of a German professor, improved and perfected by M. Charles Heller, an electrical engineer residing in France.

The apparatus consists of an ordinary arc lamp, minus the globe; this lamp is placed on a table, and is connected on the one hand with a microphone, which can be placed at any distance, even miles away. On the current being passed and the lamp alight anybody singing or speaking in front or over the microphone board is immediately heard by everybody in the room where the lamp is placed. The arc lamp reproduces every sound with startling clearness. It is necessary, however, for people looking at the lamp to wear smoked glasses, owing to its intensity.

The invention is decidedly ingenious, but at present it is difficult to see what useful purpose it can serve, except as a substitute for the theatrophone, over which it possesses the advantage of allowing a hundred or more persons to listen to a concert miles away instead of only two, as is the case with the theatrophone. The inventor, however, is of the opinion that at a later period, when thoroughly developed, the speaking light may have great scientific possibilities before it.

There are 5,000 persons engaged in the fishing industry in the Hawaiian islands.

First Quality Rubbers

"MOOT" COURT TONIGHT.

The "moot" court of the High school will have a session this evening, and one of the students will be put on trial on a charge of petit larceny. Attorney Herman Brown will act as special judge in the case, and the attorneys for the prosecution will be Messrs. McCormick, Lukens and Knight, while Messrs. Ginty, Parry and Schaaf will endeavor to prove the innocence of the accused. Phil Titus will be court bailiff, Frank Bond will act as court clerk and Will Nutting will fill the office of sheriff, assisted by four deputies. The trial will take place at the High school at 8 o'clock and it promises to be interesting.

Mich. Potatoes, fine, 85c bu.

F. H. HILGEMANN,
Both 'Phones 85.

DESIGNING THE PARIS HAT.

In selecting a hat in Paris, says the Pilgrim, the question is first asked as to its purpose, and if for any especial gown or costume. An artist—a designer of hats—is sent around to see the gown—the color, the manner of making and the trimming; all points are taken into consideration including, of course, nose and chin of the purchaser; in this way the chapeau is the finishing touch—a part of the harmonious whole. I do not intend to give the impression that one cannot go into a shop and invest in such patterns as may please her, but it costs no more to consider the thing well—have it made to order after some of the designs shown. It is then distinctively yours and is well done from an all-around standpoint.

BOARD OF WORKS.

The board of works at their session last night awarded the contract for publishing the annual department reports to Slugmaster-Hall company, whose bid was $1.16 per page. The only other bidder was the Journal-Gazette company, whose bid was $1.19½. There was little other business, although some important assessment rolls for small sewers were confirmed. No franchise matters of any kind were presented and none were taken up by the board. During the afternoon they inspected Chicago street with a view of acting intelligently on the petition of the Pennsylvania company, through Superintendent McKim, asking for the vacation of a part of the south side of the thoroughfare. The entire street was originally part of the right of way of the company and was donated by the company to the city. Now a few feet is needed by the company and the city is asked to give it back.

Last Day

Of Thing's big mid-winter clearance sale tomorrow.

Ladies', Misses' and Children's first quality Rubbers, 25c.

Rev. H. J. Norris left today for Dalton, Ohio, where his father-in-law is lying critically ill. Mrs. Norris has been at her father's bedside for several days.

ABOUT THE COURT HOUSE.

William Ferris, for the past six years in the law office of E. V & Frank Emrick and recently admitted to the Allen county bar, has withdrawn from the office of his former sponsors. Mr. Ferris has engaged a suite in the Ninde block and will hereafter do business under or over the shadow of his own shingle.

The Leininger will case in the superior court is being argued and will go to the jury tomorrow forenoon.

Judge O'Rourke this morning divorced Minnie Richards from Orian F. Richards.

In the case of Romy vs. Bashara a decree to quiet title was entered by Judge Aiken today on default.

William P. Cramer sues James Lillie to collect on a mechanic's lien for $35.

Jacob Schwabacher et al. and Morris Mihalovitch et al., of Peoria, Ill., sue Samuel A. Stein for damages on contracts for $200 and $500, respectively.

A SPEAKING LAMP.

The "speaking light" is the latest novelty which has made its appearance in Paris, says the London Express correspondent. It is the invention of a German professor, improved and perfected by M. Charles Heller, an electrical engineer residing in France.

The apparatus consists of an ordinary arc lamp, minus the globe; this lamp is placed on a table, and is connected on the one hand with a microphone, which can be placed at any distance, even miles away. On the current being passed and the lamp alight anybody singing or speaking in front or over the microphone board is immediately heard by everybody in the room where the lamp is placed. The arc lamp reproduces every sound with startling clearness. It is necessary, however, for people looking at the lamp to wear smoked glasses, owing to its intensity.

The invention is decidedly ingenious, but at present it is difficult to see what useful purpose it can serve, except as a substitute for the theatrophone, over which it possesses the advantage of allowing a hundred or more persons to listen to a concert miles away instead of only two, as is the case with the theatrophone. The inventor, however, is of the opinion that at a later period, when thoroughly developed, the speaking light may have great scientific possibilities before it.

There are 5,000 persons engaged in the fishing industry in the Hawaiian islands.

First Quality Rubbers
